

PROSPECTUS

OF THE

Jeffersonian Republican,

new Weekly Paper, to be published at Stroudsburg, Monroe County, Pa., and Milford, Pike County, Pa., simultaneously.

"The whole art of Government consists in the art of being honest.—Jefferson.

THE JEFFERSONIAN REPUBLICAN in principle, will be all its title purports, the firm and unwavering advocate of the principles and doctrines of the democratic party, delineated by the illustrious JEFFERSON: the right of the people to think, to speak, and to act, independently, on all subjects, holding themselves responsible to no power for the free exercise of this right, but their God, their Country, and her Laws, which they themselves have created.— A free and untrammelled Press, conducted in a spirit worthy of our institutions, is a public blessing, a safeguard to the Constitution under which we live, and it should be cherished and supported by every true republican. Such, then, it is designed to make the paper now established, and as such, the publisher calls upon the enlightened citizens of Monroe and Pike to aid him in this laudable enterprise. The time has arrived when the Press should take a bold and fearless stand against the evidently increasing moral and political degeneracy of the day, and endeavor, by a fair, candid, and honorable course, to remove those barriers which sectional prejudices, party spirit, and party animosity have reared to mar the social relations of men without accomplishing any paramount good.

THE JEFFERSONIAN REPUBLICAN will not seek to lead or follow any faction, or to advocate and support the schemes of any particular set of men. It will speak independently on all State and National questions, awarding to each that support which its merits may demand, never hesitating, however, to condemn such measures, as in the opinion of the editor is justly warranted, holding as a first principle: "*The greatest good to the greatest number.*"

Believing that the great principles of democracy are disregarded by the present Chief Magistrate of the Nation, MARTIN VAN BUREN, the JEFFERSONIAN REPUBLICAN, will decidedly, but honorably oppose his re-election to the high and responsible station which he now holds.

It will firmly oppose the "Independent Treasury" Scheme, and all other schemes having for their object the concentration in the hands of one man, and that man the President of the Nation, all power over the public moneys, a power, which, when combined with that vested in him by the Constitution as Commander-in-Chief of the American forces, Military and Naval, together with an enormous official patronage, would render him more powerful than the Executive of the British Nation, and in short make our Government, de facto an Elective Monarchy.

It will ever maintain that the welfare of our Country and the preservation of her Republican Institutions should be the first and only sentiments of our hearts in the choice of our public servants; that honesty, fidelity, and capability, are the only true tests of merit; that all men are created equal, and, therefore, should alike enjoy the privileges conferred on them by the Constitution without being subject to proscription, or coerced by the influence of party.

The columns of the JEFFERSONIAN REPUBLICAN will ever be open to the free discussion of all political questions, believing as we do, that there is no liberty where both sides may not be heard, and where one portion of freemen are denied the privilege of declaring their sentiments through the medium of the Press, because they differ from the majority.

The JEFFERSONIAN REPUBLICAN will ever take a lively interest in the affairs of Monroe and Pike, and of the Senatorial and Congressional Districts with which they are connected.

The Farmer, the Merchant, the Mechanic, and the Laborer, will each find a friend in the columns of the JEFFERSONIAN REPUBLICAN. Due care will be taken to furnish its readers with the latest Foreign and Domestic News, and such Miscellaneous reading as will be both interesting and instructive. In short it is designed to make the paper worthy of an extensive patronage, both from the strictly moral tone which it will ever possess, and the efforts of the editor to make it a good and useful Family Newspaper.

The JEFFERSONIAN REPUBLICAN will be printed on a super-royal sheet of good quality, and with good type.

Harrison's Specific Ointment.

The great celebrity of this unrivalled Composition—especially in the Northern States—leaves the proprietor but little need to say any thing in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered. Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chilblains, white swellings, piles, spider and snake bites &c.—immediately yield to its apparently super human influence. Thus if properly applied it will remove an inveterate, corn or break and heal a bile in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising; and even in the bite of a rabid dog, for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison and thus prevent it from pervading the system. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips,—and in short for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "*Specific Ointment*" upwards a hundred of which were written by respectable members of the Medical Faculty; and in selecting from this pile the following samples, he was governed more by their brevity, than their contents, as they all breathe the same spirit of eulogy and satisfaction.

CERTIFICATES.

