

A GLORIOUS RECORD!!!

Let all read the following testimonials of Harrison's worth.

General Harrison has done more for his country with less compensation for it than any man living.—President MADISON.

ESTIMATE OF HARRISON BY THE WITNESSES OF HIS DEEDS.

The following tribute of praise was paid to General Harrison in 1811, by 11 of the officers who fought under his banner at the battle of Tippecanoe:

"Should our country again require our services to oppose a civilized or savage foe, we should march under General Harrison with the most perfect confidence of victory and fame."

To the Senate and House of Representatives of the United States.

I lay before Congress two letters received from Governor Harrison of the Indiana Territory, reporting the particulars and the issue of the expedition under his command, notice of which was taken in my communication of November 5.

While it is deeply lamented that so many lives have been lost in the action which took place on the 7th ultimo, Congress will see with satisfaction the dauntless spirit and fortitude displayed by every description of the troops engaged, as well as their collected firmness which distinguished their commander on every trying occasion requiring the utmost exertion of valor and discipline.

JAMES MONROE.

Washington, Dec. 18, 1811.

The Richmond Enquirer, now now next to the Globe, high in the confidence of the administration, said:—

"General Harrison's letter tells us everything we wish to know about the officers, except himself, he does justice to every one but Harrison—and the world must therefore do justice to the man who is too modest to do justice to himself."

GEN. WAYNES ENDORSEMENT.

General Anthony Wayne in a letter to the Secretary of War giving an official account of this sanguinary Indian Battle in 1792, said:

"My faithful and gallant Lieutenant HARRISON rendered me most essential service by communicating my orders in every direction, and by his conduct and bravery exciting the troops to press for victory."

James Madison, in a special message to Congress in 1811, concerning the battle of Tippecanoe said:

"While it is deeply lamented that so many valuable lives have been lost in the action which took place on the 7th ultimo, Congress will see with satisfaction the dauntless spirit of fortitude victoriously displayed by every description of troops engaged, as well as the collected firmness which distinguished their Commander, on an occasion requiring the utmost exertions of valor and discipline."

BRANDRETH'S VEGETABLE UNIVERSAL PILLS.

Cleanse and Purify the Body.

The application of the principal of PURGATION being allowed to be one of the greatest utility in the cure and prevention of disease, it is of the utmost consequence to ascertain what medicine is capable of producing the effect desired, in the easiest, and at the same time, in the most effectual manner. It has no longer to contend with the blind prejudices of the public; it is only with those few who are still determined to be "killed according to rule," like the people of old, "who would have" a "King to reign over them." But, thanks to the circulation of newspapers—thanks to the general diffusion of knowledge, which enables nineteen twentieths of the PEOPLE to read and judge for themselves—now we no longer believe in swallowing that deadly mineral, Mercury professing to cure, but universally leaving us in a worse condition after its use.

We no longer believe in the absurd notion that Inflammations of any kind can be cured by abstracting our life—OUR BLOOD, it is now understood that an Inflammation is a wise ordinance of Nature—a signal that she requires the assistance of purgative medicine to ease her of the oppressive burden, which she proves by the high fever and the strong pulse, is wanted to be removed. In other words, the body calls for a VEGETABLE CLEANSING.

Brandreth's Vegetable Universal Pills require skill in their administration; the printed directions only have to be observed and they describe the just proportion of the dose to the magnitude of the disease to be cured.

Let all persons read the following opinion of a gentleman who well knows the quality of these Pills:

BRANDRETH'S PILLS.

This medicine is acknowledged to be one of the most valuable ever discovered, as a Purifier of the Blood and Fluids. It is superior to Sarsaparilla, whether as sudorific or alterative. It stands infinitely before all the preparations or combinations of Mercury. Its Purgative powers alone are of incalculable value; for those Pills may be taken daily, FOR ANY PERIOD, and instead of weakening by the cathartic effect, they add strength, by taking away the cause of weakness. There is no good Mercury does, which these Pills do not likewise; but they have none of the miserable effects of that DEADLY SPECIFIC. The TEETH are not injured; the BONES and LIMBS are not paralyzed;—no; but in the stead of these distressing symptoms, new life and vigor is animate and evident in every movement of the body. BRANDRETH'S PILLS are indeed a UNIVERSAL REMEDY for they cure opposite diseases; they cure INFLAMMATORY and CHRONIC RHEUMATISM! They cure DIABETES & STRANGURY! They cure DYSENTERY and CONSTITUTIONAL COSTIVENESS! They will cure all these apparently opposite diseases, because they CLEANSE and PURIFY the BLOOD; provided however, Nature is not beyond all Human Assistance. For years this medicine has been before the public in the United States; wherever it has been introduced, it has superseded all other remedies.

DR. BRANDRETH'S OFFICE in New York is 241, Broadway. In Philadelphia, No. 8, North Third Street.

JOB WORK

Of all kinds neatly executed at this Office.

LADIES' COMPANION.

New Volume commenced with the May Number.

