The unbounded approbation bestowed on the
plan and execution of the YOUNG PEOPLE'S
BOOK, by the conductors of the public press
throughout the U. States, and by numerous per-
sons of the highest distinction, in the various walks
of Literature, Science and Art, as well as the sub-
stantial patronage it has received, have induced
the publisher not only to increase its claims to re-
gard by

ADDING TO ITS LITERARY MERITS,
but also to make it more accessible to all classes
of the community, by
Reducing the Price of Subscription.

For the former purpose, besides continuing the
services of
PROFESSOR FROST,

whose ample scholarship, enlarged information,
correct taste, and acknowledged ability as an elean-
and instructive writer, peculiarly qualify him
for the management of a periodical devoted to
young people, the publisher has engaged the
EDITORIAL AID OF T. S. ARTHUR,

a gentleman so favorably known to the American
public, through the medium of his unsurpassed pro-
ductions, that it would be idle to pronounce any
eulogy on his merits. Perhaps no living author is
more eminently fitted to impart instruction in an
attractive and impressive form than Mr. Arthur.
Endowed with an extraordinary acuteness of per-
ception, and the most vivid power of delineation,
he has applied these rare gifts to the development
of practical truths, and while every thing which
falls from his pen is calculated to attract and fix the
highest degree of interest, it impresses at the same
time the most useful moral. Thousands, it may
confidently be asserted, have already been awak-
ened to a sense of duties unperformed, or evil
habits unrestrained, by the simple and unobtrusive
but searching lessons he has taught, and in the new
field which his connection with the editorial de-
partment of the Young People's Book will open to
him, no doubt can be entertained that he will reap
fresh honors for himself, and confer fresh benefits
on the community.

In addition to the labours of the editors, whose
energies will be constantly directed to maintain
and improve the high character which the Young
People's Book has acquired, the various literary
and scientific persons, whose contributions have
given dignity and force to the work, will continue
to be regular correspondents, and to these will be
united almost every native writer, male or female,
whose aid may be made instrumental in promoting
the great object of the work—namely, to convey
useful knowledge in such a form as will gratify
the tastes while it will improve the minds and
hearts of those classes to whom it will be espe-
cially addressed.

Without intending the slightest disparagement
to either of the many admirable periodicals now
issued from the American press, the publisher of
the Young People's Book feels justified in saying
that his work possesses advantages, in some re-
spects, which no other can fairly claim. Avoiding
on the one hand whatever is frivolous in itself or
false in its teachings, and on the other, whatever
is tedious or unentertaining, it occupies a middle
ground between the magazines exclusively devo-
ted to light literature and those of a purely scien-
tific character, and by making the graces of com-
position subservient to the inculcation of practical
knowledge, it is calculated alike for pleasure and
profit.

In point of embellishment the Young People's
Book will not suffer by comparison with the cost-
liest productions of the times.

The Mezzotint and Steel Plates
it has furnished have all been prepared by artists
of the greatest celebrity, and some of the former
are universally admitted to surpass in appropriateness
of design and elegance of execution, any others
which have been published in this country.

Those intended for the forthcoming volume are
not less distinguished by fitness and beauty; and
adding to these the
NUMEROUS ENGRAVINGS ON WOOD

which will also be given, it may be predicted with
safety that the pictorial department will be such
as of itself will merit the most extended patronage.

The Young People's Book, though, as its name
implies, principally designed for youth of both
sexes, is adapted to all classes. Persons of every
age who are competent to read understandingly
may derive both information and amusement from
its pages, and in every well ordered family circle
it cannot fail to prove an acceptable and agree-
able companion, through whose agency both men-
tal recreation and mental discipline will be pro-
moted. To enable every family, no matter how
limited its pecuniary circumstances may be, to
subscribe, the publisher has determined to reduce
the price of the work, notwithstanding the new
arrangements he has entered into will considera-
bly augment the outlay he is compelled to make.

For his compensation he relies on an enlarged
subscription list, which he cannot permit himself
to doubt he will immediately obtain.

The Young People's Book is published Month-
ly. Each number will contain an ample variety
of original Reading Matter, a Mezzotint or Steel

plate, and other Engravings. The price to single
subscribers will be only \$1 50 per annum, or four
copies for \$5, and ten copies for \$10, payments to
be made invariably in advance. The plates alone,
if purchased separately, would cost treble the price
of subscription.

nians," for \$2.

