

TO AVOID DISEASE AND ATTAIN HEALTH IS NOW IN THE POWER OF EVERY ONE.—DR. BENJAMIN BRANDRETH'S Vegetable Universal Pills.

Introduced into the United States, May 18, 1835. There has never been an instance of these celebrated Vegetable Universal Pills not giving relief and perseverance in old, obstinate cases, as sure making a cure, provided nature is not entirely exhausted. They have cured since their introduction into this country at least 20,000—twenty thousand persons—of diseases heretofore always considered incurable. It is only five years since I opened the first office for the exclusive sale of this medicine in New York; yet, in that time I have sold over twelve millions of boxes, and have now eighteen offices for their exclusive sale, at least one in every principal city in the Union, at an expense of near forty thousand dollars per year—And with the expenses of advertising, and other incidentals, the sum was a little over One Hundred and Thirty Thousand Dollars for the year 1839; some idea may be formed how the medicine is appreciated from these facts; they are indeed the greatest blessing that ever yet has been bestowed on man.

I have often found persons desirous to know how soon this medicine will cure them. It is impossible to say—it altogether depends upon the state of the blood and humors. One thing may be relied upon—that if the pills are persevered with according to the printed direction which accompanies each box, the cure will be effected much sooner than the patient could have expected. The many lingering chronic diseases we daily see, are owing either to mercury or bleeding, or to not having been properly purged in fevers, inflammations, colds, measles, small pox or typhoid. It is utterly impossible for us to attain or keep health without sound purging. We may fasten up the disorder by barks and tonics, but if it be in the body, it must come out before health is enjoyed, and sooner or later it will break out of itself, worse than ever, if this method of purifying the body is delayed too long. No danger can arise from purging with Brandreth's Pills. It has been proved, beyond doubt, that these celebrated Pills and the human body are naturally adapted one for the other. By the use of this Glorious Medicine the contents of humors of the body, can be entirely evacuated, altered, and completely regenerated; and in a manner so simple as to give every day ease and pleasure.

Brandreth's Pills are no less a cure than a preventive of diseases. When we feel dull, pain in the head, back, or side—weariness on the least exertion—it is then we ought to take a dose of these Pills. This will always have a good effect, because it is impossible for pain to be in the body without the presence of those humors which produce it, and it is only by their being forced out with purging that health can be restored.

All that I have been able to ascertain, either by experience or from books has confirmed me in the opinion, that pain, every feeling contrary to health, is produced when the natural outlets of the body become incapable of discharging the corrupt humors generated in the body, as fast as nature requires their expulsion. And that to secure health, we have only to purge ourselves, until health is restored. A practice which experience has established, is fully able to produce this result, without the possibility of any injurious effects. They who have adopted this simple plan have secured the best state of health their bodies were capable of enjoying. The weak have become robust. The robust have become more so. All mankind would be benefited by this practice, except physicians; and they would be bodily, though not professionally.

Let me now recommend two things, *never be had, and never go to a Druggist for Brandreth's Pills.* The first weakens the principle of life, and long keeps the blessings of health from the body. And the last, to purchase a Pill called Brandreth's of a Druggist, is to insure the purchaser a base counterfeit, entirely incapable of producing the beneficial results of the genuine medicine. To insure this it must be purchased of the undermentioned Agents duly appointed by me, and who hold a regular certificate of agency, which is renewed yearly. There is an agent with one of these certificates in every town in the United States. Those purchasing at wholesale, must remember that all my travellers have a power of Attorney, regularly proved to be my act before the Clerk of the county of New York.

The following is a list of names of all the Agents in Monroe and Pike Counties. To purchase of any in these Counties not mentioned in this list will subject the purchaser to sure deception.

MONROE COUNTY.
Stroudsburg, RICHARD S. STAPLES.
New Marketville, TROXEL & SCHOCH
Dutotsburg, LUKE BRODHEAD.

PIKE COUNTY.
Milford, JOHN H. BRODHEAD.

THE CONSTITUTION.

What is that we call the Constitution? The constitution is evidently that which constitutes, and that which constitutes is the blood. We, therefore, know that the blood is the constitution, and that a good or bad constitution is neither more nor less than a good or bad state of the blood. There is no person who, having lost health, does not wish to have it restored. Use then the proper means. Expel with Purgative Medicine all corrupt humors from the body, and the blessing, Health, will be the certain result: for all pains or unpleasant feelings proceed from the presence of corrupt or vitiated humors, which are the real cause of every disease, and therefore the only disease to which the human frame is subject, because they clog up the veins and arteries, and prevent the free circulation of the blood.

