From a New England Paper.

General Harrison is now virtually elected President of the United States, and Locofocism is dead and done. Its epitaph is written. Thus it runs:

Epitaph.

HIC JACET
LOCO FOCO:
 Conceived at Tammany Hall, and brought forth at Kinderhook.
 LOCO WAS A PROMISING CHARACTER. He promised Gold; and he gave us Shin-plasters; he promised a Currency, and he gave us financial derangement;
 He promised Retrenchment and Reform; and he gave us Extravagance and re-created a NATIONAL DEBT. He promised one Presidential term, and after occupying two he originated the precedent of nominating successors.
 He persecuted to death the only defaulter not of his own party; and then he gave us his Swartwouts and his Prices, his Harris and his Boyds, his Allens and his Hawkins, and a countless host of other delinquents, who in other times would have arrived at the dignity of GREAT ROGUES, but must now pass for small ones, on account of the transcendent guilt of their superiors.
 He denounced the interference of office holders with the electoral franchise; and he then marshalled the CUSTOM HOUSE and POST OFFICE LEGION into a mercenary Swiss cohort; and by a per-centage on the salaries of his SATELLITES. He attempted to bribe the people with their own money.
 He professed to be a great lover of liberty; and he contrived an army of conscripts; not a standing army, but a locomotive one of 100,000 VOTERS, to be transferred as mark weights to turn doubtful elections.
 He profess'd republican simplicity, and he outwitted the gorgeous splendors of royalty, by his patronage of foreign artisans, and by their unsold manufactures;
 The gold of his furniture being the only fulfilment of the prophecy of the PRINCE OF HUMBURGERS, that "gold should shine through purses, and flow up the Mississippi."
 He professed to love the laboring people; and he ransacked the histories of foreign despotisms to justify their scheme of reducing their WAGES TO ELEVEN CENTS PER DAY.
 He denounced the appointment to office of Congressmen, and then he exceeded in such appointments all his predecessors collectively.
 Loco prophesied that in the event of such appointments, "Corruption would be the order of the day."
 Impartial history attests the inspiration of the Prophet.
 He professed attachment to State Rights; and he disfranchised a sovereign State of her sacred right of Representation.
 He professed respect for representative assemblies; and his influence has changed their deliberate character into that of personal abuse, party violence, and vulgar blackguardism.
 He professed a love of patriotism; and he has attempted to sully the reputation of the purest and most illustrious Patriot in the secular history of the world.
GEORGE WASHINGTON, by insinuations against the purity of his motives, and those of his compatriots, the FOUNDERS OF OUR REPUBLIC:

thus presenting the astonishing contrast that while the Broughams and Guizots, and the Patriotic of the Old World, are exhibiting with new enthusiasm the example of the FIRST MAN OF HISTORY to encourage the incipient hopes of Europe, the Rulers of the New World,—saved, under Providence, by his valor and his wisdom—are ASSASSINS OF HIS FAME!

The Locos are supposed to have descended from Locus FOCUS, a Prince of a very hot country; which name is supposed by Heraldic writers to be a corruption of HOCUS FOCUS, as these two words indicate the WHOLE POLICY OF THE RACE.

Loco was severely shattered —SEPT. 10— by an avalanche from Bunker Hill, and soon after he descended to the Torrid zones, presided over by his GREAT ANCESTOR; his death rattle being nearly simultaneous with the report of the BIG GUN from MAINE.

THE CONSTITUTION.

What is that we call the Constitution? The constitution is evidently that which constitutes, and that which constitutes is the blood. We, therefore, know that the blood is the constitution; and that a good or bad constitution is neither more nor less than a good or bad state of the blood. There is no person who, having lost health, does not wish to have it restored. Use then the proper means. Expel with Purgative Medicine all corrupt humors from the body, and the blessing, Health, will be the certain result: for all pains or unpleasant feelings proceed from the presence of corrupt or vitiated humors, which are the real cause of every disease, and therefore the only disease to which the human frame is subject, because they clog up the veins and arteries, and prevent the free circulation of the blood.
 Brandreth's Vegetable Universal Pills cure this disease: because they remove the corrupt or vitiated humors by the stomach and bowels, leaving the good humors to give life and health to the body. It is morally impossible that they can fail to cure, provided Nature is not entirely exhausted.
 Dr. Brandreth's Office for the sale of his pills in Philadelphia, is No. 8, North Eighth street.
 Sold in Stroudsburg, by RICHARD S. STAPLES, in Milford, by J. H. BRODHEAD, and in Monroe and Pike counties, by the agents published in another part of this paper.

