

JEFFERSONIAN REPUBLICAN

Stroudsburg, Pa. Dec. 18, 1840.

Terms, \$2.00 in advance; \$2.25, half yearly; and \$2.50 if not paid before the end of the year.

DEMOCRATIC CANDIDATE FOR GOVERNOR.

JOHN BANKS,

Subject to the decision of the State Convention.

To our Patrons.

Almost a year having elapsed since we issued the first number of the "JEFFERSONIAN REPUBLICAN," and fearful that some of our subscribers are of the opinion that "Printers can live upon wind," we take the opportunity of informing them that William Eastburn of this Borough and C. W. De Witt of Milford, Pike county, are our duly authorized agents, who will be pleased to receive and receipt all matters appertaining to this office. We hope and believe our humble efforts in the glorious Whig cause have not been in vain, and deem further notice unnecessary—our friends will much oblige by settling their subscriptions with the aforementioned agents without delay.

Inquest.

On Saturday morning last, John W. Burnett, Esq. held an inquest at the house of Margaret Eagles, in this Borough, on the body of Daniel Callaghan, a resident of Coolbaugh township, aged about 70 years, who was found dead in his bed in the morning. Verdict—Visitation of God.

Flour at Pittsburg on Friday last, \$3 a \$3 12. Whiskey 20 cents. Water in the Channel full four feet, and boats daily arriving and departing.

PRETTY SPICY.—The following are among the Toasts at a Whig Celebration in Westfield, N. J. on the 1st inst. They make the fur fly: Our Victory.

"O, such a day
So fought, so followed and so fairly won,
Came not till now to dignify the times."

Martin Van Buren—Conquered by a "coward," out run by a "man in an iron cage," vanquished by a "petticoat General," and soundly beaten by an "old Granny."

John C. Calhoun.—He grows lean upon Nullification, and starves upon Van Burenism—like the school boy's amphibious animal, "he can't live on land, and dies in water."

Garret D. Wall.—As the flag of Locofocoism floats no longer, what practical colors will he hoist next?

Peter D. Vroom.—With his own township, county and State against him, with Ellis's affidavit in one pocket and Westcott's certificate in the other, and with the brand of the Broad Seal upon him, how eminently qualified to represent New Jersey in Congress!

The Broad Seal.—Broader and brighter for having been trampled upon.

The Sub-Treasury System.—The Monarchical monster imported from Europe to guard the golden fruit of America—imprisoned in a Log Cabin, drenched with hard cider and demolished by the Herculean blows of Tippecanoe Clubs—let it be enshrouded in a con skin and buried in an empty Treasury vault, while Cuba bloodhounds howl its requiem.

Henry Clay.—His name is his eulogy.

Wm. Henry Harrison.—Washington gave him his first commission, and Jackson deprived him of his last—the People have made him a glorious restitution.

Secretary Westcott's Certificate.—Henceforth an undisputed title among Jersey Blues, to the privileges and immunities of political "bastardy."

The Locofocos of New Jersey.—Their Federal Wall, a weak defence against Whig artillery.

New Jersey.—A Colony under George III, and a province under King Martin—her sons spurn alike the tyranny of both.

New Jersey's Legal Representa-

tives.—Villified and wronged by an usurping party—avenged and honored by the people.

The Standing Army.—Routed—horse, foot and dragoons.

The "Last Card" of Locofocoism.—The Knave of the Pack—Amos Kendall.

Election Joke.

At the late election in this city, an old and well known gentleman presented himself at the window where he had voted for twenty years. His vote was challenged by a young whipper-snapper who officiated, and who knew that the old gentleman differed in politics with him.

"It is necessary for you to swear that you have lived in this ward more than ten days," said the challenger.

"Why you know that I have," replied the voter, "for more than a year ago you came to my shop, and purchased the hat you have on, and nevpaid for it yet.—N. Y. Paper.

Children are never tired of asking questions, and funny ones they ask too, sometimes; hear this little girl now—

"Mother, do horses wear shoes?"

"Yes, child."

"What kind of shoes are they, mother?"

"Iron shoes, child."

"How do they put them on mother?"

"They nail them on with iron nails, my dear."

"Do horses take off their shoes when they go to bed, mother?"

"O, go away, child—don't you see I'm busy? What a tongue you have got!"

A lady once borrowed a dictionary of an acquaintance; on returning the book she was asked how she liked it. "Oh!" replied the fair one, "the words are beautiful but I don't think much of the story."—St. Joseph Times.

An unkind cut.

The Augusta (Me.) Age, a Van Buren paper, thus frankly adverts to the overthrow of the "present administration."

