Loco Foceism and Popery.

The Catholics of New-York, took strong ground last fall against the Public Schools as established in that City, and by voting a Ticket of their own, were instrumental in defeating several of the Loco Foco candidates for the Legislature. Seven Returns of Post Offices in Monroe eights of the people of New-York were averse to any change in their excellently constituted Public Schools-yet in order to appease the Catholics, and to insure their aid this Spring in carrying the City, and continuing themselves in power there, the Loco Focos of the New York Legislature joined forces with Bishop Hughes, and passed a Bill which sets up a new and independent Catholic School System, in the City, in which obedience to the Bulls and Decrees of Poperv is to be taught, and the exercise of reason and conscience, as well as the reading of the Bible, strictly prohibi-

Is there one honest Loco Foco in the land, friendly to Protestantism and Christianity, who will not weep for his country, and hide his face for shame, to think that the principles which he has professed to cherish should be thus discarded, and the party to which he is attached sold by its leaders to the Pope of Rome, to maintain a short lived power in the City of New York! The Bank Bribery Business.

We are glad that the Press of both parties, generally, throughout the Commonwealth is speaking out in manly tones against the late Message of their respective papers. Governor Porter. It is a document which has surprised both friends and opponents, and all join in demanding a full investigation into the charges of Bribery which have been made against him and his associates. We are credibly informed that it is the determination of a portion of the Committee of the Legislature, at least, who have the matter in hand, not to desist in their labors, until they have light hair.
