Col. Johnson said (in Congress)—
 "Who is General Harrison? The son of one of the signers of the Declaration of Independence; who spent the greater part of his large fortune in redeeming the pledge he then gave of his 'fortune, life and sacred honor,' to secure the liberties of his country. Of the career of General Harrison I need not speak; the history of the West is his history. For forty years he has been identified with its interests, its perils and its hopes. Universally beloved in the walks of peace, and distinguished by his ability in the councils of his country, he has been yet more illustriously distinguished in the field. During the late war, he was longer in active service than any other general officer; he was, perhaps, oftener in action than any one of them, and never sustained a defeat."

We give on the first page instead of our usual historical sketches, the excellent speech delivered by General Harrison at the great Convention in Dayton, Ohio, on the 10th of September last. The enemies of Reform who have slandered that venerable patriot, by asserting that he preserved a studied silence, when requested to declare his sentiments on measures of public policy, that he was General "Mum" and was in charge of a "thinking committee," now begin to change their tune and complain of his having shaken the "gag" from his lips to spread before the people his views of government. Verily these Loco-focos are exceedingly hard to please! We beseech our fellow-citizens of all parties to read this speech with attention. Gen. Harrison has solemnly pledged himself before heaven and earth in the presence of one hundred thousand of his countrymen, that in the event of his election,
 He will serve but ONE TERM.
 He will use all his efforts to abridge the power of the President.
 He will not permit the interference of office-holders in elections.
 He will nevertheless not prevent their casting their vote, against himself and his measures if they choose.
 He will not appoint his successor.
 He will not allow the world to know who his favorite is.
 He will not continue the war against Credit.
 He will not continue the war against Commerce.
 He will not favor an exclusive specie currency humbug, and
 He will consult the good of the people and the will of the people, and not the good of a party and the will of a party.

The election for Representatives in Congress and Assembly on the 13th passed off within the limits of Monroe co., with scarcely any party contest, the whole public interest being concentrated on the choice of Commissioner, which resulted in the defeat of the regularly nominated candidate of the party, and the success of the volunteer JOHN SMITH. It is due to truth to say, that this result was owing to the dissatisfaction entertained by every one, with the course pursued by the Loco-foco delegate meeting, in nominating a candidate for the office of Commissioner, an experiment which we venture to say will not be repeated. The official returns are in another column.

We have to congratulate the Whigs of Monroe on the brilliant returns of the State elections which have taken place in Georgia and Maryland, details of which will be found in another portion of this paper. They are the more gratifying to all who are battling for the cause of Reform, because they serve to scatter to the winds, the miserable charges of the Loco-focos that Harrison is identified with the Abolitionists. The majority in the States above mentioned tell a different story.

SUDDEN DEATH.—On Wednesday afternoon John Fish well engaged in husking corn on the farm of James Bell in Smidfield township, was seized with an apoplectic fit and died instantly without a struggle. He had been previously in perfect health. His age was about 74 years, and his family was among those who first settled this part of the country and for a long period possessed the farm now occupied by James Berson

At the late Circuit Court held in this Town, Judge Ford presided, Peter W. Blair, Jr., was tried for forging endorsements on certain notes lodged in the Banks in this Town. On three indictments he pleaded guilty, and on the remaining three not guilty. The trial on the latter lasted a week, and on Wednesday evening last, after a long consultation, the jury brought him in guilty, but warmly recommended him to mercy. On Thursday, after Mr. Miller addressed the Court in an impressive and feeling manner in mitigation, the Court sentenced him to pay a fine of \$1,500, with costs. From the testimony, and other circumstances which transpired, it appeared that the endorsements were forged with the intention of meeting the notes when due and some of them were partially paid off. He came into town on a Saturday evening to take those up to which he pleaded guilty, but could not obtain them until Monday, when the matter became public, and, scarcely knowing what to do, he fled. Under the circumstances the Court imposed a fine instead of imprisonment.—*Jerseyman.*

The Maine Legislature are engaged in revising the laws of the State. The session will probably last three or four weeks. The new Legislature meets on the 10th of January. The votes for Governor, &c. will not be officially canvassed until that time.