"In every sense, Mr. Van Buren is now a **FALLEN STATESMAN**. Not only is his administration condemned by the country, but even his own State, that of his birth as well as his career, has cast him off as recreant and unworthy. With the power to save his feelings, although not to avert his fate, it has abandoned him with the rest, joined the troop of his victorious rival, and added to defeat, the last circumstance of mortification."

Tender Avowal in the way of Trade.

A young and pretty girl stepped into a store where a spruce young man, who had been long enamoured but dare not speak, stood behind the counter selling dry goods. In order to remain as long as possible, she cheapened every thing, "I believe you think I am cheating you." "Oh no," said the youngster. "To me you are always fair." "Well," whispered the lady blushing as she laid an emphasis on the word, "I would not stay so long bargaining if you were not so dear."

KEEP IT BEFORE THE PEOPLE.

Doct. Joseph Priestly Peters'

CELEBRATED VEGETABLE ANTIBILIOUS PILLS, are daily effecting some of the most astonishing and wonderful cures that have ever been known, the town and country are filled with their praise, the Palace and Poor-house alike echo with their virtues in all climates and under all temperatures they still retain their wonderful virtues.

PETERS' VEGETABLE PILLS.

Breathes there the man who may not be occasionally benefited by the use of Peters' Pills? No, assuredly not; for the human frame, like any other structure, will fall into confusion and ruin, if neglected; but, by the aid of medicine judiciously applied, it is enabled to preserve a healthy and even tone; and it is the first of well-tested public opinion, that Dr. Peters' pills are the medicine of medicines in the prevention or cure of the general diseases which the human tenement is incidental to.

Do men in robust health require medicine? Certainly, for the very excess of health begets certain diseases unless duly regulated. If the blood is suffered to run riot without correcting laxatives, costiveness, megrim, bilious, scurvy, pimples, furred tongue, or offensive breath, are the inevitable consequences; for exuberance of health, like over-rich soil, becomes rank, and prone to the production of weeds, if care is not taken to have it judiciously moderated.

But healthy men have an antipathy to the very name of medicine! And no wonder, for nineteen-twentieths of all the medicines in the world commence operations by making the people very sick, whom it was intended they should make very well; and thus in most cases the cure is considered rather worse than the disease. But Dr. Peters' Pills is the celebrated and particular exception to this almost universal rule. In them there is no gripe, no nausea, no sickness of any kind; nay, they are absolutely very pleasant to the taste, and rest as quietly on the stomach as so many confts of green peas, even when their operations are as sudden and effective, as if they were as disagreeable and as sickening as an old fashioned bolus. Thus the man who uses Peters' Pills, [and where is the man that does not use them?] expels headaches, fevers, blue devils, blotches, pimples, &c. &c. and makes his blood course as limpid and as gently through his veins as a mountain rivulet, without having put himself to any more inconvenience in taking the medicine than he would have done in swallowing so many black currants.

Should ladies take Dr. Peters' Pills? Doubtless they should, for they not only assure them of health, complacency of spirits, and every bodily comfort, but through their miraculous agency in the purification of the blood, speedily remove every thing pertaining to harshness, pimples, or casual scurvy, from the flesh, animates the eye, and gives an elasticity and a vigor to the limbs, and the general carriage; and hence, when you see a lady with a cheek of velvet softness, a pure lily and carnation complexion, and an easy & graceful bearing, the general inference to be drawn is, that she is her own physician, and very particular in the choice of her medicine; and the especial one, that she is a patron of Peters' Pills.

Leaving health out of the question, should poets, novelists, editors, machinists, and men of genius and science in general, patronize Peters' Pills? Unquestionably, for the vigor which they impart to the frame, exercises a most wholesome influence upon the intellect; and the writer of this feels justified in saying, that any person about to carry out an idea, whether of composition or invention, will have a more lucid understanding of his subject, and think better and more to the point on it, after he has vivified his system by a dose of from one to four of Peters' pills. Persons in business, merchants, store keepers, clerks, speculators, &c. will derive great advantage from them on the same principle; for if the mind is not buoyant, no man can attend to the usual pursuits of life with due perspicuity, judgment, and pleasure and there is nothing in the world, at least that has been ever discovered, so efficient in brightening the faculties, and freeing them from participating in the languor, decay, and imperfecibility of their mortal abode as Dr. Peters' pills.