KEEP IT BEFORE THE PEOPLE.

Doct. Joseph Priestly Peters'
 CELEBRATED VEGETABLE ANTIBILIOUS PILLS, are daily effecting some of the most astonishing and wonderful cures that have ever been known, the town and country are filled with their praise, the Palace and Poor-house alike echo with their virtues in all climates and under all temperatures they still retain their wonderful virtues.

PETERS' VEGETABLE PILLS.

Breathes there the man who may not be occasionally benefited by the use of Peters' Pills? No, assuredly not; for the human frame, like any other structure, will fall into confusion and ruin, if neglected; but, by the aid of medicine judiciously applied, it is enabled to preserve a healthy and even tone; and it is the fit of well-tested public opinion, that Dr. Peters' pills are the medicine of medicines in the prevention or cure of the general diseases which the human tenement is incidental to.

Do men in robust health require medicine? Certainly, for the very excess of health begets certain diseases unless duly regulated. If the blood is suffered to run riot without correcting laxatives, costiveness, megrim, biles, scurvy, spleen, pimples, furred tongue, or offensive breath, are the inevitable consequences; for exuberance of health, like over-rich soil, becomes rank, and prone to the production of weeds, if care is not taken to have it judiciously moderated.

But healthy men have an antipathy to the very name of medicine! And no wonder, for nineteenth-twentieths of all the medicines in the world commence operations by making the people very sick, whom it was intended they should make very well; and thus in most cases the cure is considered rather worse than the disease. But Dr. Peters' Pills is the celebrated and particular exception to this almost universal rule. In them there is no gripe, no nausea, no sickness of any kind; nay, they are absolutely very pleasant to the taste, and rest as quietly on the stomach as so many confits of green peas, even when their operations are as sudden and effective, as if they were as disagreeable and as sickening as an old fashioned boles. Thus the man who uses Peters' Pills, [and where is the man that does not use them!] expels headaches, fevers, blue devils, blotches, pimples, &c. &c. and makes his blood course as limpid and as gently through his veins as a mountain rivulet, without having put himself to any more inconvenience in taking the medicine than he would have done in swallowing so many black currants.

Should ladies take Dr. Peters' Pills? Doubtless they should, for they not only assure them of health, complacency of spirits, and every bodily comfort, but through their miraculous agency in the purification of the blood, speedily remove every thing pertaining to harshness, pimples, or casual scurvy, from the flesh, animates the eye, and gives an elasticity and a vigor to the limbs, and the general carriage; and hence, when you see a lady with a cheek of velvet softness, a pure lily and carnation complexion, and an easy & graceful bearing, the general inference to be drawn is, that she is her own physician, and very particular in the choice of her medicine; and the especial one, that she is a patron of Peters' Pills.

Leaving health out of the question, should poets, novelists, editors, machinists, and men of genius and science in general, patronise Peters' Pills? Unquestionably, for the vigor which they impart to the frame, exercises a most wholesome influence upon the intellect; and the writer of this feels justified in saying, that any person about to carry out an idea, whether of composition or invention, will have a more lucid understanding of his subject, and think better and more to the point on it, after he has vivified his system by a dose of from one to four of Peters' pills: Persons in business, merchants, store keepers, clerks, speculators, &c. will derive great advantage from them on the same principle; for if the mind is not buoyant, no man can attend to the usual pursuits of life with due perspicuity, judgment, and pleasure and there is nothing in the world, at least that has been ever discovered, so efficient in brightening the faculties, and freeing them from participating in the languor, decay, and imperfectibility of their mortal abode as Dr. Peters' pills.

To what may be attributed these singular and wonderful effects? Why, to their mysterious and inevitable action upon the chyle, and that particular region of the system whence the living fluid is generated; for thus they do not only purify the blood, but create pure blood, the issue of which is healthy veins, arteries, and other functions, unobscured vision, firm and pulpy flesh, smooth and clear skin, and the consequent buoyancy of heart, feeling, and action. In short, whether we take them as a matter of health, business, feeling, or personal appearance, there is none of us should leave our houses without a regular supply of Peters' Pills.

