

it varies from one to four or five miles in width, conforming itself, like a river, to the face of the country over which it flowed. Indeed, if you can imagine the Mississippi, converted into liquid fire, of the consistency of fused iron, and moving onward, sometimes rapidly, sometimes sluggishly; now widening into a sea, and anon rushing through a narrow defile, winding its way through mighty forests and ancient solitudes you will get some idea of the spectacle here exhibited. The depth of the stream will probably vary from ten to two hundred feet, according to the inequalities of the surface over which it passed. During the flow, night was converted into day on Eastern Hawaii. The light rose and spread like the morning upon the mountains, and its glare was seen on the opposite side of the island. It was also distinctly visible for more than one hundred miles at sea; and at the distance of forty miles, fine print could be read at midnight. The brilliancy of the light was like a blazing firmament, and the scene is said to have been one of unrivaled sublimity.

The whole course of the stream from Kilauea to the sea is about 40 miles. Its mouth is about 25 miles from Hilo station. The ground over which it flowed descends at the rate of one hundred feet to the mile. The crust is now cooled, and may be traversed with care, though scalding steam, pungent gases, and smoke are still emitted in many places.

In pursuing my way for nearly two days over this mighty smouldering mass, I was more and more impressed at every step with the wonderful scene. Hills had been melted down like wax; ravines and deep valleys had been filled; and majestic forests had disappeared like a feather in the flames. In some places the molten stream parted and flowed in separate channels for a considerable distance, and then uniting, formed islands of various sizes, from one to fifty acres, with trees still standing, but seared and blighted by the intense heat. On the outer edges of the lava, where the stream was more shallow and the heat less vehement, and where of course the liquid mass cooled soonest, the trees were mowed down like grass before the scythe, and left charred, crisped, smouldering, and one half consumed. As the lava flowed around the trunks of large trees on the outskirts of the stream, the melted mass stiffened and consolidated before the trunk was consumed, and when this was effected the top of the tree fell, and lay unconsumed on the crust, while the hole which marked the place of the trunk remains almost as smooth and as perfect as the calibre of a cannon. These holes are innumerable, and I found them to measure from 10 to 40 feet deep, but as I remarked before, they are in the more shallow parts of the lava, the trees being entirely consumed where it was deeper. During the flow of this eruption, the great crater of Kilauea sunk about 300 feet, and her fires became nearly extinct, one lake only out of many being left active in this mighty cauldron. This with other facts which have been named, demonstrates that the eruption was the disengagement of the fires of Kilauea. The open lake in the old crater is at present intensely active, and the fires are increasing, as is evident from the glare visible at our station and from the testimony of visitors.

During the early part of the eruption slight and repeated shocks of earthquake were felt, for several successive days, near the scene of action.

SHERMAN'S WORM LOZENGES.

Are the greatest worm medicines in the world.

Dr Churchill has used them in over fifty cases, cured ten of spasms, and three of fits. He considers them safe and sure, and recommends them to all.

Mr. J. B. Noyes has used them in his family with entire success, and several of his friends have great confidence in them.

Col L. Clark cured one of his children of spasms, and one of his accasioned by worms.

The Hon B. B. Beadley thinks they have saved the life of one of his children. It had been a long time in a decline, and was attended by the best physicians without any relief. His family doctor recommended Sherman's worm Lozenges as the only hope; he did so, and through the blessing of God his child is now well—another living evidence of their wonderful virtues. Mr B says no family should be without them. More than 2,000 certificates might be added to their truly wonderful properties.

Capt Coffin, of Nantucket, consulted Dr Sherman, on account of his son, 8 years old. He had been in a decline for several months, and attended by four Physicians, who could afford him no relief. His symptoms were leanness, pallid hue, very offensive breath, disturbed sleep, broken off by fright and screaming, headache, a distressing cough, itching of the nose through the day, and of the anus towards night, with slimy discharges from the bowels. The doctor pronounced the case one of worms and recommended his Worm Lozenges. After the first dose the child ran to his parents frightened at the quantity of worms that came from him—he began to mend at once, and before he used one box, was entirely cured.

Benj. F. Goodspeed, 130 Sixth Avenue has always cured his children of worms, by Sherman's Lozenges. He would not be without them in his house on any account.

The Rev. Jabez Townsend's little girl, nine years old, was given up as incurable by two physicians. She was fast wasting away, and was so miserable, that death was alone looked to for relief. Three doses of Sherman's Worm Lozenges entirely cured her.

