

The New York Tribune of Monday contains an account of a most horrid murder committed in that city, on or about the 19th ult., on the person of Samuel Adams, printer, by a Mr. Colt.

More Rumors.

A correspondent of the Rochester Evening Post adds the following to the long list of improbable rumors from the north. He says there are several hundred men, and some fifty pieces of cannon, with ammunition for a war equipment, ready to be put on board the two war steamboats now at Kingston.

At the fortress building at Oswego, one hundred and fifty additional workmen are employed, and two shillings a day allowed of extra wages. This is understood to be by General Scott's orders.

It is rumoured that Navy Island is guarded by the military, and that M'Grath's Lancers are sent round from Toronto to the frontier.

Another Methodist College.

At the conference of the Methodist Episcopal Church recently held at Urbana, Ohio, measures were adopted for the purchase of the White Sulphur Springs property, at Delaware, in that State, as the site for the location of a College, to be under the patronage and for the benefit of the North Ohio and the Ohio Conferences jointly.

An Old McLeod Case.

A venerable and most respected friend has addressed the following letter to us, stating a case in the Revolutionary history of the country, which exhibits features analogous to that of McLeod. We unite with our correspondent in hoping that the trial of this person will be conducted with unprejudiced intelligence.

Gentlemen: It is yet uncertain whether McLeod will be acquitted. There may be contradictory evidence as to the material fact of his being present at the taking and burning of the Caroline. Whatever may be the result of the testimony adduced, I hope the Court and Jury will remember the celebrated case of the British soldiers who, before the Revolution, fired upon the mob in Boston: they were indicted and tried for murder, but in consequence of the able defence of the great patriot, John Adams, the Court and Jury acquitted them on the ground of their having been mere instruments, obliged to obey the orders of their commanders.

[Philadelphia National Gazette.]

The following interesting letter was in possession of Gen. Cox at the Harrisburg Convention. It was addressed by its illustrious writer to the gentleman who is now the senior editor of the Lexington (Ky.) Intelligencer. We copy it from a No. of that paper dated 17th September. Justice to the living and the dead demands that it should receive universal attention:

CINCINNATI, 23d Jan'y, 1835.

GENTLEMEN:

I am under great obligations to you for the liberality and friendly feelings which you have manifested for me, in several articles published in your paper.

Your exception of "one," accords entirely with my own opinions and wishes. Under no circumstances will I suffer myself to be put in competition with Mr. Clay. In reference to the other gentlemen who have been brought before the people, as suitable persons from whom the Whig candidate for the Presidency is to be chosen, it is my determination to yield to either of them the track who may thus be chosen. But Mr. Clay has far higher claims upon me, and if the question is between us, I shall leave it to himself to decide it, even if the majority of our friends should have decided in my favor.

With sentiments of high respect, I am, gentlemen, Yr. hum'ble serv't, W. H. HARRISON.

There were 94 deaths of yellow fever at New-Orleans on the 18th and 19th.

Elections take place this month, in Georgia on the fifth, in Maryland on the 6th; South Carolina on the 12th, New Jersey on the 12th and 13th, and in Pennsylvania and Ohio on the 12th. In Michigan, Mississippi and Arkansas, on the 2d November, in New York on the 2d, 3d and 4th, (city 4th,) and in Massachusetts on the 8th.

It is stated that Judge McLean declines accepting the office of Secretary of War.

THE YELLOW FEVER AT NEW-ORLEANS.—The New-Orleans papers all agree that in no previous season for the last ten years have the ravages of the yellow fever been so terrible as at present. The Picayune says that business is in the main suspended and the principal occupation of those who have been so fortunate as to escape the disease, is ministering to the sick, tending the dying, and burying the dead. 'New-Orleans is literally shrouded in mourning and sorrow.' Still the mortality is confined almost entirely to those who have recently gone thither from the North: persons who have become acclimated are comparatively safe from its attacks.

Among the unclaimed balances of deposits advertised as remaining for two years past in the Mechanics' Bank of the city of New York, there is one of \$750 to the credit of Samuel Swartwout, Collector. If reports speak true, Samuel is much in want of that trifling sum just now.

A New Plough.

A short time since, a trial was made at Vitry Sur Seine, of a new plough, the invention of M. Blot. It is described as having three shares, one or more of which may be used at the same time, according to the nature of the ground. The trial was perfectly successful. With this plough a man may, with only two horses, plough, it is stated, six acres of land in one day.

A NATURAL REMEDY, Suited to our Constitutions, and competent to the cure of every curable disease will be found in the INDIAN VEGETABLE PILLS, OF THE North American College of Health.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore, better adapted to our constitutions, than medicine concocted from foreign drugs, however well they may be compounded; and as THE INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth SUBJECT TO BUT ONE DISEASE, viz: corrupt humors, and that said medicine cures this disease on NATURAL PRINCIPLES—by cleansing and purifying the body; it will be manifest, that if a constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a Swamp or Morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity. THE INDIAN VEGETABLE PILLS Will be found one of the best, if not the very best medicine in the world for carrying out this GRAND PURIFYING PRINCIPLE, because they expel from the body all morbid and corrupt humors, the cause of disease in an easy and NATURAL MANNER; and while they every day GIVE EASE AND PLEASURE, disease of every name is rapidly driven from the body.

The above named INDIAN VEGETABLE PILLS, have been three years before the American public; and we can now say without fear of contradiction, that of all the various medicines which have heretofore been popular, not one has given such universal satisfaction, or obtained such a permanent hold upon the affections of the people. Not only do all who use it invariably experience relief, and recommend it in the strongest terms; but it has effected some of the most astonishing cures ever performed by medicine.