Albany, July 9, 1837.
To Dr Harrison, Sir: I use your Specific Ointment in my practice and cordially recommend it as a most efficient remedy for Tumors, Ulcers, White Swellings, Scrofula, Rheumatic Pains, Chapped Face, Lips and Hands; and for general and external complaints. I write this at the request of your agent here, who furnishes me with the article, and am pleased to have it in my power to award honor to merit.

RUFUS R. BEACH, M D

Extract of a Letter from Dr. J. W. Sanders, of Louisville, Ky. October 8, 1837.

"I am prepared to say, that for Rheumatic Pains and the Sore Breasts of females, Harrison's Specific Ointment has no superior, if indeed it has any equal, in the whole catalogue of external medicines, as known and prescribed in this country."

Extract of a letter from Dr Potts, of Utica, N. Y. Dated July 28, 1838.

"Harrison's 'Specific Ointment' is, in my opinion, a most important discovery; and is particularly efficient in scrofulas, ulcers, sore legs, eruptions, and general outward complaints, speak of its merits from an experience of four years"

Cincinnati, Ohio, Oct. 4, 1838.

To Dr. Harrison, Dear Sir, I write to congratulate you on the extraordinary virtue of your "*Specific Ointment*," in the curing of burns. A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes became ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but before the poor little fellow's lower extremities were almost covered with a continual blister. Having much faith in your ointment, I immediately purchased three boxes, which I applied unsparringly, according to your directions in such cases; and it is with great pleasure and gratitude, that I am able to inform you that it allayed the pain in a few hours; and in ten days had effected a complete cure. I need scarcely add that it ought to be in the possession of every family, as there is no telling when such accidents may occur.

Yours respectfully, H. M. SHEPHERD.

CURING PRACTICE.

The principle of purifying the body by purging with *vegetable physic* is becoming more and more understood as the *only sensible method* by which sound health can be established. Hundreds of individuals have become convinced of this doctrine, and are daily acknowledging the practice to be the best ever discovered. Now is the unhealthy season when our bodies are liable to be affected with disease; and now is the time the state of the stomach and bowels should be attended to, because on the healthy state of those organs depends the healthy state of the general system; and every one will see at once, if the general health be bad while that remains, local disease cannot be cured.

All the medicine that is requisite to restore the body to a state of health is *Brandreth's Vegetable Universal Pills*, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians have consoled them with the assurance that they could do no more. The properties of these Pills as anti-bilious and aperient medicine are unrivalled; all who use them recommend them, their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in diet or care of any kind. Plain directions accompany each box, so that every one is his own competent physician. Remember, none are *genuines* sold by druggists.

KEEP IT BEFORE THE PEOPLE.

Dr. Joseph Priestly Peters'

CELEBRATED VEGETABLE ANTIBILIOUS PILLS, are daily effecting some of the most astonishing and wonderful cures that have ever been known, the town and country are filled with their praise, the Palace and Poor-house alike echo with their virtues in all climates and under all temperatures they still retain their wonderful virtues.

PETERS' VEGETABLE PILLS.

Breathes there the man who may not be occasionally benefited by the use of Peters' Pills? No, assuredly not; for the human frame, like any other structure, will fall into confusion and ruin, if neglected; but, by the aid of medicine judiciously applied, it is enabled to preserve a healthy and even tone; and it is the first of well-tested public opinion, that Dr. Peters' Pills are the medicine of medicines in the prevention or cure of the general diseases which the human tenement is incidental to.

Do men in robust health require medicine? Certainly, for the very excess of health begets certain diseases unless duly regulated. If the blood is suffered to run riot without correcting laxatives, costiveness, megrrin, bilis, scurry, spleen, pimples, furred tongue, or offensive breath, are the inevitable consequences; for exuberance of health, like over-rich soil, becomes rank, and prone to the production of weeds, if care is not taken to have it judiciously moderated.

But healthy men have an antipathy to the very name of medicine! And no wonder, for nineteenth-twentieths of all the medicines in the world commence operations by making the people very sick, whom it was intended they should make very well; and thus in most cases the cure is considered rather worse than the disease. But Dr. Peters' Pills is the celebrated and particular exception to this almost universal rule. In them there is no gripe, no nausea, no sickness of any kind; nay, they are absolutely very pleasant to the taste, and rest as quietly on the stomach as so many confits of green peas, even when their operations are as sudden and effective, as if they were as disagreeable and as sickening as an old fashioned bolus. Thus the man who uses Peters' Pills, [and where is the man that does not use them?] expels headaches, fevers, blue devils, blotches, pimples, &c. &c. and makes his blood course as limpid and as gently through his veins as a mountain rivulet, without having put himself to any more inconvenience in taking the medicine than he would have done in swallowing so many black currants.

