Terms, \$2,00 in advance; \$2.25, half yearly; and \$2,50 if not paid before the end of the year.

FOR GOVERNOR. JOHN BANKS, OF BERKS COUNTY.

Judge Banks.

The nomination of this distinguished individual, meets with a hearty response from the true Democracy of Pennsylvania. As his nomination was perhaps more unanimous than that of any candidate ever before presented to the people of the State for their suffrages, therefore it is hailed with a more hearty delight, for it tells to a suffering community that a man so universally popular must have all the redeeming qualities necessary to deliver us from the evils of the present imbecile administration. Were it our object to eulogise; we could not speak in terms of too high praise of Judge Banks. But that is unnecessary, as our readers are all well acquainted with his character. They have know for what they are paying? heard and read of him, in his legislative capacity, they have seen and judged of him in his Judicial station, and they know and love him as a private individual. His firm, upright and manly course, whilst presiding over the Judicial tribunals of his District (of which this county originally formed a part) and of which rance that in his hands the Executive Power might be safely deposited, without the fear of its being employed for any other than legitimate "The noblest work of God;"

happier times to our distressed Commonwealth. The entire Democratic Press of Pennsylvania has also responded to his nomination in a truly MEANOR." gratifying manner. The cohorts of David R. a glorious defeat. We have therefore but to ergies, and the Old Keystone State, like twodeemed from the last plague-spot of Loco-focoism-and be justly proud in having such a man as John Banks to administer her affairs.

## Borough Election in Easton.

The charter election in Easton, on Friday a week, resulted most gloriously. James M. Porter, the brother of the Governor, who headed the Loco Foco Council Ticket, was beaten by Peter Snyder, Democratic Banks'-man, SIXTY-FIVE majority. When the result was made known, gladful shouts rent the air, and the drums were beat for joy. This is the first demonstration of public opinion in Judge Banks' District, since his nomination.

The following pithy notice of Jim's defeat, we extract from the Harrisburg Chronicle: Hard Cider

"Sound the tin-kettles in Northampton street, The Locos are routed-Jim Porter is beat."

The People have put their veto on the Hon. James Madison Porter, late Judge of Dauphin, Lebanon and Schuylkill Counties-Judge Advocate of Pink Eye, &c. This gentleman,

J. M. Porter, (Chief Pardoner.)

# Look out for Squalls.

Our neighbour of the Democrat should not have admitted such a communication as appeared in his columns two weeks since, in reply to an article in the Northampton Messenger, which attacked our Representative Mr. Brodhead, for voting against the Governor, on the Lancaster City Mayor's Court Bill. Friend Rafferty, was not perhaps aware that the Messenger is edited by a son of our most Democratic Governor, a Whitely, removed. hopeful sprig of nobility, known in Easton, by Lofty," who carries a gold headed cane and James R. He writes all kinds of despicable trash for it, such as puffing his " Papa," the Governor, blackguarding all honest men who oppose him, and frequently praising himself. It is moreover a commonly received opinion, in Easton, that the Messenger was purchased by the credit, and is place of G. J. It was rank Treason, and as such no doubt Prince Billy will treat it; unless you ask his highness' pardon and promise not to offend for the future.

had better apply to head quarters at once for a Pardon. The Governor has proclaimed himself a friend to the liberty of the Press, and as resolution was laid on the table. your crime is not so great (in the eyes of honest men at least) as that of Hutter & Cantine, ported a bill to incorporate the Board of Eduwhom he lately pardoned, perhaps he may throw his mantle of executive clemency over you, and thus protect you from the galling fire of Prince Billy's wrath.

#### FOR THE JEFFERSONIAN REPUBLICAN.

Mr. Schoch: - Seeing some inquiries in the Monroe Democrat made by a "Tax payer," concerning some of the items in the County Statement for 1840, I took the trouble of comparing it with the statement for the year 1839. By the statement of '39 it appears, that the amount paid for printing was \$120,50, and the different items of the printers bill are given.

The statement of 1840, shows that the amount paid for printing was \$247,25-more than double that paid in '39-and what is a little singular, it is a lumped bill, and no items are given. Why not give the items as in former years,

### A SHIP WITH 122 PERSONS LOST.

One of the most dreadful accidents at sea occurred off Holyhead on the 20th ult. a little after midnight. An emigrant ship, bound to New York, called the Gov. Fenner, Capt.