Brandreth's Vegetable Universal Pills cure this disease: because they remove the corrupt or vitiated humors by the stomach and bowels, leaving the good humors to give life and health to the body. It is morally impossible that they can fail to cure, provided Nature is not entirely exhausted.

Dr. Brandreth's Office for the sale of his pills in Philadelphia, is No. 8, North Eighth street.
Sold in Stroudsburg, by RICHARD S. STAPLES. In Milford, by J. H. BRODHEAD, and in Monroe and Pike counties, by the agents published in another part of this paper.

KEEP IT BEFORE THE PEOPLE.

Doct. Joseph Priestly Peters' CELEBRATED VEGETABLE ANTIBILIOUS PILLS, are daily effecting some of the most astonishing and wonderful cures that have ever been known, the town and country are filled with their praise, the Palace and Poor-house alike echo with their virtues in all climates and under all temperatures they still retain their wonderful virtues.

PETERS' VEGETABLE PILLS.

Breathes there the man who may not be occasionally benefited by the use of Peters' Pills? No, assuredly not; for the human frame, like any other structure, will fall into confusion and ruin, if neglected; but, by the aid of medicine judiciously applied, it is enabled to preserve a healthy and even tone; and it is the fit of well-tested public opinion, that Dr. Peters' pills are the medicine of medicines in the prevention or cure of the general diseases which the human tenement is incidental to.

Do men in robust health require medicine? Certainly, for the very excess of health begets certain diseases unless duly regulated. If the blood is suffered to run riot without correcting laxatives, costiveness, merrin, biles, scurvy, pimples, furred tongue, or offensive breath, are the inevitable consequences; for exuberance of health, like over-rich soil, becomes rank, and prone to the production of weeds, if care is not taken to have it judiciously moderated.

But healthy men have an antipathy to the very name of medicine! And no wonder, for nineteenth-twentieths of all the medicines in the world commence operations by making the people very sick, whom it was intended they should make very well; and thus in most cases the cure is considered rather worse than the disease. But Dr. Peters' Pills is the celebrated and particular exception to this almost universal rule. In them there is no gripe, no nausea, no sickness of any kind; nay, they are absolutely very pleasant to the taste, and rest as quietly on the stomach as so many conifers of green peas, even when their operations are as sudden and effective, as if they were as disagreeable and as sickening as an old-fashioned bolus. Thus the man who uses Peters' Pills, [and where is the man that does not use them?] expels headaches, fevers, blue devils, blotches, pimples, &c. &c. and makes his blood course as limpid and as gently through his veins as a mountain rivulet, without having put himself to any more inconvenience in taking the medicine than he would have done in swallowing so many black currants.

Should ladies take Dr. Peters' Pills? Doubtlessly they should, for they not only assure them of health, complacency of spirits, and every bodily comfort, but through their miraculous agency in the purification of the blood, speedily remove every thing pertaining to harshness, pimples, or casual scurvy, from the flesh, animates the eye, and gives an elasticity and vigor to the limbs, and the general carriage; and hence, when you see a lady with a cheek of velvet softness, a pure lily and carnation complexion, and an easy & graceful bearing, the general inference to be drawn is, that she is her own physician, and very particular in the choice of her medicine; and the especial one, that she is a patron of Peters' Pills.

Leaving health out of the question, should poets, novelists, editors, machinists, and men of genius and science in general, patronise Peters' Pills? Unquestionably, for the vigor which they impart to the frame, exercises a most wholesome influence upon the intellect; and the writer of this feels justified in saying, that any person about to carry out an idea, whether of composition or invention, will have a more lucid understanding of his subject, and think better and more to the point on it, after he has vivified his system by a dose of from one to four of Peters' pills. Persons in business, merchants, store keepers, clerks, speculators, &c. will derive great advantage from them on the same principle, for if the mind is not buoyant, no man can attend to the usual pursuits of life with due perspicuity, judgment, and pleasure and there is nothing in the world, at least that has been ever discovered, so efficient in brightening the faculties, and freeing them from participating in the languor, decay, and imperfection of their mortal abode as Dr. Peters' pills.

To what may be attributed these singular and wonderful effects? Why, to their mysterious and inevitable action upon the chyle, and that particular region of the system whence the living fluid is generated; for thus they do not only purify the blood, but create pure blood, the issue of which is healthy veins, arteries, and other functions, unobscured vision, firm and pulpy flesh, smooth and clear skin, and the consequent buoyancy of heart, feeling, and action. In short, whether we take them as a matter of health, business, feeling, or personal appearance, there is none of us should leave our houses without a regular supply of Peters' Pills.

