## PROTECT EACH OTHER. WAYNE COUNTY MUTUAL INSURANCE COMPANY.

ALL Persons insuring in this company are members equally interested in its welfare and in the election of its officers.

In order to become a member of this company and thereby be insured, the applicant gives a premium note, the amount of which is in proportion to the amount to be insured, and its degree of hazard, thus: If \$1000 is to be insured, at 5 per cent., he gives his note for \$50. If at 10 per cent. he gives his note for \$100, and in that proportion for a greater or less sum, according to the rate of hazard, on which note he advances 6 per cent., and an additional sum of \$1 50 for survey and policy. He then becomes a member on the approval of his application and is insured for five years. The aggregate of the premium notes constitutes the cash fund, chargeable first, with the expenses, and second, with the losses of the Company; and should it prove insufficient to pay both losses and expenses the money to meet the losses, (should any occur) is borrowed agreeably to the act of incorporation, and paid. An assessment is then made to repay such loan upon the premium notes, in proportion to their respective amounts, and in no case to be made but once a year, notwithstanding several losses may happen.

At the expiration of five years the note, if any assessments have been made and paid, is given up, and the insured may renew his application.

Policies may at any time be assigned or surrendered and cancelled, and the premium notes given up, according to the by-laws of the Company. No more than three fourths of the cash value of any property will be insured, and all great hazards, such as Cotton Factories, Powder Mills, Distilleries, Machine Shops, Manufactories for Printer's Ink, and all establishments of the same class of hazards, are not insured upon any conditions whatever, and that no one risk is taken over \$5000, it is considered much more safe and less expensive than in Stock companies, where they insure large amounts and hazardous property.

## A NATURAL REMEDY, Suited to our Constitutions, and competent to the cure of every curable disease will be found in the INDIAN VEGETABLE PILLS, OF THE

North American College of Health.

THESE extraordinary Pills are composed of plants which grow spontaneously in our own soil; and are therefore, better adapted to our constitutions, than medicine concocted from foreign drugs, however well they may be compounded; and as THE INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth

SUBJECT TO BUT ONE DISEASE,  
viz: corrupt humors, and that said medicine cures this disease on

NATURAL PRINCIPLES—  
by cleansing and purifying the body; it will be manifested, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a Swamp or Morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity.

THE INDIAN VEGETABLE PILLS  
Will be found one of the best, if not the very best medicine in the world for carrying out this

GRAND PURIFYING PRINCIPLE,  
because they expel from the body all morbid and corrupt humors, the cause of disease in an easy and NATURAL MANNER; and while they every day

GIVE EASE AND PLEASURE,  
disease of every name is rapidly driven from the body.

The above named INDIAN VEGETABLE PILLS, have been three years before the American public; and we can now say without fear of contradiction, that of all the various medicines which have heretofore been popular, not one has given such universal satisfaction, or obtained such a permanent hold upon the affections of the people. Not only do all who use it invariably experience relief, and recommend it in the strongest terms; but it has effected some of the most astonishing cures ever performed by medicine.

Hitherto, very few of the numerous testimonials which have been received in favor of this extraordinary medicine have been published, as the medicine obtained its present great celebrity merely by its own intrinsic goodness than from extensive advertising. It has been deemed proper however to offer the following opinions of the public press, together with a few extracts from letters of Agents, merely to show, that the fame of the Indian Vegetable Pills, is not confined to any one section, but is rapidly extending itself to every part of the Union.

From the Philadelphia Saturday Evening Post  
THE INDIAN VEGETABLE PILLS.

Wright's Indian Vegetable Pills are attaining great celebrity in New England as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles, meets with general reprobation. Mr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times.  
THE INDIAN VEGETABLE PILLS.

People are pretty well satisfied by this time, that Calomel, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are very many humbugs, however, among the latter, and we would advise all those who have the least regard for their health, to try the INDIAN VEGETABLE PILLS OF THE NORTH AMERICAN COLLEGE OF HEALTH, sold at 169 Race street, Philadelphia; as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times.  
INDIAN VEGETABLE PILLS.

Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to" than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we heard an eminent Physician of the city recommend them in high terms. There used to be in the community, a great repugnance to the use of QUACK medicines, as they are all indiscriminately termed, but it was mainly owing to the regular M. D.'s constantly denouncing them. They are however, becoming more liberal in this respect, and the consequence is that good vegetable medicines are now more extensively used than formerly.

Extract of a letter from Peter Christ, Uniontown, Carroll County, Md., Nov. 17th, 1833.

Dear Sir:—About two months ago, I had business in Baltimore, and called at your office, and bought a few boxes of the Indian Vegetable Pills; and upon trying them I found them to be far superior to Pills, or any other medicine I had ever used. I had been subject to a cough for five years past, and during the time have taken a variety of medicines without any relief, until I got the Indian Vegetable Pills, and by taking four doses, the cough began to leave me; and I now enjoy better health than I have done for years past. After I found them to be a valuable medicine, I immediately sent to Baltimore for a large supply. I have received so much benefit in using the INDIAN VEGETABLE PILLS that I cannot help but recommend them to every invalid I see and think so well of the medicine that I have sent two dozen boxes to my invalid friends, in the State of Indiana. Signed,

PETER CHRIST.

From G. C. Black, New York.

Mr. Wm. Wright—Dear Sir—you will please to forward as soon as possible, some of your Indian Vegetable Pills; as we are almost out of the article, and they appear to be getting into general use here. We have a great call for the medicine at present, and those that have used them, speak very highly of them. One gentleman attributes his being cured of Dropsy to the use of them; and another has been cured of Dyspepsia, solely by the use of your INDIAN VEGETABLE PILLS, and is willing you should publish his case if you think proper.

G. C. BLACK,

No. 1 Chatham Square, New York.

Extract of a letter from Mr. A. Larrimore, Indiana. Doctor Wright—Dear Sir—Having some knowledge of your most excellent compound INDIAN VEGETABLE PILLS, and not knowing how to get a fresh supply, my stock being nearly exhausted, and wishing to always have them in my family, I take this method to open a correspondence with you. The pills alluded to are well thought of here and very much wanted. I wish to make arrangements with you for a constant supply, as I think a very great quantity could be sold in this section of the country.

Extract of a letter from Samuel Griffith, Stewartstown, York County, Pa.

Mr. W. Wright—Dear Sir—I am selling the Indian Vegetable Pills by the dollar's worth, and at that rate the stock of Pills, left by your travelling agent, will soon be out.

I am pleased to find they are such ready sale. Those who have used them, speak in the highest terms of them. Many have already found great relief from their use, and when the cures are finally effected, I shall do you the justice to inform you of the same.

Extract of a letter from Lycoming County, Pa.

Mr. Wm. Wright—Dear Sir—On being appointed Agents for the sale of the INDIAN VEGETABLE PILLS in this place, we only took one gross on trial; but it would have been better if we had taken a half dozen gross; for on a fair trial they have far exceeded our most sanguine expectations. In fact so much so that we have been obliged to send to Mr. Zimmerman, at Lancaster, more than a hundred miles from here, for ten dozen; but these will last but a very short time, the way we are selling them since they have been fairly tested. At the first place, I gave some to our Physicians, to make trial of since which they have purchased a number of boxes, and highly approve of them. A few days ago, there was a lady sent 30 miles to get a box of the Pills, she at the time was very low, and unable to turn herself in bed; but in two days, an informant says she was able to help herself. We could mention many other cases, but deem it unnecessary at this time; but would merely say, that as the season is fast approaching when there will be a great demand for the INDIAN VEGETABLE PILLS, and if we only could get a supply of the medicine we could establish other agents, which would be an immense advantage not only to the NORTH AMERICAN COLLEGE OF HEALTH; but to the public generally. Please let us know your views on the subject, and any directions relative to the same, will be promptly attended to by us respectfully, your friends,

## Repudiation.

"Good mornin," Cuff Links—I cum for to ax you for why you no pay dat small account of tree and one pence, which I descended to you troo de hands of my little nigga Bill?"

