PETERS PILLS

Doct. Joseph Priestly Peters' CELEBRATED VEGETABLE ANTIBILOUS PILLS. Are daily effecting some of the most astonishing and wonderful cures that ever was known.

Mrs. E. Ward of New York was troubled with Dyspepsia and Liver Complaint for upwards of fifteen years; her symptoms were as follows: Frequent pulse—turred tongue—bowels irregular, mostly costive, yet sometimes relaxed with a bilious discharge—urine saffron colored—skin dry—

Miss Clark, daughter of Col. Clark, was affected with irregularities and obstructions, attended by the following symptoms: Langour; disturbed sleep; pale face; cold feet; nostrils dry, urine pale, sometimes a distressing cough like a hasty consumption, sweating of the feet towards night, and of the face and eyes in the morning, general debility, lassitude, &c.

Rev. J. B. Whitefield had been several years subjected to severe headache, but by the use of three boxes, he has been entirely cured.

Mon. E. D. Davis was so afflicted with Rheumatism as to be unable to dress himself. By the use of three boxes was entirely restored.

Professor Armstrong says he has used them in this practice for the last five years, and his opinion is that nothing can compare with them in cases of Nervous Debility, Head Ache, Nausea, and all cases of Bilious Affections.

Drs. Mott, Nelson, Rogers, Smith, Harris, Vandenberg, Hobson, Williams, Emmerson, (of New York) Waines, (of Philadelphia) Scott, (of Baltimore) and hundreds of the most eminent physicians throughout the United States, recommend these pills as decidedly superior to all others in use.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county. Stroudsburg, August 25, 1841.

Harrison's Specific Ointment.

The great celebrity of this unrivalled Composition—especially in the Northern States—leaves the proprietor but little need to say any thing in its favor; for it has been generally conceded to it, that it is beyond all comparison the best remedy for external complaints that has ever been discovered.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Specific Ointment" upwards a hundred of which were written by respectable members of the Medical Faculty; and in selecting from this pile the following samples, he was governed more by their brevity, than their contents, as they all breathe the same spirit of eulogy and satisfaction.

CERTIFICATES.

Albany, July 9, 1837. To Dr. Harrison, Sir. I use your Specific Ointment in my practice and cordially recommend it as a most efficient remedy for Tumors, Ulcers, White Swellings, Scrofula, Rheumatic Pains, Chapped Face, Lips and Hands; and for general and external complaints. I write this at the request of your agent here, who furnishes me with the article, and am pleased to have it in my power to award honor to merit.

RUFUS R. BEACH, M. D. Extract of a Letter from Dr. J. W. Sanders, of Louisville, Ky. October 8, 1837.

"I am prepared to say, that for Rheumatic Pains and the Sore Breasts of females, Harrison's Specific Ointment has no superior, if indeed it has any equal, in the whole catalogue of external medicines, as known and prescribed in this country."

Cincinnati, Ohio, Oct. 4, 1838.

To Dr. Harrison, Dear Sir, I write to congratulate you on the extraordinary virtue of your "Specific Ointment," in the curing of burns. A little boy of mine, 4 years old, fell against the fire-place three weeks since, when his clothes became ignited, and he was instantly enveloped in flames. After some difficulty the fire was extinguished, but not before the poor little fellow's lower extremities were almost covered with a continual blister.

New-York Weekly Tribune. PROSPECTUS.

The Publishers of THE NEW YORK TRIBUNE, encouraged by the generous patronage and hearty approval which has been extended to their Daily paper since its establishment, and which has already rendered it the second in point of circulation in the city, propose to publish, on and after the 18th day of September, a WEEKLY edition, on a sheet of mammoth size, excluding all matter of local or transitory interest, and calculated mainly for Country circulation.