SHERMAN'S
WORM LOZENGES

Proved in more than 400,000 cases to be infal-
lible; the only certain worm-destroying medi-
cine ever discovered. Many diseases arise
from worms and occasion long and intense suffer-
ing and even death, without their ever being
suspected; grown persons are very often afflicted
with them and are doctored for various com-
plaints, without any benefit; when one dose of
these Lozenges would speedily cure them.

Mr. J. Murphy, 90 North st. Philadelphia,
was applied to by a poor woman whose daugh-
ter, 7 years old, had been sick for nearly 3
years; her stomach was as large as a grown
person's, her arms and legs so swollen that she
could not walk or help herself, although she
could eat as much as two laboring men. Two
celebrated doctors had exhausted their skill
without any benefit; the father had spent all he
could raise and was discouraged, he abandoned
all idea of doing anything more for her, and
looked to death alone, to take her out of her
misery. Mr. Murphy believing it a case of
worms, gave her a box of Sherman's Lozenges,
and in two days she returned with joy beaming
in her eyes, and said the Lozenges had saved
her child's life. The first dose brought away
nearly a pint of worms in one living mass, she
afterwards counted over 800 that were discharg-
ed, besides the mass—which she could not
count. The child was literally eaten up with
them—another living witness of the almost mir-
aculous efficacy of Sherman's Lozenges.

A fresh supply of the above valuable
Lozenges, just received and for sale by T.
SCHOCH, Republican Office, Stroudsburg,
sole agent for Monroe county.

Price—25 cents per box.

PETERS PILLS

We have tried Doctor Jos. Priestley Peters' Ve-
getable Pills, and have no hesitation in pronounc-
ing them the best Antibilious Medicine that we
have ever used in our families. We are acquaint-
ed with several families in this city who give them
the preference to all other kinds, on account of
their mildness, and at the same time, certainty of
action.—New-York Examiner.

More than ten millions of boxes of these truly
valuable Antibilious Pills have been sold in the
United States, Canada, West Indies, Mexico, and
Texas, since the first of January, eighteen hun-
dred and thirty-five.

Hundreds and thousands bless the day they were
induced by the persuasion of a friend, to try a Box
of Doctor Peters' Pills.

They are in use as a Family Medicine, and all
who have used them give them the preference to
all other kinds, on account of their being a safe,
pleasant, and easy aperient—being mild in their
action at the same time; though, in their operation,
producing neither sickness, griping, nor debility.

Doct. Jos. Priestley Peters,
DEAR SIR—I have used your valuable
Pills these last four years, in cases of Dyspepsia,
Liver Complaint, and Sick Head-ache, and have
found them, in a majority of cases, the most valu-
able Pills I have ever used.

JOHN CASE, M. D.
For Sick or Nervous Head-ache, or Bilious Fe-
ver, I would recommend Peters' Pills in preference
to all other kinds.

R. H. ARMSTRONG, M. D.
The following from the EMINENT DOCTOR
EMMERSON, is considered sufficient.

I have used in my practice, these last five years,
Doctor Jos. Priestley Peters' Vegetable Antibilious
Pills, and considered them the BEST FAMILY
MEDICINE I have ever used.

A fresh supply of these valuable Pills just re-
ceived and for sale at the office of the REPUBLICAN,
Stroudsburg.

Weak Backs! Weak Backs!!
1,000,000 SOLD YEARLY.

SHERMAN'S POOR MAN'S PLASTER.

The best strengthening plaster in the world,
and a sovereign remedy for pains, or weakness in
the back, loins, sides, breast, neck, limbs, joints,
rheumatism, lumbago, &c. &c.

Jos. W. Hoyle, esq., who had been so afflicted
with rheumatism, as to be unable to dress himself
without assistance, was enabled after wearing one,
only one night, to get up alone in the morning, put
on his clothes, and call at our office with eyes
beaming with joy, and his tongue pouring forth
the gladness of his heart, at the sudden and signal
relief he had received from this best of all reme-
dies.

Mr. David Williams, of Elizabethtown, N. J.
an old Revolutionary Soldier, was so afflicted with
Rheumatism, that he could scarcely help himself—
these Plasters entirely cured him. Thousands of
certificates might be given of their wonderful
properties, but the fact of the enormous quantity sold,
must be the greatest evidence of their virtue.