"Sambo Sunks, I hab de honor to deform you dat I hab received dat account; and dat I acknowledge de debt; but, sah, let me also deform you dat a change hab come ober de state of tings, and dat I solemnly repudiate de account, and will nebbber pay it, so help me Mrs. Sippi!"

"Cuff, you is a dishonest nigger!"  
"No, you brack African, I does but follow de fashion ob de times—I always was a fashionable darky."

To WASH MERINOES, BOMBAZINES, AND CHALLYS.—Take out all gathers and plaits. Free the article from dust. Make suds of warm (not hot) water and white soap, adding a spoonful of ox-gall. Then wash in a weaker suds, adding for dark things a handful of salt, and for light things a tea-spoonful of oil of vitriol. Do not wring, but fold and press the water out on the table, catching it in a tub beneath.—When nearly dry roll in a damp towel and let it lie in an hour. Iron on the wrong side. Do not let them remain damp very long. For black bombazines, put in lye instead of ox-gall.

## A Penman.

On a recent occasion, a witness before one of the London Police Offices, described himself as a "penman," but on being asked on what species of "penmanship" he was employed, he replied that he penned sheep in Smithfield market.

## A Mistake.

Quite a mistake lately took place in a love affair in the north. A couple of young fools agreed to elope together, and by some mistake in the preliminary arrangements, the male lover put his ladder up to the window next to that in which his sweetheart slept, which proved to be that in which her anxious mamma, a handsome widow, reposed. She turned the mistake to her own advantage, got into his affectionate embraces, was borne by him to her carriage, and by persevering, becoming silence until daylight, kept him blind of his error, and then by the potent power of her blandishments actually charmed him into matrimony with herself. We give these facts on the authority of a respectable correspondent.—Dan Chronicle.

## Effects of Energy.

It is stated that John M. Gregory, Esq., upon whom will devolve the duties of Governor of Virginia in case the Legislature fail to make an election, was once a stage driver, a cutter of logs, and took a hand at various other hard employments. He is a man of talents, and the architect of his own fame.

## Rebellious Hens.

A neighbour of ours states that hog's lard is the best thing he can find to mix with the dough he gives to his hens. He says one cut of this fat, as large as a walnut, will set a hen to laying immediately after she has been broken up from her setting; and thus his hens lay through the whole winter. Will some more experimenters try the virtue of hog's lard?—Boston Ploughman.

If you are desirous of wealth, get married, for a good wife promotes habits of industry and economy and prevents a great many unnecessary expenses which cannot be avoided in a single life.

If you are looking for stations of distinction and honor, get married, for a good wife will seek to advance her husband in the prosecution of all honorable purposes, and lend him that aid and encouragement which he can derive from no other source.

If you would become a good citizen, get married, for he is alone worthy of the title, who is connected to the great family of men by the ties of husband and father.

If you are fortunate, get married, for a good wife will increase your prosperity and render you 'twice blessed' in the enjoyment of your riches.

If you are unfortunate, get married. The cares of the world are lessened by having a wife who takes pleasure in sharing them with you.

If you are in business, get married, for the married man has his mind fixed on his business and his family, and is more likely of success.

If you are young, get married. Dr. Franklin advocated early marriages because a man who marries young, can have the satisfaction of raising and educating his children before he dies.

Get married—Let your plans and purposes for future life be what they may, the business of getting married is one that should be attended to first, as it neither interferes with your plans, nor prevents their execution.

Get married—Live soberly, be industrious, engage in nothing that will deteriorate from your character as an honest man, a pure patriot, and a kind husband—take our advice, and with all your gettings, get married.