The Tribune—whether in its Daily or Weekly edition—will be what its name imports—an unflinching supporter of the People's Rights and Interests, in stern hostility to the errors of superficial theorists, the influence of unjust or imperfect legislation, and the schemes and sophistries of self-seeking demagogues. It will strenuously advocate the Protection of American Industry against the grasping and to us blighting policy of European Governments, and the unequal competition which they force upon us, as also against the present depressing system of State Prison Labor; it will advocate the restoration of a sound and uniform National Currency; and urge a discreet but determined prosecution of Internal Improvement.

The Retrenchment, wherever practicable, of Government Expenditures and of Executive Patronage, will be zealously urged. In short, this paper will faithfully maintain and earnestly advocate the Principles and Measures which the People approved in devolving on Whig Statesmen the conduct of their Government.

But a small portion, however, of its columns will be devoted to purely Political discussions. The proceedings of Congress will be carefully recorded; the Foreign and Domestic Intelligence early and lucidly presented; and whatever shall appear calculated to promote Morality, maintain Social Order, extend the blessings of Education, or in any way subserve the great cause of Human Progress to ultimate Virtue, Liberty and Happiness, will find a place in our columns.

The Weekly Tribune will be published every Saturday morning in Quarto form on a very large imperial sheet, (31 by 42 inches,) and afforded to Subscribers at TWO DOLLARS a year. Six copies will be forwarded a year for Ten Dollars, Ten copies for Fifteen Dollars, and any larger number will be invariably required, and the paper stopped whenever the term of such payment expires. Subscriptions are respectfully solicited by GREGELY & McELRATH, 30 Ann-st. New-York, Aug. 17, 1841.

The very Cheapest and Best.

ANOTHER WEEKLY MAMMOTH FAMILY NEWSPAPER.

THE PROPRIETORS OF THE WEEKLY LEDGER, which contained all the reading matter of six papers of their popular daily, whose circulation of between 20 and 30,000 copies is the best evidence of merit, having found their original anticipations in regard to patronage for their weekly experiment far exceeded by actual facts, notwithstanding their rigid adherence to the rule of sending no paper in any instance, until paid for, and invariably stopping all subscriptions at the expiration of the term ordered, and feeling therefore encouraged to further efforts to serve the public, have come to the determination to enlarge their weekly to the mammoth size: changing its title to that of "UNITED STATES;" and so establishing it as the fifth mammoth weekly journal of the United States.

The magazine and book literature of Europe and America will be diligently searched for things new, interesting and important, which will be set up for its columns expressly, and the same matter will not be used in any other paper.

In short, the "UNITED STATES" will be, in all respects, equal, if not superior, to any of its class, while in price it shall be far cheaper. Instead of \$3 a year, which is the price of the two mammoth newspapers of New York, and the two of Boston, the subscription of the "United States" will be only \$2 per year! The paper used in printing it will be of the finest quality, and the typographical execution neat and workmanlike.

The outer form of the "United States" will be devoted nearly exclusively to Literature, Tales, Sketches, Biography, Natural History, Poetry, Fine Arts, Reviews, Agriculture, Science, Anecdotes, &c.

The inner pages will contain the latest and most copious News, from both the Eastern and Western Hemispheres, together with original essays on finance and political economy, and editorial articles on every topic of interest and importance to the people of the United States. In discussing questions, political partizanship will be avoided, but the Truth shall never be withheld nor remain unspoken for fear of offending any party.

The low price of two dollars per year will not permit the publishers the loss of discount on uncurrent notes; it will therefore be charged to the remitter, and in proportion to the amount of the discount, so many papers less will be sent. Mail remittances to be post paid.

Postmasters, or others, remitting to us ten dollars will receive six copies. On no condition will a copy be sent until the payment is received. Newsmen and Boys supplied at the rate of \$4 per hundred. Single copies six cents. Address, post paid. SWAIN, ABELL & SIMMONS, S. W. corner of Third and Chesnut streets, Philadelphia.

SHERMAN'S WORM LOZENGES

Are the greatest worm medicines in the world. Dr Churchill has used them in over fifty cases, cured ten of spasms and three of fits. He considers them safe and sure, and recommends them to all.

