

## PROSPECTUS

OF THE

**Jeffersonian Republican,**

A new Weekly Paper, to be published at Stroudsburg, Monroe County, Pa., and Milford, Pike County, Pa., simultaneously.

"The whole art of Government consists in the art of being honest.—Jefferson.

THE JEFFERSONIAN REPUBLICAN in principle, will be all its title purports, the firm and unwavering advocate of the principles and doctrines of the democratic party, delineated by the illustrious JEFFERSON: the right of the people to think, to speak, and to act, independently, on all subjects, holding themselves responsible to no power for the free exercise of this right, but their God, their Country, and her Laws, which they themselves have created.—

A free and untrammeled Press, conducted in a spirit worthy of our institutions, is public blessing, a safeguard to the Constitution under which we live, and it should be cherished and supported by every true republican. Such, then, it is designed to make the paper now established, and as such, the publisher calls upon the enlightened citizens of Monroe and Pike to aid him in this laudable enterprise. The time has arrived when the Press should take a bold and fearless stand against the evidently increasing moral and political degeneracy of the day, and endeavor, by a fair, candid, and honorable course, to remove those barriers which sectional prejudices, party spirit, and party animosity have reared to mar the social relations of men without accomplishing any paramount good.

THE JEFFERSONIAN REPUBLICAN will not seek to lead or follow any faction, or to advocate and support the schemes of any particular set of men. It will speak independently on all State and National questions, awarding to each that support which its merits may demand, never hesitating, however, to condemn such measures, as in the opinion of the editor is justly warranted, holding as a first principle:

"The greatest good to the greatest number."

Believing that the great principles of democracy are disregarded by the present Chief Magistrate of the Nation, MARTIN VAN BUREN, the JEFFERSONIAN REPUBLICAN, will decidedly, but honorably oppose his re-election to the high and responsible station which he now holds.

It will firmly oppose the "Independent Treasury" Scheme, and all other schemes having for their object the concentration in the hands of one man, and that man the President of the Nation, all power over the public moneys, a power, which, when combined with that vested in him by the Constitution as Commander-in-Chief of the American forces, Military and Naval, together with an enormous official patronage, would render him more powerful than the Executive of the British Nation, and in short make our Government, *de facto* an Elective Monarchy.

It will ever maintain that the welfare of our Country and the preservation of her Republican Institutions should be the first and only sentiments of our hearts in the choice of our public servants; that honesty, fidelity, and capability, are the only true tests of merit; that all men are created equal, and, therefore, should alike enjoy the privileges conferred on them by the Constitution without being subject to proscription, or coerced by the influence of party.

The columns of the JEFFERSONIAN REPUBLICAN will ever be open to the free discussion of all political questions, believing as we do, that there is no liberty where both sides may not be heard, and where one portion of freemen are denied the privilege of declaring their sentiments through the medium of the Press, because they differ from the majority.

The JEFFERSONIAN REPUBLICAN will ever take a lively interest in the affairs of Monroe and Pike, and of the Senatorial and Congressional Districts with which they are connected.

The Farmer, the Merchant, the Mechanic, and the Laborer, will each find a friend in the columns of the JEFFERSONIAN REPUBLICAN. Due care will be taken to furnish its readers with the latest Foreign and Domestic News, and such Miscellaneous reading as will be both interesting and instructive. In short it is designed to make the paper worthy of an extensive patronage, both from the strictly moral tone which it will ever possess, and the efforts of the editor to make it a good and useful Family Newspaper.

The JEFFERSONIAN REPUBLICAN will be printed on a super-royal sheet of good quality, and with good type.

## DELAWARE ACADEMY.

The Trustees of this Institution, have the pleasure of announcing to the public, and particularly to the friends of education, that they have engaged IRA B. NEWMAN, as Superintendent and Principal of their Academy.

The Trustees invite the attention of parents and guardians, who have children to send from home, to this Institution. They are fitting up the building in the first style, and its location from its retired nature is peculiarly favorable for a boarding school. It commands a beautiful view of the Delaware river, near which it is situated, and the surrounding scenery such as the lover of nature will admire—it is easily accessible the Easton and Milford Stages pass daily, and only 8 miles distant from the latter place, and a more salubrious section of country can nowhere be found. No fears need be entertained that pupils will contract pernicious habits, or be seduced into vicious company—it is removed from all places of resort and those inducements to neglect their studies that are furnished in large towns and villages.

