Marrison's Specific Ointment.

The great celebrity of this unrivalled Composition-especially in the Northern States -- leaves the proprietor but little need to say any thing in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered. Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chilblains, white swellings, biles, piles, spider and snake bites &c .immediately yield to its apparantly super human influence. Thus if properly applied it will remove an inveterate, corn or break and heal a bile in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising; of Sabbath schools, ILP Agents of Religious News- and even in the bite of a rabid dog, for if applied papers and Periodicals, Il Postmasters, Book- in time, its powers of attraction are so wonderful sellers, throughout the country, are respectfully that they will at once arrest the poison and thus requested to act as our agents. Cincinnati, Ohio, Oct. 4, 1838.

To Dr. Harrison, Dear Sir, I write to congratulate you on the extraordinary virtue of your 'Specific Ointment,' in the curing of burns. A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes bebecaue ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but not before the poor little fellow's lower extremities were almost covered with a continual blister. Having much faith in your ointment, I immediately purchased three boxes, which Also several hundred steel and iron pole I applied unsparingly, according to your direcaxes, and a few tons of tilted iron, of various tions in such cases; and it is with great pleasure sizes, suitable for ironing wagons, &c.
