

A MATRIMONIAL VILLAIN.—The Springfield, Illinois, Journal cautions the public against a man calling himself A. D. Young, twenty-five or thirty years old, a cabinet maker, who says he learned his trade in Buffalo, New York, who has just married three or more wives off hand: one in Ohio; the second in Indiana; where he ran away six months afterward, and the third near Springfield, Illinois, after having been engaged to and nearly married a girl at Danville, in that state, before his character followed him there. He was married to his Illinois wife, on the 13th of April, ran away from her on the 2d of May, and has probably another pretty well courted in Iowa by this time. We hate to say an ill natured thing—still more an ungentlemanly one—but if young women will marry the first good looking stranger who asks them, must they not expect that villains will make a business of deceiving and marrying them?—N. Y. Tribune.

TIGHT LACING.—A physician in Albany, New York, says, "we read last week a heartsickening account of the decease of a fine and amiable young lady who fell a victim to fashion—she laced herself to death! A part from the prevailing infatuation which leads females to commit elegant and refined suicide, she is said to have been an uncommonly intelligent and promising girl. The body presented a dreadful sight. The ribs were contracted to within half their natural circumference, and the shoulder blades were actually lapped over each other! The chest was of course extremely narrow, and not half the natural room was left for the action of the heart, and the inspiration of air into the lungs. The consequence was death."

DEATH—A WARNING.—Mr. Peter G. Hughes, near Savannah, lost his life recently by an act of carelessness which is very common. He had been riding round the farm of which he was manager, and upon returning and whilst near the house, he was sitting on his horse with both feet on one side. Whilst in this position the animal became frightened, started off and threw him to the ground. His wife, who was the only witness of the accident, hastened to his aid, but could only let him recline in her arms, in which position he expired.

Some Yankee has invented a new kind of ink, called "the love letter ink." It is a sure preventive against all cases of "breach of promise," as the ink fades away and leaves the sheet blank again in about four weeks after being written upon.

THE VERY LAST WAY OF STEALING.—A German was arrested a few days ago at St. Louis, says the Pic., for a very novel mode of stealing. It seems he had at home a cow and a calf; he would go to the city, steal a calf and carry it to market tied, driving the cow along, and sell the cow and calf. The purchaser would take them home, and turn out the cow, supposing she would return to the calf; but no sooner was she out than she would run to her own calf. The market master's suspicions were first aroused by seeing the same cow frequently in market, and on pursuing the fellow up, the fact was clearly proven.

SHERMAN'S WORM LOZENGES.

Are the greatest worm medicines in the world.

Dr Churchill has used them in over fifty cases, cured ten of spasms, and three of fits. He considers them safe and sure, and recommends them to all.

Mr. J. B. Noyes has used them in his family with entire success, and several of his friends have great confidence in them.

Col L. Clark cured one of his children of spasms, and one of fits accursed by worms.
The Hon B. B. Beardsley thinks they have saved the life of one of his children. It had been a long time in a decline, and was attended by the best physicians without any relief. His family doctor recommended Sherman's worm Lozenges as the only hope; he did so, and through the blessing of God his child is now well—another living evidence of their wonderful virtues. Mr B says no family should be without them. More than 2,000 certificates might be added to their truly wonderful properties.

Capt Coffin, of Nantucket, consulted Dr Sherman, on account of his son, 8 years old. He had been in a decline for several months, and attended by four Physicians, who could afford him no relief. His symptoms were leanness, pallid hue, very offensive breath, disturbed sleep, broken off by fright and screaming, headache, a distressing cough, itching of the nose through the day, and of the anus towards night, with slimy discharges from the bowels. The doctor pronounced the case one of worms and recommended his Worm Lozenges. After the first dose the child ran to his parents frightened at the quantity of worms that came from him—he began to mend at once, and before he used one box, was entirely cured.

Benj. F. Goodspeed, 130 Sixth Avenue has always cured his children of worms, by Sherman's Lozenges. He would not be without them in his house on any account.

The Rev. Jabez Townsend's little girl, nine years old, was given up as incurable by two physicians. She was fast wasting away, and was so miserable, that death was alone looked to for relief. Three doses of Sherman's Worm Lozenges entirely cured her.

Dr. Stevens, one of the most distinguished physicians in this country, says Sherman's worm Lozenges are the safest, best article he knows of for destroying worms.

Dr. Hunter, another celebrated physician, uses no other worm medicine in his practice.

Dr. Castle, 297 Broadway, has used Sherman's Lozenges in his practice for more than two years, and never knew them to fail.