Should ladies take Dr. Peters' Pills? Doubtlessly they should, for they not only assure them of health, complacency of spirits, and every bodily comfort, but through their miraculous agency in the purification of the blood, speedily remove every thing pertaining to harshness, pimples, or casual scurry, from the flesh, animates the eye, and gives an elasticity and a vigor to the limbs, and the general carriage; and hence, when you see a lady with a cheek of velvet softness, a pure lily and carnation complexion, and an easy & graceful bearing, the general inference to be drawn is, that she is her own physician, and very particular in the choice of her medicine; and the especial one, that she is a patron of Peters' Pills.

Leaving health out of the question, should poets, novelists, editors, machinists, and men of genius and science in general, patronise Peters' Pills? Unquestionably, for the vigor which they impart to the frame, exercises a most wholesome influence upon the intellect; and the writer of this feels justified in saying, that any person about to carry out an idea, whether of composition or invention, will have a more lucid understanding of his subject, and think better and more to the point on it, after he has vivified his system by a dose of from one to four of Peters' pills: Persons in business, merchants, store keepers, clerks, speculators, &c. will derive great advantage from them on the same principle: for if the mind is not buoyant, no man can attend to the usual pursuits of life with due perspicuity, judgment, and pleasure and there is nothing in the world, at least that has been ever discovered, so efficient in brightening the faculties, and freeing them from participating in the languor, decay, and imperfectibility of their mortal abode as Dr. Peters' pills.

To what may be attributed these singular and wonderful effects? Why, to their mysterious and inevitable action upon the chyle, and that particular region of the system whence the living fluid is generated; for thus they do not only purify the blood, but create pure blood, the issue of which is the healthy veins, arteries, and other functions, unobscured vision, firm and pulpy flesh, smooth and clear skin, and the consequent buoyancy of heart, feeling, and action. In short, whether we take them as a matter of health, business, feeling, or personal appearance, there is none of us should leave our houses without a regular supply of Peters' Pills.

More than six millions of boxes of these celebrated pills have been sold in the United States, Canada's, Texas, Mexico, and the West Indies, since January 1835. The certificates that have been presented to the proprietor, exceed 20,000, upwards of 500 of which are from regular practising physicians—who are the most competent judges of their merits.

TESTIMONIALS.

OPINIONS OF THE REGULAR FACULTY. The following are but a few taken at random, from a pile of complimentary epistles forwarded to Dr. Peters by regular physicians, touching the efficacy of his pills. He feels proud and grateful in being able to lay such documents before the public.

New Orleans, April 24, 1837.

Dear Sir—As an old classmate of yours in Yale college, I take the liberty of opening a correspondence.

I learn that you are making a fortune by the sale of your pills, which I trust is the case as I am fully aware that through them you are conferring a great blessing on the public. I myself am among those who have been peculiarly benefited by their use. Since my arrival here I had been subject to severe bilious attacks, which had nearly brought me to the grave, but (and I acknowledge it with gratitude,) a few boxes of your pills have completely restored me. I would add that their effect upon Sick Headache and sour stomach is almost miraculous. With sentiments of esteem, H. M. SHEPHERD, M. D.

Clarksville, Mecklenberg Co., Va., Feb. 7, 1837.

Dear Sir—I embrace this opportunity of expressing to you my pleasure at the unrivalled success of your pills in this section of the country. It is the general fault of those who vend patent medicines to say too much in their favor; but in

regard to your pills I am firmly persuaded that they deserve far more praise than you seem inclined to give them. Six months ago they were scarcely known here, and yet at present there is no other medicine that can compare with them in popularity. In Dyspepsia, Sick Headache, derangement of the Biliary organs, and obstinate constipation of the bowels, I know of no aperient more prompt and efficacious; and I have had considerable experience in all these complaints.

I would add that their mildness and certainty of action render them a safe and efficient purgative for weekly individuals; and that they may be given at all times without apprehension of any of those injurious consequences which so frequently attend the application of calomel, or blue pill. On the whole I consider your Vegetable Pills an invaluable discovery. Very respectfully, S. H. HARRIS, M. D.

