Madrid papers of the 10th of March state that the Duke of Victory was so far recovered from his indisposition as to be able to attend at the deliberation of the Council of Regency on the 10th. **The New President.**

By the extraordinary despatch used in sending the Official Intelligence to the Vice President, at Williamsburg, and similar despatch by him in repairing to the seat of Government, John Tyler, now President of the United States, arrived in this city yesterday morning, at 5 o'clock, and took lodgings at Brown's Hotel. At 12 o'clock, all the Heads of Departments, except the Secretary of the Navy, (who has not yet returned to the city from his visit to his family,) waited upon him, to pay him their official and personal respects. They were received with all the politeness and kindness which characterize the new President. He signified his deep feeling of the public calamity sustained by the death of President HARRISON, and expressed his profound sensibility to the heavy responsibilities so suddenly devolved upon himself.—He spoke of the present state of things with great concern and seriousness, and made known his wishes that the several Heads of Departments would continue to fill the places which they now respectively occupy, and his confidence that they would afford all the aid in their power to enable him to carry on the administration of the Government successfully.

The President then took and subscribed the following oath of office:— I do solemnly swear that I will faithfully execute the office of President of the United States, and will to the best of my ability, preserve, protect, and defend the Constitution of the United States. JOHN TYLER. April 6, 1841.

**DISTRICT OF COLUMBIA,** } ss. *City and County of Washington,* }  
I, William Cranch, Chief Judge of the Circuit Court of the District of Columbia, certify that the above named John Tyler personally appeared before me this day, and, although he deems himself qualified to perform the duties and exercise the powers and office of President on the death of William Henry Harrison, late President of the United States, without any other oath than that which he has taken as Vice President, yet, as doubts may arise and for greater caution, took and subscribed the following oath before me. W. CRANCH. April 6, 1841.

**CURING PRACTICE.**

The principle of purifying the body by purging with vegetable physic is becoming more and more understood as the only sensible method by which sound health can be established. Hundreds of individuals have become convinced of this doctrine, and are daily acknowledging the practice to be the best ever discovered. Now is the unhealthy season when our bodies are liable to be affected with disease; and now is the time the state of the stomach and bowels should be attended to, because on the healthy state of those organs depends the healthy state of the general system; and every one will see at once, if the general health be bad while that remains, local disease cannot be cured.

All the medicine that is requisite to restore the body to a state of health is Brandreth's Vegetable Universal Pills, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians have consoled them with the assurance that they could do no more. The properties of these Pills as anti-bilious and aperient medicine are unrivalled; all who use them recommend them, their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in diet or care of any kind. Plain directions accompany each box, so that every one is his own competent physician. Remember, none are genuine sold by druggists.

DR. BRANDRETH'S Office in Philadelphia for the sale of his Pills, is No. 8, North Eighth street.