Dr. Stevens, one of the most distinguished physicians in this country, says Sherman's worm Lozenges are the safest, best article he knows of for destroying worms.

Dr. Hunter, another celebrated physician, uses no other worm medicine in his practise.
Dr. Castle, 297 Broadway, has used Sherman's Lozenges in his practise for more than two years, and never knew them to fail.

These valuable Worm Lozenges can be obtained at the Office of the JEFFERSONIAN REPUBLICAN, Stroudsburg, Monroe county, Pa.
(Only 31 cts. per box.)

WOOD TYPE.

Cut by Machinery, and warranted superior to any heretofore manufactured.

GEORGE F. NESBITT, Tontine building, corner of Wall and Water streets, New-York, respectfully informs the Printers of the United States, that he has now in full operation his machine for cutting Wood Types, which being an entire new invention, is warranted to cut Types, both plain and ornamental, far superior to any heretofore exhibited to the public; and in proof of the assertion, informs the public that he has obtained Diplomas and Medals from both the American and Mechanic's Institutes of the City of New-York, at their Fairs of 1836, 1838, and 1839, as the books of the Institute will show.

George F. Nesbitt would particularly invite the attention of Printers to the fact, that through the politeness of the proprietors of the Liverpool and Havre line of packets, he has been favored with the latest French and English specimens, that many of the new styles in them are very handsome, and have been got up by him; they were exhibited by him at the Mechanic's Fair in this city, now just closed and pronounced by the Committee of Printers, appointed to examine Types and Specimens, to be superior to any Wood Types ever before exhibited, and having a decided advantage over large Metal Types.

George F. Nesbitt, would also inform the Printers of the United States, that he is ready to cut Types on Wood of any size, from 5 lines Pica, upward, from any of the patterns of small or Types contained in the extensive specimen of Messrs. G. Bruce & Co., or from any new pattern that can be suggested.

George F. Nesbitt is desirous that Printers, and those becoming Agents, should be acquainted with the fact, that his prices are much reduced from those heretofore charged by other manufacturers; that he allows his Agents thirty per cent. commission; that his terms are six months or ten per cent. discount for cash.

Agents are wanted for the following cities, viz: Charleston, Albany, Detroit, Rochester, and Buffalo.

N. B. Printers of Newspapers, who will publish the above for six times, within three months from this date, and will send me a copy of their paper, shall be entitled to \$3 in Types; and should the Types not prove superior to any ever before manufactured, they can be returned, and the money will be paid in place of them.

A NEW YEARS GIFT.

Every man, woman and child, in the United States, who possesses a Bible, will surely furnish themselves with the following beautiful series of Scripture Illustrations:

200 Pictorial Illustrations OF THE BIBLE, AND VIEWS IN THE HOLY LAND.

NEW, CHEAP AND VALUABLE PUBLICATION.—Four hundred Pages 8vo. Fine Paper, Handsomely Bound—Price only TWO DOLLARS. The subscriber respectfully invites the attention of Clergymen, Teachers of Sabbath Schools, Heads of families, and Booksellers throughout the United States, to the above new, cheap and splendidly illustrated work, published and for sale at No. 122 Nassau street, New York city. Its features are better defined by its title:

Two Hundred Pictorial Illustrations of the Scriptures, consisting of VIEWS IN THE HOLY LAND.

Together with many of the most remarkable objects mentioned in the Old and New Testaments, representing sacred historical events, copied from celebrated pictures, principally by the old masters: the landscape scenes taken from original sketches made on the spot, with full and interesting letter press descriptions, devoted to an explanation of the objects mentioned in the sacred text.

On examination this will be found a very pleasant and profitable book, especially for the perusal of Young People, abounding in the most valuable information collected with the greatest care from the best and latest sources. It may very properly be designated a common place book of every thing valuable relating to Oriental Manners, Customs, &c. &c. and comprises within itself a complete library of religious and useful knowledge. A volume like the present is far superior to the common annuals—it will never be out of date. It is beautifully printed in new long primer type—handsomely bound in muslin, gilt and lettered—and is decidedly the best and cheapest publication (for the price) ever issued from the American Press. A liberal discount made to wholesale purchasers.

Persons in the country wishing to act as Agents, may obtain all necessary information by addressing their letters to the subscriber, No. 122 Nassau street, New York city.