More than six millions of boxes of these celebrated pills have been sold in the United States, Canada's, Texas, Mexico, and the West Indies, since January 1835. The certificates that have been presented to the proprietor, exceed 20,000, upwards of 500 of which are from regular practising physicians—who are the most competent judges of their merits.

TESTIMONIALS.

OPINIONS OF THE REGULAR FACULTY.

The following are but a few taken at random, from a pile of complimentary epistles forwarded to Dr. Peters by regular physicians, touching the efficacy of his pills. He feels proud and grateful in being able to lay such documents before the public.

New Orleans, April 24, 1837.

Dear Sir—As an old classmate of yours in Yale college, I take the liberty of opening a correspondence.

I learn that you are making a fortune by the sale of your pills, which I trust is the case as I am fully aware that through them you are conferring a great blessing on the public.

I myself among those who have been peculiarly benefited by their use. Since my arrival here I had been subject to several bilious attacks, which had nearly brought me to the grave, but (and I acknowledge it with gratitude,) a few boxes of your pills have completely restored me. I would add that their effect upon Sick Headache and sour stomach is almost miraculous.

With sentiments of esteem,

H. M. SHEPERD, M. D.

Clarkeville, Mecklenberg Co., Va., Feb. 7, 1837.

Dear Sir—I embrace this opportunity of expressing to you my pleasure at the unrivalled success of your pills in this section of the country. It is the general fault of those who vend patent medicines to say too much in their favor; but in regard to your pills I am firmly persuaded that

they deserve far more praise than you seem inclined to give them. Six months ago they were scarcely known here, and yet at present there is no other medicine that can compare with them in popularity. In Dyspepsia, Sick Headache, derangement of the Biliary organs, and obstinate constipation of the bowels, I know of no aperiient more prompt and efficacious; and I have had considerable experience in all these complaints.

I would add that their mildness and certainty of action render them a safe and efficient purgative for weekly individuals; and that they may be given at all times without apprehension of any of those injurious consequences which so frequently attend the application of calomel, or blue pill. On the whole I consider your Vegetable Pills an invaluable discovery. Very respectfully,

S. H. HARRIS, M. D.

Charlotte, N. C., January 1, 1837.

Dear Sir—I have made frequent use of your pills in the incipient stage of Bilious Fever, and obstinate constipation of the bowels; also in the enlargement of the Spleen, Chronic Diseases of the Liver, Sick Headache, General Debility, and in all cases have found them to be very effective.

J. D. BOYD, M. D.

Mecklenberg Co., Va., February 7, 1837.

Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases, produced by inactivity of the liver. They are a safe and mild aperiient, being the best article of the kind I have ever used.

GEORGE C. SCOTT, M. D.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

"I cordially recommend Peters' Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. September, 29, 1836

"I never knew a single patent medicine that I could put the slightest confidence in but Dr Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few.) which have their source in the impurity of the blood."

Extract of a letter from Dr. Pye, of Quebec, L. C., March 6, 1837

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr Peters' pills are an excellent medicine."

Those who have used these valuable Pills in this State, give them the preference to all other kind.

Prepared by Joseph Priestly Peters, M. D. inventor and sole proprietor, No. 129 Liberty street, New York.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county.
Stroudsburg, October 23, 1840.

Harrison's Specific Ointment.

The great celebrity of this unrivalled Composition—especially in the Northern States—leaves the proprietor but little need to say any thing in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered. Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chilblains, white swellings, piles, spider and snake bites &c.—immediately yield to its apparently super human influence. Thus if properly applied it will remove an inveterate, corn or break and heal a bile in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined, have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising; and even in the bite of a rabid dog, for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison and thus prevent it from pervading the system. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips,—and in short for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Specific Ointment" upwards of a hundred of which were written by respectable members of the Medical Faculty; and in selecting from this pile the following samples, he was governed more by their brevity, than their contents, as they all breathe the same spirit of eulogy and satisfaction.

CERTIFICATES.

Albany, July 9, 1837.

To, Dr Harrison, Sir: I use your Specific Ointment in my practice and cordially recommend it as a most efficient remedy for Tumors, Ulcers, White Swellings, Scrofula, Rheumatic Pains, Chapped Face, Lips and Hands; and for general and external complaints. I write this at the request of your agent here, who furnishes me with the article, and am pleased to have it in my power to award honor to merit.