Eight barns, with many tons of hay and produce, 2 cows, 9 calves, 3 hogs, and much other property, were destroyed by lightning during a destructive storm in Oneida county, N. Y. on Monday the 14th ult.

A Sub Treasury Trap.—The Southern Whig published at Athens, Ga., publishes a wood cut representing "a trap to catch loco factory rotors." It is baited with a barrel of gold, over which is a sub-treasury building, on the slant, and is dedicated to "its inventors, Benton, Kendall, Duncan & Co. by a democratic mechanic, who voted for Van Buren in 1836—finds him to be no democrat, and means to vote for Harrison in November next." The British radical New-Era has been caught in its own trap.

THE CONSTITUTION.

What is that we call the Constitution? The constitution is evidently that which constitutes, and that which constitutes is the blood. We, therefore, know that the blood is the constitution, and that a good or bad constitution is neither more nor less than a good or bad state of the blood. There is no person who, having lost health, does not wish to have it restored. Use then the proper means. Expel with *Purgative Medicine* all corrupt humors from the body, and the blessing, Health, will be the certain result: for all pains or unpleasant feelings proceed from the presence of corrupt or vitiated humors, which are the real cause of every disease, and therefore the only disease to which the human frame is subject, because they clog up the veins and arteries, and prevent the free circulation of the blood.

Brandreth's Vegetable Universal Pill cure this disease: because they remove the corrupt or vitiated humors by the stomach and bowels, leaving the good humors to give life and health to the body. It is morally impossible that they can fail to cure, provided Nature is not entirely exhausted. Dr. Brandreth's Office for the sale of his pills in Philadelphia, is No. 8, North Eighth street. Sold in Stroudsburg, by **RICHARD S. STAPLES**, in Milford, by J. H. BRODHEAD, and in Monroe and Pike counties, by the agents published in another part of this paper.

 ADAM SHAFER.

CURING PRACTICE.

The principle of purifying the body by purging with vegetable physic is becoming more and more understood as the only sensible method by which sound health can be established. Hundreds of individuals have become convinced of this doctrine, and are daily acknowledging the practice to be the best ever discovered. Now is the unhealthy season when our bodies are liable to be affected with disease; and now is the time the state of the stomach and bowels should be attended to, because on the healthy state of those organs depends the healthy state of the general system; and every one will see at once, if the general health be bad while that remains, local disease cannot be cured.

All the medicine that is requisite to restore the body to a state of health is *Brandreth's Vegetable Universal Pills*, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians have consiled them with the assurance that they could do no more. The properties of these Pills as anti-bilious and aperient medicine are unrivalled; all who use them recommend them, their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in diet or care of any kind. Plain directions accompany each box, so that every one is his own competent physician. Remember, none are genuine sold by druggists.

DR. BRANDRETH'S Office in Philadelphia for the sale of his Pills, is No. 8, North Eighth street.

Stagnation of the Blood.

The repeated changes in the atmosphere, by acting as they do upon the consistence and quality of the blood, give occasion for the most fatal and malignant disorders. The blood from a state of health becomes stagnant and is planged into a state of corruption.

Thus it loses its purity: its circulation is impeded; the channels of life are clogged; the bowels become costive, and if not an immediate attack of some malignant fever, headache, nausea, loss of appetite, and a general debility of the whole frame are sure to follow.

It requires the tempest and the tornado to bring about a state of purity in the ocean, when its waters become stagnant, and it will require repeated evacuation by the stomach and bowels before the blood can be relieved of its accumulated impurity.

Brandreth's Vegetable Universal Pills, should be taken, then there will be no danger; because they purge from the stomach and bowels these humors which are the cause of stagnation, cleanse the blood from all impurities, remove every cause of pain or weakness, and preserve the constitution in a state of HEALTH and VIGOR that casual changes cannot effect.

Dr. Brandreth's Office for the exclusive sale of his *Vegetable Universal Pills*, in Philadelphia, is at No. 8, North Eighth street. Price 25 cents per box.