Mr. J. B. Noyes has used them in his family with entire success, and several of his friends have great confidence in them.

Col L. Clark cured one of his children of spasms, and one of fits occasioned by worms. The Hon B. B. Beadsley thinks they have saved the life of one of his children. It had been a long time in a decline, and was attended by the best physicians without any relief. His family doctor recommended Sherman's worm Lozenges as the only hope; he did so, and through the blessing of God his child is now well—another living evidence of their wonderful virtues. Mr B says no family should be without them. More than 2,000 certificates might be added to their truly wonderful properties.

Capt Coffin, of Nantucket, consulted Dr Sherman, on account of his son, 8 years old. He had been in a decline for several months, and attended by four Physicians, who could afford him no relief. His symptoms were leanness, pallid hue, very offensive breath, disturbed sleep, broken off by fright and screaming, headache, a distressing cough, itching of the nose through the day, and of the anus towards night, with slimy discharges from the bowels. The doctor pronounced the case one of worms and recommended his Worm Lozenges. After the first dose the child ran to his parents frightened at the quantity of worms that came from him—he began to mend at once, and before he used one box, was entirely cured.

Benj. F. Goodspeed, 130 Sixth Avenue has always cured his children of worms, by Sherman's Lozenges. He would not be without them in his house on any account.

The Rev. Jabez Townsend's little girl, nine years old, was given up as incurable by two physicians. She was fast wasting away, and was so miserable, that death was alone looked to for relief. Three doses of Sherman's Worm Lozenges entirely cured her.

Dr. Stevens, one of the most distinguished physicians in this country, says Sherman's worm Lozenges are the safest, best article he knows of for destroying worms.

Dr. Hunter, another celebrated physician, uses no other worm medicine in his practise.

Dr. Castle, 297 Broadway, has used Sherman's Lozenges in his practise for more than two years, and never knew them to fail.

These valuable Worm Lozenges can be obtained at the Office of the JEFFERSONIAN REPUBLICAN, Stroudsburg, Monroe county, Pa.

Only 31 cts. per box. July 7, 1841.

WOOD TYPE.

Cut by Machinery, and warranted superior to any heretofore manufactured. GEORGE F. NESBITT, Tontine building, corner of Wall and Water streets, New-York, respectfully informs the Printers of the United States, that he has now in full operation his machine for cutting Wood Types, which being an entire new invention, is warranted to cut Types, both plain and ornamental, far superior to any heretofore exhibited to the public; and in proof of the assertion, informs the public that he has obtained Diplomas and Medals from both the American and Mechanic's Institutes of the City of New-York, at their Fairs of 1836, 1838, and 1839, as the books of the Institute will show.

George F. Nesbitt would particularly invite the attention of Printers to the fact, that through the politeness of the proprietors of the Liverpool and Havre line of packets, he has been favored with the latest French and English specimens, that many of the new styles in them are very handsome, and have been got up by him; they were exhibited by him at the Mechanic's Fair in this city, now just closed and pronounced by the Committee of Printers, appointed to examine Types and Specimens, to be superior to any Wood Types ever before exhibited, and having a decided advantage over large Metal Types.

George F. Nesbitt, would also inform the Printers of the United States, that he is ready to cut Types on Wood of any size, from 5 lines Pica, upward, from any of the patterns of small or Types contained in the extensive specimen of Messrs. G. Bruce & Co., or from any new pattern that can be suggested.

George F. Nesbitt is desirous that Printers, and those becoming Agents, should be acquainted with the fact, that his prices are much reduced from those heretofore charged by other manufacturers; that he allows his Agents thirty per cent. commission; that his terms are six months or ten per cent. discount for cash. Agents are wanted for the following cities, viz: Charleston, Albany, Detroit, Rochester, and Buffalo.

N. B. Printers of Newspapers, who will publish the above for six times, within three months from this date, and will send me a copy of their paper, shall be entitled to \$3 in Types; and should the Types not prove superior to any ever before manufactured, they can be returned, and the money will be paid in place of them.
