The Easton Whig of to-day, says:—By last evening's mail we received the unwelcome intelligence that the Bank of Pennsylvania was closed on Monday last, by the Attorney General. The Governor on Monday morning sent a note to the President, informing him that an injunction would be brought against the Bank that day, and directed them not to open their doors, pay out any of their money, or transfer their property; and that the same would be placed in the hands of proper officers, and disposed of according to law.

Military Convention.

The Military convention which assembled at Harrisburg, on the 20th ult., adjourned on Saturday last. The following are the leading recommendations adopted while in session:—

Resolved, That the parading of the ununiformed Militia is useless, burhensome, and injurious, and ought to be abolished.

That all able bodied white men, between the ages of 18 and 45 years, ought to be enrolled, and held liable to perform military duty for public purposes.

That drafts for public service ought to be made by classes, from the mass; but the uniformed militia might be subject to be first called into service in cases of sudden emergency.

That the mass ought to be organized according to the acts of Congress, and the uniformed militia to be also separately so organized as the nature of their duties may require.

That a system of rules in detail, founded on these principles ought to be carefully prepared.

APPOINTMENTS BY THE GOVERNOR, Jan. 22, 1842.—John Abraham, Inspector of Salted Provisions for the Port of Philadelphia.

Joseph Hall and Jacob Heintze, Inspectors of Domestic Distilled Spirits.

Impure Milk.

Jonathan Leavitt, 14 John street, has published a very curious book on milk, written by Robert M. Hartley, who describes the diseases and mortality of infants in our large cities, to the use of impure milk, taken from cows that feed on the slops of distilleries. He says that the cows on such food are absolute drunkards—and that milkmen should make all their cows join the temperance society, feed on fresh vegetables, and drink pure water. We believe that there is much truth in this matter.—N. Y. Herald.

RAILROAD MEETING.

In pursuance of previous public notice a meeting of the citizens of Pike county, was held at the Court-house in Milford, on Thursday evening, 27th January 1842. The following gentlemen were appointed officers of the meeting:

- PRESIDENT,
RICARD ELDRED, Esq.
VICE PRESIDENTS,
C. C. D. PINCHOT,
JEFFREY WELLS.
SECRETARIES,
B. A. BIDDIS,
DAVID VAN GORDEN.

H. S. MOTT, being called on, stated the object of the meeting and on his motion a committee was appointed to draft resolutions, whereupon the President nominated the following gentlemen, viz: Henry S. Mott, David W. Hagerly, Harvey Roys, Horace L. West, Solomon Newman, James S. Wallace, David Wells, John B. Quick, James Watson, Reamy Leauxreaux and Joseph Mannon, who retired and after a short absence reported the following preamble and resolutions, which were unanimously adopted:—

Whereas, we have understood that the New-York and Erie Rail Road Company are making application to the Legislature of Pennsylvania, to grant them the privilege of crossing the Delaware river at or near Saw-mill Rift in Pike county, and locating the said Road along the bank of the Delaware river for a short distance on the Pennsylvania side; and whereas it is a well known and indisputable fact that a more feasible and shorter rout would lead them through our County to the Lackawana Coal region which now remains untouched (comparatively speaking) for the want of facilities by which it may be transported to a market, which rout would augment the tonage on said road in our opinion four fold more than it possibly can be if located entirely in the State of New York, or merely touching Pennsylvania at some few points for a few miles, together for the sole and only purpose of avoiding some almost unsurmountable barriers on their own side of the river, and as it is said to be state pride that induces the said Company to keep as much as possible in the State of New York, we feel willing that it should be gratified by keeping there altogether, unless their coming in our State be a mutual benefit.

Therefore, Resolved, That we are opposed to granting the above privileges, because it can be of no advantage to the citizens of this State or County.

Resolved, That we oppose the measure because it may probably interfere with improvements which may hereafter be a pride to Pennsylvanians.

Resolved, That our Senator, Luther Kidder, and our Representative John H. Brodhead, be requested in case the above application be made to oppose the same and present our objections to the Legislature.

Resolved, That we stand ready to co-operate with any Company in the State of New York or New Jersey, to undertake the construction of a Rail Road from Tidewater to the Lackawana Coal mines, and refer the public to the report of survey made by Mr. Sergeant.