These valuable Worm Lozenges can be obtained at the Office of the JEFFERSONIAN REPUBLICAN, Stroudsburg, Monroe county, Pa.
(Only 31 cts. per box.)

Stagnation of the Blood.

The repeated changes in the atmosphere, by acting as they do upon the consistence and quality of the blood, give occasion for the most fatal and malignant disorders. The blood from a state of health becomes stagnant and is plunged into a state of corruption.

Thus it loses its purity; its circulation is impeded; the channels of life are clogged; the bowels become costive, and if not an immediate attack of some malignant fever, headache, nausea, loss of appetite, and a general debility of the whole frame are sure to follow.

It requires the tempest and the tornado to bring about a state of purity in the ocean, when its waters become stagnant; and it will require repeated evacuation by the stomach and bowels before the blood can be relieved of its accumulated impurity.

Brandreth's Vegetable Universal Pills, should be taken, then there will be no danger; because they purge from the stomach and bowels these humors which are the cause of stagnation, cleanse the blood from all impurities, remove every cause of pain or weakness, and preserve the constitution in a state of HEALTH and VIGOR that casual changes cannot effect.

Dr. Brandreth's Office for the exclusive sale of his Vegetable Universal Pills, in Philadelphia, is at No. 8, North Eighth street. Price 25 cents per box.

For sale by RICHARD S. STAPLES, in Stroudsburg; in Milford by J. H. BROADHEAD, and in Monroe and Pike counties by agents published in another part of this paper.
October 16, 1840.

THE CONSTITUTION.

What is that we call the Constitution? The constitution is evidently that which constitutes, and that which constitutes is the blood. We, therefore, know that the blood is the constitution, and that a good or bad constitution is neither more nor less than a good or bad state of the blood. There is no person who, having lost health, does not wish to have it restored. Use then the proper means. Expel with Purgative Medicine all corrupt humors from the body, and the blessing, Health, will be the certain result: for all pains or unpleasant feelings proceed from the presence of corrupt or vitiated humors, which are the real cause of every disease, and therefore the only disease to which the human frame is subject, because they clog up the veins and arteries, and prevent the free circulation of the blood.

Brandreth's Vegetable Universal Pills cure this disease: because they remove the corrupt or vitiated humors by the stomach and bowels, leaving the good humors to give life and health to the body. It is morally impossible that they can fail to cure, provided Nature is not entirely exhausted.

Dr. Brandreth's Office for the sale of his pills in Philadelphia, is No. 8, North Eighth street.

Sold in Stroudsburg, by RICHARD S. STAPLES, in Milford, by J. H. BROADHEAD, and in Monroe and Pike counties, by the agents published in another part of this paper.

WOOD TYPE.
Cut by Machinery, and warranted superior to any heretofore manufactured.

GEORGE F. NESBITT, Tontine building, corner of Wall and Water streets, New-York, respectfully informs the Printers of the United States, that he has now in full operation his machine for cutting Wood Types, which being an entire new invention, is warranted to cut Types, both plain and ornamental, far superior to any heretofore exhibited to the public; and in proof of the assertion, informs the public that he has obtained Diplomas and Medals from both the American and Mechanic's Institutes of the City of New-York, at their Fairs of 1835; 1838, and 1839, as the books of the Institute will show.

George F. Nesbitt would particularly invite the attention of Printers to the fact, that through the politeness of the proprietors of the Liverpool and Havre line of packets, he has been favored with the latest French and English specimens, that many of the new styles in types are very handsome, and have been got up by him; they were exhibited by him at the Mechanic's Fair in this city, now just closed and pronounced by the Committee of Printers, appointed to examine Types and Specimens, to be superior to any Wood Types ever before exhibited, and having a decided advantage over large Metal Types.

George F. Nesbitt, would also inform the Printers of the United States, that he is ready to cut Types on Wood of any size, from 5 lines Pica, upward, from any of the patterns of small or Types contained in the extensive specimens of Messrs. G. Bruce & Co., or from any new pattern that can be suggested.

George F. Nesbitt is desirous that Printers, and those becoming Agents, should be acquainted with the fact, that his prices are much reduced from those heretofore charged by other manufacturers; that he allows his Agents thirty per cent. commission; that his terms are six months or ten per cent. discount for cash.

Agents are wanted for the following cities, viz: Charleston, Albany, Detroit, Rochester, and Buffalo.

N. B. Printers of Newspapers, who will publish the above for six times, within three months from this date, and will send me a copy of their paper, shall be entitled to \$3 in Types; and should the Types not prove superior to any ever before manufactured, they can be returned, and the money will be paid in place of them.