More than six millions of boxes of these celebrated pills have been sold in the United States, Canada's, Texas, Mexico, and the West Indies, since January 1835. The certificates that have been presented to the proprietor, exceed 20,000, upwards of 500 of which are from regular practising physicians—who are the most competent judges of their merits.

TESTIMONIALS.

OPINIONS OF THE REGULAR FACULTY.

The following are but a few taken at random, from a pile of complimentary epistles forwarded to Dr. Peters by regular physicians, touching the efficacy of his pills. He feels proud and grateful in being able to lay such documents before the public.

New Orleans, April 24, 1837.

Dear Sir—As an old classmate of yours in Yale College, I take the liberty of opening a correspondence.

I learn that you are making a fortune by the sale of your pills, which I trust is the case as I am fully aware that through them you are conferring a great blessing on the public.

I myself am among those who have been peculiarly benefited by their use. Since my arrival here I had been subject to several bilious attacks, which had nearly brought me to the grave, but (and I acknowledge it with gratitude,) a few boxes of your pills have completely restored me. I would add that their effect upon Sick Headache and sour stomach is almost miraculous.

With sentiments of esteem,
 H. M. SHEPHERD, M. D.

Clarkesville, Mecklenberg Co., Va., Feb. 7, 1837.

Dear Sir—I embrace this opportunity of expressing to you my pleasure at the unrivalled success of your pills in this section of the country. It is the general fault of those who vend patent medicines to say too much in their favor; but in

regard to your pills I am firmly persuaded that they deserve far more praise than you seem inclined to give them. Six months ago they were scarcely known here, and yet at present there is no other medicine that can compare with them in popularity. In Dyspepsia, Sick Headache, derangement of the Biliary organs, and obstinate constipation of the bowels, I know of no agent more prompt and efficacious; and I have had considerable experience in all these complaints.

I would add that their mildness and certainty of action render them a safe and efficient purgative for weekly individuals; and that they may be given at all times without apprehension of any of those injurious consequences which so frequently attend the application of calomel, or blue pill. On the whole I consider your Vegetable Pills an invaluable discovery.
 Very respectfully,
 S. H. HARRIS, M. D.

Charlotte, N. C., January 1, 1837.

Dear Sir—I have made frequent use of your pills in the incipient stage of Bilious Fever, and obstinate constipation of the bowels; also in the enlargement of the Spleen, Chronic Diseases of the Liver, Sick Headache, General Debility, and in all cases have found them to be very effective.
 J. D. BOYD, M. D.

Mecklenberg Co., Va., February 7, 1837.
 Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I have ever used.
 GEORGE C. SCOTT, M. D.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.
 "I cordially recommend Peters' Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. September, 29, 1836
 "I never knew a single patent medicine that I could put the slightest confidence in but Dr. Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr. Pye, of Quebec, L. C., March 6, 1837
 "For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen; Dr. Peters' pills are an excellent medicine."

Those who have used these valuable Pills in this State, give them the preference to all other kind. Prepared by Joseph Priestly Peters, M. D. inventor and sole proprietor, No. 129 Liberty street, New York.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county.

CURING PRACTICE.

The principle of purifying the body by purging with vegetable physic is becoming more and more understood as the only sensible method by which sound health can be established. Hundreds of individuals have become convinced of this doctrine, and are daily acknowledging the practice to be the best ever discovered. Now is the unhealthy season when our bodies are liable to be affected with disease; and now is the time the state of the stomach and bowels should be attended to, because on the healthy state of those organs depends the healthy state of the general system; and every one will see at once, if the general health be bad while that remains, local disease cannot be cured.

All the medicine that is requisite to restore the body to a state of health is Brandreth's Vegetable Universal Pills, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians have consorted them with the assurance that they could do no more. The properties of these Pills as anti-bilious and aperient medicine are unrivalled; all who use them recommend them, their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in diet or care of any kind. Plain directions accompany each box, so that every one is his own competent physician. Remember, none are genuine sold by druggists.

DR. BRANDRETH'S Office in Philadelphia for the sale of his Pills, is No. 8, North Eighth street.