Resolved, That our Representative be requested to procure an extension of the time for completing the Delaware and Susquehanna Rail Road, and the appointment of new Commissioners.

Resolved, That a Committee of six be appointed to correspond with individuals on the subject of the above work, and to lay before capitalists its superior advantages.

Whereupon, the President appointed the following corresponding committee, viz: Henry S. Mott, John H. Wallace, Milton Dimmick, Samuel Dimmick, Reamy Leauxreaux and Josiah H. Foster.

Resolved, That a committee of three be appointed to circulate a petition for an extension of the Law for the construction of the Delaware and Susquehanna Rail Road, and to correspond with our member of the Legislature on that subject. Whereupon, the President appointed D. W. Hagerly, B. A. Biddis and Jas. S. Wallace.

Resolved, That the proceedings of this meeting be published in the Jeffersonian Republican, Monroe Democrat and Wayne County Herald. (Signed by the officers.)

We suppose that the Loco-Focos abroad will now stigmatize the demolished banking houses of Lougee & Moore, in Cincinnati and Louisville, as "Whig shipplaster shops." We can state, however, that both Lougee and Moore are first rate Loco-Focos. Lougee, in particular, is a real Loco-Foco veteran. He came here from Albany, New York; and we have a thousand times heard him boast, that while there, he was admitted at all the meetings and secrets of the Albany Regency. Oh, how it always seemed to do his heart good to dwell upon the cherished recollections of his intimacy with Van Buren, Marcy, Crosswell, Flagg, Knowler, and all the rest of the distinguished Loco-Foco regents at New-York's capital!

Loud were Lougee's rejoicings over the downfall of the United States Bank. "Now," said he, "you will have a chance to witness the operation of the genuine principles of Democratic Banking." We have witnessed it. [Louisville Journal.]

Female Counterfeiters.

Mary Kelly and Ann Nugent have been arrested in New York for passing false money.

A Candidate.

Alvan Stewart, Esq. has been nominated for Governor by the anti-slavery convention of New York.

The Girard Bank Stopped—Great Excitement—A Meeting of the other Banks.

On Wednesday forenoon, the town became intensely excited in consequence of the report that the other city Banks had refused any longer to take the notes of the Girard Bank. The Northern Liberty Bank was the first to refuse. A large crowd soon collected within and around the doors of the Bank, great numbers of whom were anxious to get the notes exchanged. The Bank, from the first, refused to redeem any of its issues excepting the five dollar notes. For these, they gave the notes of other Banks. It is said with confidence that the great bulk of its circulation is in large bills, and that it truly to be rejoiced at as a far less amount will be in the hands of the poor than would otherwise have been the case.

A meeting of the committees from the several Banks was held during the afternoon. Another one assembled in the evening, the object of which was to see if any arrangements could be made by which the Girard should in some way secure the other Banks, so as to justify them in receiving hereafter the notes of that Institution. The meeting continued in session until half past one o'clock in the morning, having finally come to the conclusion that no arrangements could be effected to justify them in assuming further liabilities of the Girard Bank. And thus the Girard is entirely stopped. It is said that the brokers have large amount of the notes of the Bank. A few shares of stock were sold in the afternoon at \$5. For the notes no rates have been fixed, no sales having been made to justify quotations, which might not mislead. A few went at 10 per cent. discount.—Sat. Cour.

Notice to the Public.

GIRARD BANK, January 27, 1842.

The Directors of the Girard Bank having failed in their efforts to make a satisfactory arrangement for the immediate redemption of its issues, find themselves under the painful necessity of closing the Bank for the present.

The total liabilities of the Bank at this time, exclusive of its capital stock, amounts to \$1,433,692 98
Consisting as follows:
Of circulation known to be in the hands of other Banks. \$500,000 00
In the hands of the public, 273,395 00
Of deposits, 251,195 09
Of balances due to Banks and Bankers, 409,102 89

The total assets of the Bank, at cost, exclusive of its own stock held by it, amount to \$4,700,000

Under these circumstances, the Board of Directors deem it their duty to assure the public, of their confident belief in the ability of the Bank to discharge all its liabilities in a reasonable time, to promise their best efforts to bring about this result; and to caution the holders of its notes against parting with them at a sacrifice.

