

Keep it before the People,

That Gov. Porter promised to sign the Relief Bill if ten loco foco members of the House would vote for it.

That ten of them signed a written pledge to do so, which they afterwards violated by voting against the bill, thus encouraging the Governor to veto it.

That after he had vetoed it, he induced thirteen of his friends to vote for it, and several others to dodge the question, so that it became a law without his signature, by the Constitutional majority.

That from these evidences, there is not a particle of doubt that he was warmly in favor of the bill but had not the "nerve" to sign it, and therefore threw the responsibility of passing it on his friends.

That Porter's expenses have been ONE HUNDRED AND EIGHT THOUSAND EIGHT HUNDRED DOLLARS per annum more than Riker's.

That the State debt has been increased from twenty-four millions to FORTY MILLIONS OF DOLLARS since Porter was elected Gov. being at the rate of EIGHT MILLIONS OF DOLLARS PER ANNUM!

That the Legislature has been obliged to resort to the most burdensome taxation under which any people ever groaned, to pay the interest on this alarming debt, and prevent the credit of the State from being absolutely annihilated.

That if Porter should be re-elected and a Legislature willing to carry out his extraordinary schemes of expenditure, at the end of his second term, at the rate the public debt has increased for the last two years it would be about SEVENTY MILLIONS OF DOLLARS, or four hundred dollars for every man woman and child in the Commonwealth, and twelve hundred for every taxable inhabitant.

What think you of this condition of things, tax payers of Pennsylvania? Are you prepared to authorize this mortgage on your property, as you most certainly will if you re-elect David R. Porter, and a loco foco Legislature?

KEEP IT FURTHER BEFORE THE PEOPLE

That David R. Porter VETOED TEN IMPORTANT BILLS THE LAST SESSION, four of which were for giving power to the people--two relative to the election of Mayor by the people of Lancaster, one for the election of Canal Commissioners, and one for the election of officers for the management of the Chester county prison, and one to authorize a certain religious society to hold real estate, one to pay the Contractors who have been kept out of their money for more than two years, two to pay three hundred and fifty thousand dollars, on which the State is paying and has been paying for two years, double interest--ten per cent--and several other important Bills.

That he has granted a Previous Pardon for alleged crimes--a thing never attempted before in this country.

That he HAS DRAWN MONEY OUT OF THE TREASURY without authority of law, and CONTRARY TO THE EXPRESS PROVISIONS OF THE CONSTITUTION, to reward his brother and another partizan favorite, for certain extra party services, to sanction which he has sought in vain for precedents.

That his Board of Canal Commissioners have shown the grossest favoritism to political friends, ALLOTING TO THEM IN NUMEROUS INSTANCES, CONTRACTS AT ENORMOUS PRICES, when better men who happened to be of different politics, had proposed to do the same work at reasonable prices.

These are a few of the considerations which it would be well for the People of this State to reflect seriously upon in making up their minds for which of the two candidates they will cast their suffrages at the coming election.--Harrisburg Chronicle.

Equal Justice.--A young urchin being severely reprimanded by his mother for saying hell, remembered the chastisement, and on the following Sabbath, when the minister, in preaching, used the word, leaped up and exclaimed, "By jings! if you had my mother to deal with, you would swear that way without getting licked, I know."

A Strike.

The Journeymen Carpenters of this borough turned out on Monday last for higher wages. They are now receiving \$1.12 1-2 and demand \$1.25. The consequence will probably be that many of them will lose five times as much in time as they will gain in increase of pay, even if the employers accede to their demands finally.--Log Cabin Rifle.

IMPORTANT TO THE CRAFT.--Judge Johnson, of Louisiana, has decided that in that state, a printer's types, press, and paper, are exempted from seizure for debt inasmuch as they are the tools and instruments necessary for the exercise of the trade or profession by which he gains his livelihood.

JOHN F. BRADDER, of Fayette County, has been convicted before the U. S. District Court at Pittsburg, of robbing the mail. He has been sentenced to an imprisonment of ten years in the Western Penitentiary.

Stagnation of the Blood.

The repeated changes in the atmosphere, by acting as they do upon the consistence and quality of the blood, give occasion for the most fatal and malignant disorders. The blood from a state of health becomes stagnant and is plunged into a state of corruption.

Thus it loses its purity: its circulation is impeded; the channels of life are clogged; the bowels become costive; and if not an immediate attack of some malignant fever, headache, nausea, loss of appetite, and a general debility of the whole frame are sure to follow.

It requires the tempest and the tornado to bring about a state of purity in the ocean, when its waters become stagnant; and it will require repeated evacuation by the stomach and bowels before the blood can be relieved of its accumulated impurity.