THE Ladies' Companion, established in May, 1834—a popular and highly esteemed magazine of General Literature and the Fine Arts; embellish with gorgeous and costly engravings on steel, and the Quarterly fashions; and also with Fashionable and popular Music, arranged for the Piano-Forte, and Guitar.

Since the publication of the number for November, the demand for the Ladies' Companion has been unprecedented and beyond the most sanguine anticipations. At the commencement of the volume an additional number of copies were printed, which was considered at the time adequate to satisfy all the orders which might be received, and leave a considerable number on hand for subsequent calls. The publisher is more than gratified in stating that the whole of an edition of six thousand, five hundred copies, was completely exhausted before the issuing of the third number of the volume; and, consequently, he was compelled to reprint a second edition of two thousand copies, making the circulation of the Ladies' Companion eight thousand five hundred, at the termination of the tenth volume. In consequence of this great and unparalleled increase of new subscribers, he has determined to commence the new volume for the ensuing year with thirteen thousand: hoping that he will thus be enabled to supply all the demands for the Ladies' Companion, as well as those disappointed in commencing with the tenth volume. The proprietor feels grateful for that encouragement which has been so lavishly bestowed upon his magazine, and at the same time he begs to assure the readers of the Ladies' Companion, that it is determined resolution to meet it with a corresponding liberality to merit its continuance. The work appears in beautiful new type, printed on the finest paper; smoothly pressed, and neatly stitched in a handsome cover.

The Ladies' Companion contains a larger quantity of reading than any other magazine issued in this country, and its subscription price is only three dollars a year, while the great combination of talent secured for the coming year will render it unequalled by any other periodical.

Splendid Steel Engravings, prepared by Mr. A. Dick, ornament the work—one of which accompanies each number. These plates are entirely new, and are engraved at a heavy expense by one of the best artists in America, expressly for the magazine. The designs are selected with a view of interesting the general reader, and enhancing the value of the work, for its superior pictorial embellishments. It is with pride the proprietor announces that the Ladies' Companion is the only magazine published, in which new and elegant steel plates appear regularly. Those accompanying other monthly periodicals, are generally first worn out in annuals. In addition to the engravings mentioned, a correct plate of the Quarterly Fashions for Ladies, will appear in the June, September, December, and March numbers, independent of the usual embellishment. It is the determination of the proprietor, that these fashion plates shall appear in a style hitherto unknown. Its literary character will undergo no change, as it will remain under the charge of the same Editors as heretofore. Articles from the pens of the most distinguished writers, will appear in the forthcoming numbers, among which may be enumerated the following—Mrs. Holland, Emma C. Embury, Lydia H. Sigourney, Frances S. Osgood, Ellet, Caroline Orne, Seba Smith, Mrs. Harrington, Ann S. Stevens, Miss Hannah F. Gould, Mary Ann Browne, Charlotte Cushman, Mary Emily Jackson, Henry W. Herbert, author of 'Cromwell,' &c. Professor J. H. Ingraham, author of 'Burton,' 'Capt. Kidd,' &c., Professor H. W. Longfellow, author of 'Oute Mer,' Wm E. Burton, Chief Justice Mellen, John Neal, Park Benjamin, Grenville Mellen, N. C. Brooks, A. M., George P. Morris, Robert Hamilton, Isaac C. Pray, Wm. Comstock, Hiram B. Dennis, Rev J. H. Clinch, James Brooks, Albert Pike, F. A. Durivage, Henry F. Harrington, together with several others, with whom negotiations are pending. They will hereafter be announced.

Mrs. Ann S. Stephens,
William W. Snowden, } Editors.
Henry F. Harrington,

The Musical Department of the Ladies' Companion has ever commanded a large share of attention, and has been looked upon with no little interest by its readers, and more especially the Ladies, whom the publisher is anxious to please. It will continue to be a subject of more than usual care to him, and to the Professor under whose supervision it is placed, to make that portion of the magazine deserving of the countenance of every lover of music.

The Work in General. Of every department an equally careful supervision will be strictly exercised by the Editors, and all appropriate expenditures will be liberally bestowed, as it is the design of the publisher, with the aid of his contributors and the advice of his friends to make the Ladies' Companion distinguished for the beauty and accuracy of its typography, the variety and high tone of its literary articles, the quality and value of its music, and the unequal splendor of its pictorial embellishments, and the accuracy of its quarterly fashions. The proprietor pledges himself to use all honorable means to maintain the superiority which the Ladies' Companion has obtained.—For five years he has steadily pursued a course of improvement, and he flatters himself that his present facilities are such as to give the work eminent advantages over all other publications.

From the foregoing it will be perceived that the Ladies' Companion embraces every department within the range of Belles-Lettres and the Fine Arts; and no exertions or expense will be deemed too great to render the work equal to any other extant. The flattering and general testimonials of nearly every contemporary journal in the United States, and in fact, many on the other side of the Atlantic, have strongly asserted the undeniable claims of the Ladies' Companion to the support of the public generally. There is no work that gives its readers such a great return for their money.

Terms—Three Dollars a year in advance, or For Dollars during the year.

No subscription received for less than a year. Letters must be post paid, otherwise the postage is deducted, and credit given only for the balance.