RUFUS R. BEACH, M D

Extract of a Letter from Dr. J. W. Sanders, of Louisville, Ky. October 8, 1837.

"I am prepared to say, that for Rheumatic Pains and the Sore Breasts of females, Harrison's Specific Ointment has no superior, if indeed it has any equal, in the whole catalogue of external medicines, as known and prescribed in this country."

Cincinnati, Ohio, Oct. 4, 1838.

To Dr. Harrison, Dear Sir, I write to congratulate you on the extraordinary virtue of your "Specific Ointment," in the curing of burns. A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes became ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but before the poor little fellow's lower extremities were almost covered with a continual blister. Having much faith in your ointment, I immediately purchased three boxes, which I applied unsparingly, according to your directions in such cases; and it is with great pleasure and gratitude, that I am able to inform you that it allayed the pain in a few hours; and in ten days had effected a complete cure. I need scarcely add, that it ought to be in the possession of every family, as there is no telling when such accidents may occur.

Yours respectfully,

H. M. SHEPHERD.

A supply of this valuable Ointment just received and for sale, by SAMUEL STOKES.

The public will remember that the SATURDAY CHRONICLE is the Largest Family Newspaper Published in Philadelphia!

And that it contains weekly thirty-two columns of closely printed matter, embracing every variety of choice Literary, Scientific, and News Matters, of a character calculated to prove instructive and entertaining to the Family Circle. The Chronicle has now been several years in existence, and the publishers believe that, without vanity on their part, they may safely assert that it has earned for itself a Reputation for Excellence in all its departments of Useful Information, Sound Philosophy, High Toned Morals, and Attractive and Valuable Variety, surpassed by no other newspaper in the United States.

The leading contents of the Saturday Chronicle are—Literary Tales, The Fine Arts, Agriculture, Science, Travelling Sketches, Manners and Customs, Ladies Department, Biography, Prices Current, Bank Note List, Money Matters, History, Education, Popular Statistics, Letters from abroad, New Publications, Moral Readings, Music, News of the Day, Foreign Intelligence, Local Items, Humorous.

Besides these prominent features, the Chronicle will be found to contain a carefully corrected Bank Note List—a List of all New Counterfeits. The Prices of Stocks—Prices of Marketings—and a Complete Prices Current of Foreign and Domestic Produce, thus rendering the paper of great value to all engaged in Mercantile, Mechanical or Agricultural pursuits.

A NEW VOLUME.

Of the Chronicle will commence on the 15th of the present month, under auspices of the most flattering character. Our subscription list since the first of January last, has nearly doubled, and our immense patronage enables us to bring into operation many improvements of an important character. Our files of English periodicals has greatly increased, and the aid of additional correspondents of high reputation has been secured for the coming volume. We fearlessly assert, that for the ensuing twelve months we shall be enabled to furnish a mass of valuable literary matter, not exceeded in interest by the contents of any similar newspaper in the world, and that too at about half the price demanded by our contemporaries! The secret of this low price is, that we have adopted the cash system. We neither ask nor give credit, and therefore are enabled to purchase paper and other articles on the most favourable terms.

MUSIC.

As an additional attraction, and for the especial gratification of ladies, the music of some popular air, melody or ballad, will be occasionally inserted, so that our readers in the interior will have the advantage of possessing new and favorite music for the voice or piano, almost as soon as it is issued in the large cities.

TERMS.

The Chronicle being the cheapest paper published in the Union, a rigid adherence to the following terms will be insisted upon in all cases:
For 10 copies for one year, \$10 00
For four copies, " " 5 00
For two " " " " 3 00
For a single copy, one year, 2 00
When ten or more copies are subscribed for, the price of each additional copy is only one dollar.

Agents will please endorse their letters and Post Masters frank in full. To constitute a frank, it is necessary to write the name of the Postmaster in full, and the word "free" also. The Postmaster General has decided that a "Postmaster may enclose money in a letter to the Publisher of a Newspaper, to pay the subscription of a third person, and frank the letter, if written by himself."
Editors in the country who will give the above a few insertions will be entitled to an exchange with the Chronicle for one year.

MATTHIAS & TAYLOR, Publishers, No. 86 South Second Street.

DISSOLUTION.

The Copartnership heretofore existing between the subscribers under the firm of

Finch & Pinchot,

is this day dissolved by mutual consent. The Books, Notes and accounts are left in the hands of John Finch, who is duly authorized to settle the same.