Brandreth's Vegetable Universal Pills, should be taken, then there will be no danger; because they purge from the stomach and bowels these humors which are the cause of stagnation, cleanse the blood from all impurities, remove every cause of pain or weakness, and preserve the constitution in a state of health and vigor that casual changes cannot effect.

Dr. Brandreth's Office for the exclusive sale of his Vegetable Universal Pills, in Philadelphia, is at No. 8, North Eighth street. Price 25 cents per box.

WOOD TYPE.

Cut by Machinery, and warranted superior to any heretofore manufactured.

GEORGE F. NESBITT, Tontine building, corner of Wall and Water streets, New-York, respectfully informs the Printers of the United States, that he has now in full operation his machine for cutting Wood Types, which being an entire new invention, is warranted to cut Types, both plain and ornamental, far superior to any heretofore exhibited to the public; and in proof of the assertion, informs the public that he has obtained Diplomas and Medals from both the American and Mechanic's Institutes of the City of New-York, at their Fairs of 1836, 1838, and 1839, as the books of the Institute will show.

George F. Nesbitt would particularly invite the attention of Printers to the fact, that through the politeness of the proprietors of the Liverpool and Havre line of packets, he has been favored with the latest French and English specimens, that many of the new styles in them are very handsome, and have been got up by him; they were exhibited by him at the Mechanic's Fair in this city, now just closed, and pronounced by the Committee of Printers, appointed to examine Types and Specimens, to be superior to any Wood Types ever before exhibited, and having a decided advantage over large Metal Types.

George F. Nesbitt would also inform the Printers of the United States, that he is ready to cut Types on Wood of any size, round lines, Pica, upward, from any of the patterns of small or Types contained in the extensive specimens of Messrs. G. Bruce & Co., or from any new pattern that can be suggested.

George F. Nesbitt is desirous that Printers, and those becoming Agents, should be acquainted with the fact, that his prices are much reduced from those heretofore charged by other manufacturers; that he allows his Agents thirty per cent. commission; that his terms are six months or ten per cent. discount for cash.

Agents are wanted for the following cities, viz: Charleston, Albany, Detroit, Rochester, and Buffalo.

N. B. Printers of Newspapers, who will publish the above for six times, within three months from this date, and will send me a copy of their paper, shall be entitled to \$3 in Types; and should the Types not prove superior to any ever before manufactured, they can be returned, and the money will be paid in place of them.

Harrison's Specific Ointment.

The great celebrity of this unrivalled Composition--especially in the Northern States--leaves the proprietor but little need to say any thing in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered. Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chills, white swellings, bites, piles, spider and snake bites, &c.--immediately yield to its apparently super human influence. Thus if properly applied it will remove an inveterate corn or break and heal a bite in five days; will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising; and even in the bite of a rabid dog, for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison and thus prevent it from pervading the system. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses--for fetters, ring worms, chapped lips,--and in short for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Specific Ointment" upwards of a hundred of which were written by respectable members of the Medical Faculty; and in selecting from this pile the following samples, he was governed more by their brevity, than their contents, as they all breathe the same spirit of eulogy and satisfaction.

CERTIFICATES.

Albany, July 9, 1837.

To, Dr Harrison, Sir: I use your Specific Ointment in my practice and cordially recommend it as a most efficient remedy for Tumors, Ulcers, White Swellings, Scrofula, Rheumatic Pains, Chapped Face, Lips and Hands; and for general and external complaints. I write this at the request of your agent here, who furnishes me with the article, and am pleased to have it in my power to award honor to merit.

RUFUS R. BEACH, M.D.

Extract of a Letter from Dr. J. W. Sanders, of Louisville, Ky. October 8, 1837.

"I am prepared to say, that for Rheumatic Pains and the Sore Breasts of females, Harrison's Specific Ointment has no superior; if indeed it has any equal, in the whole catalogue of external medicines, as known and prescribed in this country."

Cincinnati, Ohio, Oct. 4, 1838.

To Dr. Harrison, Dear Sir: I write to congratulate you on the extraordinary virtue of your "Specific Ointment," in the curing of burns. A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes became ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but not before the poor little fellow's lower extremities were almost covered with a frightful blister. Having much faith in your ointment, I immediately purchased three boxes, which I applied unsparingly, according to your directions in such cases; and it is with great pleasure and gratitude, that I am able to inform you that it allayed the pain in a few hours; and in ten days had effected a complete cure. I need scarcely add, that it ought to be in the possession of every family, as there is no telling when such accidents may occur.

Yours respectfully,

H. M. SHEPARD.

A supply of this valuable Ointment just received and for sale, by SAMUEL STOKES. Stroudsburg, Nov. 6, 1840.