Hitherto, very few of the numerous testimonials which have been received in favor of this extraordinary medicine have been published, as the medicine obtained its present great celebrity more by its own intrinsic goodness than from extensive advertising. It has been deemed proper however to offer the following opinions of the public press, together with a few extracts from letters of Agents, merely to show, that the fame of the Indian Vegetable Pills, is not confined to any one section, but is rapidly extending itself to every part of the Union. From the Philadelphia Saturday Evening Post.

THE INDIAN VEGETABLE PILLS. Wright's Indian Vegetable Pills are attaining great celebrity in New England as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles, meets with general reprobation. Mr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times. THE INDIAN VEGETABLE PILLS. People are pretty well satisfied by this time, that Calomel, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are very many humbugs, however, among the latter, and we would advise all those who have the least regard for their health, to try the INDIAN VEGETABLE PILLS OF THE NORTH AMERICAN COLLEGE OF HEALTH, sold at 109 Race street, Philadelphia; as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times. INDIAN VEGETABLE PILLS. Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to" than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we heard an eminent Physician of the city recommend them in high terms. There used to be in the community, a great repugnance to the use of QUACK medicines, as they are all indiscriminately termed, but it was mainly owing to the regular

M. D.'s constantly denouncing them. They are however, becoming more liberal in this respect, and the consequence is that good vegetable medicines are now more extensively used than formerly.

Extract of a letter from Peter Christ, Uniontown, Carrol County, Md., Nov. 17th, 1838. Dear Sir:—About two months ago, I had business in Baltimore, and called at your office, and bought a few boxes of the Indian Vegetable Pills; and upon trying them I found them to be far superior to — Pills, or any other medicine I had ever used. I had been subject to a cough for five years past, and during the time have taken a variety of medicines without any relief, until I got the Indian Vegetable Pills, and by taking four doses, the cough began to leave me; and I now enjoy better health than I have done for years past. After I found them to be a valuable medicine, I immediately sent to Baltimore for a large supply. I have received so much benefit in using the INDIAN VEGETABLE PILLS that I cannot help but recommend them to every invalid I see, and think so well of the medicine that I have sent two dozen boxes to my invalid friends, in the State of Indiana. Signed, PETER CHRIST.

From G. C. Black, New York. Mr. Wm. Wright—Dear Sir—you will please to forward as soon as possible, some of your Indian Vegetable Pills; as we are almost out of the article, and they appear to be getting into general use here. We have a great call for the medicine at present, and those that have used them, speak very high of them. One gentleman attributes his being cured of Dropsy to the use of them; and another has been cured of Dyspepsia, solely by the use of your INDIAN VEGETABLE PILLS, and is willing you should publish his case if you think proper. G. C. BLACK, No. 1 Chatham Square, New York.

Extract of a letter from Mr. A. Larrimore, Indiana. Doctor Wright—Dear Sir—Having some knowledge of your most excellent compound INDIAN VEGETABLE PILLS, and not knowing how to get a fresh supply, my stock being nearly exhausted, and wishing to always have them in my family, I take this method to open a correspondence with you. The pills alluded to are well thought of here and very much wanted. I wish to make arrangements with you for a constant supply, as I think a very great quantity could be sold in this section of the country.

Extract of a letter from Samuel Griffith, Stewarttown, York County, Pa. Mr. W. Wright—Dear Sir—I am selling the Indian Vegetable Pills by the dollar's worth, and at that rate the stock of Pills, left by your travelling agent, will soon be out.

I am pleased to find they are such ready sale. Those who have used them, speak in the highest terms of them. Many have already found great relief from their use, and when the cures are finally effected, I shall do you the justice to inform you of the same. Extract of a letter from Washington City. Mr. Wm. Wright—Dear Sir—you will have the kindness to forward me as soon as possible, too or three gross of the Indian Vegetable Pills. The sales have, for the last two months, increased rapidly; those who buy, generally remarking, "that they are the best pills they have ever used;" and my opinion is that they will in a short time supercede all others in this city. ROBERT FARNHAM. Washington City, D. C.

Extract of a letter from Lycoming County, Pa. Mr. Wm. Wright—Dear Sir—On being appointed Agents for the sale of the INDIAN VEGETABLE PILLS in this place, we only took one gross on trial; but it would have been better if we had taken a half dozen gross; for on a fair trial they have far exceeded our most sanguine expectations. In fact so much so that we have been obliged to send to Mr. Zimmerman, at Lancaster, more than a hundred miles from here, for ten dozen; but these will last but a very short time, the way we are selling them since they have been fairly tested. In the first place, I gave some to our Physicians, to make trial of since which they have purchased a number of boxes, and highly approve of them. A few days ago, there was a lady sent 30 miles to get a box of the Pills, she at the time was very low, and unable to turn herself in bed; but in two days, my informant says she was able to help herself.

We could mention many other cases, but deem it unnecessary at this time; but would merely say; that as the season is fast approaching when there will be a great demand for the INDIAN VEGETABLE PILLS; and if we only could get a supply of the medicine, we could establish other agents, which would be of immense advantage not only to the NORTH AMERICAN COLLEGE OF HEALTH; but to the public generally. Please let us know your views on the subject, and any directions relative to the same, will be promptly attended to by Very respectfully, your friends, S. WINCHESTER & SON, Jersey Shore, Lycoming county, Pa. AGENTS for the sale of the above named INDIAN VEGETABLE PILLS:—CHARLES BOYS, Stroudsburg, Monroe county. JOHN LANDER, Craigs Meadows, Monroe co. JOHN LAForge, Milford, Pike county. STOLL & DIMMICK, Dingman's Ferry, Pike co. PETERS & LABAR, Bushkill, Pike county.