Charlotte, N. C., January 1, 1837.

Dear Sir—I have made frequent use of your pills in the incipient stage of Bilious Fever, and obstinate constipation of the bowels; also in the enlargement of the Spleen, Chronic Diseases of the Liver, Sick Headache, General Debility, and in all cases have found them to be very effective. J. D. BOYD, M. D.

Mecklenberg Co., Va., February 7, 1837.

Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperient, being the best article of the kind I have ever used. GEORGE C. SCOTT, M. D.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

"I cordially recommend Peters' Pills as a mild, effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr Edward Smith, of Montreal, U. C. September, 29, 1836

"I never knew a single patent medicine that I could put the slightest confidence in but Dr Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr Pye, of Quebec, L. C., March 6, 1837

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr Peters' pills are of excellent medicine."

Those who have used these valuable Pills in this State, give them the preference to all other kind. Prepared by Joseph Priestly Peters, M. D. inventor and sole proprietor, No. 129 Liberty street, New York.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county. Stroudsburg, October 23, 1840.

DELAWARE ACADEMY.

The Trustees of this Institution, have the pleasure of announcing to the public, and particularly to the friends of education, that they have engaged IRA B. NEWMAN, as Superintendent and Principal of their Academy.

The Trustees invite the attention of parents and guardians, who have children to send from home, to this Institution. They are fitting up the building in the first style, and its location from its retired nature is peculiarly favorable for a boarding school. It commands a beautiful view of the Delaware river near which it is situated, and the surrounding scenery such as the lover of nature will admire—it is easily accessible the Eason and Milford Stages pass it daily, and only 8 miles distant from the latter place, and a more salubrious section of country can nowhere be found. No fears need be entertained that pupils will contract pernicious habits, or be seduced into vicious company—it is removed from all places of resort and those inducements to neglect their studies that are furnished in large towns and villages.

Board can be obtained very low and near the Academy. Mr. Daniel W. Dingman, jr. will take several boarders, his house is very convenient, and students will there be under the immediate care of the Principal, whose reputation, deportment and guardianship over his pupils, afford the best security for their proper conduct, that the Trustees can give or parents and guardians demand.

The course of instruction will be thorough adapted to the age of the pupil and the time he designs to spend in literary pursuits. Young men may qualify themselves for entering upon the study of the learned professions or for an advanced stand at College for mercantile pursuits, for teaching or the business of common life, useful will be preferred to ornamental studies, nevertheless so much of the latter attended to as the advanced stages of the pupil's education will admit. The male and female department will be under the immediate superintendence of the Principal, aided by a competent male or female Assistant. Lessons in music will be given to young ladies on the Piano Forte at the boarding house of the principal, by an experienced and accomplished Instructress.

Summer Session commences May 4th.

EXPENSES.

Board for Young Gentleman or Ladies with the Principal, per week, \$1 50
Pupils from 10 to 15 years of age from \$1 to \$1 25
Tuition for the Classics, Belles-Lettres, French &c., per quarter, 2 00
Extra for music, per quarter, 5 00

N. B. A particular course of study will be marked out for those who wish to qualify themselves for Common School Teachers with reference to that object; application made for teachers to the trustees or principal will meet immediate attention.

Lectures on the various subjects of study will be delivered by able speakers, through the course of year.

By order of the Board, DANIEL W. DINGMAN. President, Dingman's Ferry, Pike co., Pa., May 2 1840

LADIES' COMPANION.

New Volume commenced with the Nov. Number.

A Circulation of 20,000.

THE Ladies' Companion, established in May, 1834—a popular and highly esteemed magazine of General Literature and the Fine Arts; embellish with gorgeous and costly engravings on steel, and the Quarterly fashions; and also with fashionable and popular Music, arranged for the Piano-Forte, and Guitar.