Board can be obtained very low and near the Academy. Mr. Daniel W. Dingman, jr. will take several boarders, his house is very convenient, and students will there be under the immediate care of the Principal, whose reputation, deportment and guardianship over his pupils, afford the best security for their proper conduct, that the Trustees can give or parents and guardians demand.

The course of instruction will be thorough adapted to the age of the pupil and the time he designs to spend in literary pursuits. Young men may qualify themselves for entering upon the study of the learned professions or for an advanced stand at College for mercantile pursuits, for teaching or the business of common life, useful will be preferred to ornamental studies, nevertheless so much of the latter attended to as the advanced stages of the pupil's education will admit. The male and female department will be under the immediate superintendence of the Principal, aided by a competent male or female Assistant. Lessons in music will be given to young ladies on the Piano Forte at the boarding house of the principal, by an experienced and accomplished Instructor.

Summer Session commences May 4th.

## THE CONSTITUTION.

What is that we call the *Constitution*? The constitution is evidently that which constitutes, and that which constitutes is the *blood*. We, therefore, know that the *blood* is the *constitution*, and that a good or bad *constitution* is neither more nor less than a good or bad state of the *blood*.There is no person who, having lost health, does not wish to have it restored. *Use then the proper means.*Ex-pel with *Purgative Medicine* all corrupt humors from the body, and the blessing, *Health*, will be the certain result: for all pains or unpleasant feelings proceed from the presence of corrupt or vitiated humors, which are the *real cause* of every disease, and therefore the *only disease* to which the human frame is subject, because they clog up the veins and arteries, and prevent the free circulation of the blood.Brandreth's Vegetable Universal Pills cure this disease: because they remove the corrupt or vitiated humors by the stomach and bowels, leaving the good humors to give life and health to the body. It is morally impossible that they can fail to cure, provided *Nature* is not entirely exhausted.

Dr. Brandreth's Office for the sale of his pills in Philadelphia, is No. 8, North Eighth street.

## Stagnation of the Blood.

The repeated changes in the atmosphere, by acting as they do upon the consistence and quality of the blood, give occasion for the most fatal and malignant disorders. The blood from a state of health becomes stagnant and is plunged into a state of corruption.

Thus it loses its purity: its circulation is impeded; the channels of life are clogged; the bowels become constipated, and if not an immediate attack of some malignant fever, headache, nausea, loss of appetite, and a general debility of the whole frame are sure to follow.

It requires the tempest and the tornado to bring about a state of purity in the ocean, when its waters become stagnant; and it will require repeated evacuation by the stomach and bowels before the blood can be relieved of its accumulated impurity.

Brandreth's Vegetable Universal Pills, should be taken, then there will be no danger; because they purge from the stomach and bowels these humors which are the cause of stagnation, cleanse the blood from all impurities, remove every cause of pain or weakness, and preserve the constitution in a state of health and vigor that causal changes cannot effect.

Dr. Brandreth's Office for the exclusive sale of his Vegetable Universal Pills, in Philadelphia, is at No. 8, North Eighth street. Price 25 cents per box.

## Harrison's Specific Ointment.

The great celebrity of this unrivaled Composition—especially in the Northern States—leaves the proprietor but little need to say anything in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered.

Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chilblains, white swellings, biles, piles, spider and snake bites &amp;c.—immediately yield to its apparently super human influence.

Thus if properly applied it will remove an inveterate, corn or break and heal a bale in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising; and even in the bite of a rabid dog, for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison and thus prevent it from pervading the system. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses

—for tetter, ring worms, chapped lips,—and in short for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Specific Ointment" upwards a hundred of which were written by respectable members of the Medical Faculty; and in selecting from this pile the following samples, he was governed more by their brevity, than their contents, as they all breath the same spirit of eulogy and satisfaction.

## CERTIFICATES.

Albany, July 9, 1837.