By order of the Board of Directors,
WM. D. LEWIS, Cashier.

Towanda Bank Exploded.—The Towanda Democrat says that J. Boyd has been removed from the office of Cashier of the Bank in that place, and Mr. Van Ingen is now discharging the duties. That same paper has a long editorial article, intimating strongly that dishonesty is at work, but throwing the responsibility upon other people. It adds, that the President and Directors are doing all in their power to relieve the Bank of its "present embarrassments." But "if, as is by many suspected, a system of speculation and swindling, this institution has become really insolvent and rotten at the core, the people ought not to be kept in the dark, and a due sense of propriety, under such circumstances, we trust will dictate to its officers and directors the immediate closing of its doors, and an honest settlement of its affairs." This is enough. If people will now receive Towanda money, they do it with their eyes open.—Phil. Gaz.

Attempt to Rob a Bank.

An attempt was made on Monday night last to enter the Menonghaela Bank of Brownsville, by displacing the bricks immediately over the side of one of the outer doors; but finding the operation rather difficult of accomplishment, the rogues gave it up as a bad job.

An incision had also been made with a chisel, or some other instrument, in the western corner of the building, facing the vault; but this, it would appear, was considered too formidable an undertaking, and was abandoned almost as soon as begun. The building is occupied by one of the officers of the bank, and it is not very probable that the rogues could have gained ingress to the vaults without giving the alarm, as the walls are several feet thick at that point. Failing here, better success attended their efforts in another quarter. The store of Morgan Mason was entered on the same night, and robbed of near 100 dollars in cash, and some valuable articles of clothing, after which the incendiary's torch was placed to the building, which, providentially, failed to have the desired effect, the fire having gone out before any damage was done.—Washington, Pa. Reporter.

The Van Zandt Case.

The Rev. W. Van Zandt's trial before an Ecclesiastical Court has been adjourned to Oswego, and the verdict will not officially transpire till it has been approved by Bishop Delancey. The Rochester Evening Post says that three of his judges were for acquitting him and two for finding him guilty.

PETERS PILLS

Doct. Joseph Priestly Peters'

CELEBRATED VEGETABLE ANTIBILIOUS PILLS, Are daily effecting some of the most astonishing and wonderful cures that ever was known.

Mrs. E. Ward of New York was troubled with Dyspepsia and Liver Complaint for upwards of fifteen years; her symptoms were as follows. Frequent pulse—turred tongue—bowels irregular, mostly costive, yet sometimes relaxed with a bilious discharge—urine saffron colored—skin dry—thirst—bad taste in the mouth, particularly in the morning—pain in the right side, in the region of the liver, sometimes in the right shoulder; cough; expectoration of offensive matter; nausea or sickness of the stomach; yellowness of the skin and eyes, loss of appetite; lowness of spirits; broken sleep and unpleasant dreams; easily fatigued; loss of flesh; unhappy and evil forebodings, &c. By using these valuable pills a short time was entirely restored.

Miss Clark, daughter of Col. Clark, was affected with irregularities and obstructions, attended by the following symptoms: Languor; disturbed sleep; pale face; cold feet; nostrils dry, urine pale, sometimes a distressing cough like a hasty consumption, sweating of the feet towards night, and of the face and eyes in the morning, general debility, lassitude, &c. By using these pills according to directions, was entirely restored.

Rev. J. B. Whitefield had been several years subjected to severe headache, but by the use of three boxes, he has been entirely cured.

Hon. E. D. Davis was so afflicted with Rheumatism as to be unable to dress himself. By the use of three boxes was entirely restored.

Professor Armstrong says he has used them in his practice for the last five years, and his opinion is that nothing can compare with them in cases of Nervous Debility, Head Ache, Nausea, and all cases of Bilious Affections.

Drs. Mott, Nelson, Rogers, Smith, Harris, Vanderburgh, Hobson, Williams, Emmerson, (of New York) Waines, (of Philadelphia) Scott, (of Baltimore) and hundreds of the most eminent physicians throughout the United States, recommend these pills as decidedly superior to all others in use.

These Valuable Pills can be obtained of Doct. Samuel Stokes and J. D. & C. Malvin's, Stroudsburg, only agents for Monroe county. January 5, 1842.