To what may be attributed these singular and wonderful effects? Why, to their mysterious and inevitable action upon the chyle, and that particular region of the system whence the living fluid is generated; for thus they do not only purify the blood, but create pure blood, the issue of which is healthy veins, arteries, and other functions, unobscured vision, firm and pulpy flesh, smooth and clear skin, and the consequent buoyancy of heart, feeling, and action. In short, whether we take them as a matter of health, business, feeling, or personal appearance, there is none of us should leave our houses without a regular supply of Peters' Pills.

More than six millions of boxes of these celebrated pills have been sold in the United States, Canada, Texas, Mexico, and the West Indies, since January 1835. The certificates that have been presented to the proprietor, exceed 20,000, upwards of 500 of which are from regular practicing physicians—who are the most competent judges of their merits.

TESTIMONIALS.

OPINIONS OF THE REGULAR FACULTY.

The following are but a few taken at random, from a pile of complimentary epistles forwarded to Dr. Peters by regular physicians, touching the efficacy of his pills. He feels proud and grateful in being able to lay such documents before the public.

New Orleans, April 24, 1837.

Dear Sir—As an old classmate of yours in Yale college, I take the liberty of opening a correspondence.

I learn that you are making a fortune by the sale of your pills, which I trust is the case as I am fully aware that through them you are conferring a great blessing on the public.

I myself am among those who have been peculiarly benefited by their use. Since my arrival here I had been subject to severe bilious attacks, which had nearly brought me to the grave, but (and I acknowledge it with gratitude,) a few boxes of your pills have completely restored me. I would add that their effect upon Sick Headache and sour stomach is almost miraculous.

With sentiments of esteem,

H. M. SHEPARD, M. D.

Clarksville, Mecklenburg Co., Va., Feb. 7, 1837.
Dear Sir—I embrace this opportunity of expressing to you my pleasure at the unrivalled success of your pills in this section of the country. It is the general fault of those who vend patent medicines to say too much in their favor; but in

regard to your pills I am firmly persuaded that they deserve far more praise than you seem inclined to give them. Six months ago they were scarcely known here, and yet at present there is no other medicine that can compare with them in popularity. In Dyspepsia, Sick Headache, derangement of the Biliary organs, and obstinate constipation of the bowels, I know of no aperient more prompt and efficacious; and I have had considerable experience in all these complaints.

I would add that their mildness and certainty of action render them a safe and efficient purgative for weekly individuals; and that they may be given at all times without apprehension of any of those injurious consequences which so frequently attend the application of calomel, or blue pill. On the whole I consider your Vegetable Pills an invaluable discovery.

Very respectfully,

S. H. HARRIS, M. D.

Charlotte, N. C., January 1, 1837.

Dear Sir—I have made frequent use of your pills in the incipient stage of Bilious Fever, and obstinate constipation of the bowels; also in the enlargement of the Spleen, Chronic Diseases of the Liver, Sick Headache, General Debility, and in all cases have found them to be very effective.

J. D. BOYD, M. D.

Mecklenburg Co., Va., February 7, 1837.

Having used Dr. Peters' Pills in my practice for the last twelve months. I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I have ever used.

GEORGE C. SCOTT, M. D.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.
"I cordially recommend Peters' Pills as a mild, effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. September, 29, 1836
"I never knew a single patent medicine that I could put the slightest confidence in but Dr. Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in saying that I know that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr. Pye, of Quebec, L. C., March 6, 1837

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr. Peters' pills are an excellent medicine."

Those who have used these valuable Pills in this State, give them the preference to all other kind. Prepared by Joseph Priestly Peters, M. D. inventor and sole proprietor, No. 129 Liberty street, New York.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county.

Stroudsburg, October 23, 1840.

CURING PRACTICE.

The principle of purifying the body by purging with vegetable physic is becoming more and more understood as the only sensible method by which sound health can be established. Hundreds of individuals have become convinced of this doctrine, and are daily acknowledging the practice to be the best ever discovered. Now is the unhealthy season when our bodies are liable to be affected with disease; and now is the time the state of the stomach and bowels should be attended to, because on the healthy state of those organs depends the healthy state of the general system; and every one will see at once, if the general health be bad while that remains, local disease cannot be cured.

All the medicine that is requisite to restore the body to a state of health is Brandreth's Vegetable Universal Pills, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians have consorted them with the assurance that they could do no more. The properties of these Pills as anti-bilious and aperient medicine are unrivalled; all who use them recommend them, their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in diet or care of any kind. Plain directions accompany each box, so that every one is his own competent physician. Remember, none are genuine sold by druggists.

DR. BRANDRETH'S Office in Philadelphia for the sale of his Pills, is No. 8, North Eighth street.