To Dr. Harrison, Sir. I use your Specific Ointment in my practice and cordially recommend it as a most efficient remedy for Tumors, Ulcers, White Swellings, Scrofula, Rheumatic Pains, Chapped Face, Lips and Hands; and for general and external complaints. I write this at the request of your agent here, who furnishes me with the article, and am pleased to have it in my power to award honor to merit.

RUFUS R. BEACH, M.D.

Extract of a Letter from Dr. J. W. Sanders, Louisville, Ky. October 8, 1837.

I am prepared to say, that for Rheumatic Pains and the Sore Breasts of females, Harrison's Specific Ointment has no superior, if indeed it has any equal, in the whole catalogue of external medicines, as known and prescribed in this country.

Extract of a letter from Dr. Potts, of Utica, N. Y.

Dated July 28, 1838.

Harrison's "Specific Ointment" is, in my opinion, a most important discovery; and is particularly efficient in scrofulas, ulcers, sore legs, eruptions, and general outward complaints, speak of its merits from an experience of four years."

Cincinnati, Ohio, Oct. 4, 1833.

To Dr. Harrison, Dear Sir, I write to congratulate you on the extraordinary virtue of your "Specific Ointment" in the curing of burns.

A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes became ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but not before the poor little fellow's lower extremities were almost covered with a continual blister. Having much faith in your ointment, I immediately purchased three boxes, which I applied unsparingly, according to your directions in such cases; and it is with great pleasure and gratitude, that I am able to inform you that it allayed the pain in a few hours; and in ten days had effected a complete cure. I need scarcely add that it ought to be in the possession of every family, as there is no telling when such accidents may occur.

Yours respectfully,

H. M. SHEPHERD.

## LADIES' COMPANION.

New Volume commenced with the Nov. Number.

## A Circulation of 20,000.

THE Ladies' Companion, established in May, 1834—a popular and highly esteemed magazine of General Literature and the Fine Arts; embellished with gorgeous and costly engravings on steel, and the Quarterly fashions; and also with Fashionable and popular Music, arranged for the Piano-Forte, and Guitar.

Since the publication of the number for May, the demand for the Ladies' Companion has been unprecedented and beyond the most sanguine anticipations. At the commencement of the volume an additional number of copies were printed, which was considered at the time adequate to satisfy all the orders which might be received, and leave a considerable number on hand for subsequent calls.

The publisher is more than gratified in stating that the whole of an edition of six thousand, five hundred copies, was completely exhausted before the issuing of the third number of the volume; and, consequently, he was compelled to reprint a second edition of two thousand copies, making the circulation of the Ladies' Companion eight thousand five hundred, at the termination of the tenth volume. In consequence of this great and unparalleled increase of new subscribers, he has determined to commence the new volume for the ensuing year with thirteen thousand: hoping that he will thus be enabled to supply all the demands for the Ladies' Companion, as well as those disappointed in commencing with the tenth volume.

The proprietor feels grateful for that encouragement which has been so lavishly bestowed upon his magazine, and at the same time he begs to assure the readers of the Ladies' Companion, that it is determined to meet it with a corresponding liberality to merit its continuance. The work appears in beautiful new type, printed on the finest paper; smoothly pressed, and neatly stitched in a handsome cover.

The Ladies' Companion contains a larger quantity of reading than any other magazine issued in this country, and its subscription price is only three dollars a year, while the great combination of talent secured for the coming year will render it unequalled by any other periodical.

Splendid Steel Engravings, prepared by Mr. A. Dick, ornament the work—one of which accompanies each number. These plates are entirely new, and are engraved at a heavy expense by one of the best artists in America, expressly for the magazine. The designs are selected with a view of interesting the general reader, and enhancing the value of the work, for its superior pictorial embellishments.

It is with pride the proprietor announces that the Ladies' Companion is the only magazine published, in which new and elegant steel plates appear regularly. Those accompanying other monthly periodicals, are generally first worn out in annuals. In addition to the engravings mentioned, a correct plate of the Quarterly Fashions for Ladies, will appear in the June, September, December, and March numbers, independent of the usual embellishment.

It is the determination of the proprietor, that these fashion plates