Since the publication of the number for May, the demand for the Ladies' Companion has been unprecedented and beyond the most sanguine anticipations. At the commencement of the volume an additional number of copies were printed, which was considered at the time adequate to satisfy all the orders which might be received, and leave a considerable number on hand for subsequent calls. The publisher is more than gratified in stating that the whole of an edition of six thousand, five hundred copies, was completely exhausted before the issuing of the third number of the volume; and, consequently, he was compelled to reprint a second edition of two thousand copies, making the circulation of the Ladies' Companion eight thousand five hundred, at the termination of the tenth volume. In consequence of this great and unparalleled increase of new subscribers, he has determined to commence the new volume for the ensuing year with thirteen thousand; hoping that he will thus be enabled to supply all the demands for the Ladies' Companion, as well as those disappointed in commencing with the tenth volume. The proprietor feels grateful for that encouragement which has been so lavishly bestowed upon his magazine; and at the same time he begs to assure the readers of the Ladies' Companion, that it is determined resolution to meet it with a corresponding liberality to merit its continuance. The work appears in beautiful new type, printed on the finest paper; smoothly pressed, and neatly stitched in a handsome cover.

The Ladies' Companion contains a larger quantity of reading than any other magazine issued in this country, and its subscription price is only three dollars a year, while the great combination of talent secured for the coming year will render it unequalled by any other periodical.

Splendid Steel Engravings, prepared by Mr. A. Dick, ornament the work—one of which accompanies each number. These plates are entirely new, and are engraved at a heavy expense by one of the best artists in America, expressly for the magazine. The designs are selected with a view of interesting the general reader, and enhancing the value of the work, for its superior pictorial embellishments. It is with pride the proprietor announces that the Ladies' Companion is the only magazine published, in which new and elegant steel plates appear regularly. Those accompanying other monthly periodicals, are generally first worn out in annuals. In addition to the engravings mentioned, a correct plate of the Quarterly Fashions for Ladies, will appear in the June, September, December, and March numbers, independent of the usual embellishment. It is the determination of the proprietor, that these fashion plates shall appear in a style hitherto unknown. Its literary character will undergo no change, as it will remain under the charge of the same Editors as heretofore. Articles from the pens of the most distinguished writers, will appear in the forthcoming numbers, among which may be enumerated the following:—Mrs. Holland, Emma C. Embury, Lydia H. Sigourney, Frances S. Osgood, Ellet. Caroline Orne, Seba Smith, Ann S. Stevens, Miss Hannah F. Gould, Mary Ann Browne, Charlotte Cushman, Mary Emily Jackson, Henry W. Herbert, author of 'Cromwell,' &c. Professor J. H. Ingraham, author of 'Burton,' 'Capt. Kidd,' &c., Professor H. W. Longfellow, author of 'Goute Mer,' Wm. E. Burton, Chief Justice Mellen, John Neal, Park Benjamin, Grenville Mellen, N. C. Brooks, A. M., George P. Morris, Rot. Hamilton, Isaac C. Pray, Wm. Comstock, Hiram B. Fennis, Rev. H. Church, James Brooks, Albert Pike, F. A. Durivage, C. F. Daniels, former Editor of the N. Y. Gazette, together with several others, with whom negotiations are pending. They will hereafter be announced.

Mrs. Ann S. Stephens, & William W. Snowden, Editors.

The Musical Department of the Ladies' Companion has ever commanded a large share of attention, and has been looked upon with no little interest by its readers, and more especially the Ladies, whom the publisher is anxious to please. It will continue to be a subject of more than usual care to him, and to the Professor under whose supervision it is placed, to make that portion of the magazine deserving of the countenance of every lover of music.

The Work in General. Of every department an equally careful supervision will be strictly exercised by the Editors, and all appropriate exercises will be liberally bestowed, as it is the design of the publisher, with the aid of his contributors and the advice of his friends to make the Ladies' Companion distinguished for the beauty and accuracy of its typography, the variety and high tone of its literary articles, the quality and value of its music, and the unequal splendor of its pictorial embellishments, and the accuracy of its quarterly fashions. The proprietor pledges himself to use all honorable means to maintain the superiority which the Ladies' Companion has obtained.—For five years he has steadily pursued a course of improvement, and he flatters himself that his present facilities are such as to give the work eminent advantages over all other publications.

From the foregoing it will be perceived that the Ladies' Companion embraces every department within the range of Belles-Lettres and the Fine Arts: and no exertions or expense will be deemed too great to render the work equal to any other extant. The flattering and general testimonials of nearly every contemporary journal in the United States, and in fact, many on the other side of the Atlantic, have strongly asserted the undeniable claims of the Ladies' Companion to the support of the public generally. There is no work that gives its readers such a great return for their money.

Terms—Three Dollars a year in advance, or Four Dollars during the year.

No subscription received for less than a year. Letters must be post paid, otherwise the postage is deducted, and credit given only for the balance.