For sale at the Republican Office, by T. Schoch,

Sherman's Cough Lozenges,

Are the safest, most sure and effectual remedy
for Coughs, Colds, Consumption, Whooping Cough,
Asthma, Tightness of the Lungs or Chest, &c. &c.
The proprietor has never known an instance where
they did not give perfect satisfaction.

Over 3,000 persons have given their names with-
in the last year as a reference of the wonderful
virtues of these Cough Lozenges. They cure all
recent cases in a few hours, seldom requiring more
than one day to entirely eradicate the most dis-
tressing ones.

Mr. G. T. Matthews, suffered a year with a hard,
tight cough, pain in the side, spitting of blood, and
all the usual symptoms of consumption. The Lo-
zenges relieved him immediately, and in a few
weeks restored him to perfect health. He says they
are the greatest cough medicine in the world.

The Rev. Dr. Eastmond, gave a few to a lady, a
friend of his, who had been given up by her phy-
sician and friends as in the last stage of consump-
tion. The first Lozenge gave her considerable re-
lief, so that she was encouraged to persevere in
their use; and through the blessing of God they re-
stored her to perfect health.

Mr. James W. Hale, No. 5 Tontine Buildings,
Wall st., gave some to a friend who had not enjoyed
a night's sleep for several weeks, being every
few minutes attacked with such a distressing
cough, as almost to take away his life. The Lo-
zenges made him raise easy, and enabled him to
sleep well all night. He had tried every thing he
heard of, and nothing else afforded the least relief
a—another instance of saving a fellow being from
an untimely grave.

The Rev. Darius Anthony, of the Oneida Con-
ference, was given up as incurable, believed to be
on the verge of the grave from consumption, with-
out the hope of relief, till he tried these Lozenges.
They relieved him immediately, and in a few
weeks restored him to health, so that he could re-
sume his duties as a minister of the gospel. He
recommends them to all who are consumptive or
have any derangement of their lungs, as the great-
est medicine in the known world. He has wit-
nessed their effects on several others, and always
with the happiest results. He says so great a
remedy through the blessing of Divine Providence,
should be the common property of all, and in every
family on the face of the earth.

A NATURAL REMEDY,

Suited to our Constitutions, and competent to the
cure of every curable disease will be found in the
INDIAN VEGETABLE PILLS,

OF THE
North American College of Health.

THESE extraordinary Pills are composed of
plants which grow spontaneously on our own soil;
and are therefore, better adapted to our constitu-
tions, than medicine concocted from foreign drugs,
however well they may be compounded; and as
THE INDIAN VEGETABLE PILLS are found-
ed upon the principle that the human body is in
truth

SUBJECT TO BUT ONE DISEASE,
viz: corrupt humors, and that said medicine cures
this disease on

NATURAL PRINCIPLES—
by cleansing and purifying the body; it will be man-
ifest, that if the constitution be not entirely ex-
hausted—a perseverance in their use, according
to directions, is absolutely certain to drive disease
of every name from the body.

When we wish to restore a Swamp or Morass
to fertility, we drain it of the superabundant wa-
ters; in like manner if we wish to restore the body
to health, we must cleanse it of impurity.

THE INDIAN VEGETABLE PILLS
Will be found one of the best, if not the very best
medicine in the world for carrying out this

GRAND PURIFYING PRINCIPLE,
because they expel from the body all morbid and
corrupt humors, the cause of disease in an easy
and NATURAL MANNER; and while they every
day

GIVE EASE AND PLEASURE,
disease of every name is rapidly driven from the
body.

The above named INDIAN VEGETABLE PILLS, have
been three years before the American public; and
we can now say without fear of contradiction, that
of all the various medicines which have heretofore
been popular, not one has given such universal
satisfaction, or obtained such a permanent hold
upon the affections of the people. Not only do all
who use it invariably experience relief, and recom-
mend it in the strongest terms; but it has ef-
fected some of the most astonishing cures ever
performed by medicine.

Hitherto, very few of the numerous testimonials
which have been received in favor of this extraor-
dinary medicine have been published, as the medi-
cine obtained its present great celebrity more by
its own intrinsic goodness than from extensive ad-
vertising. It has been deemed proper however to
offer the following opinions of the public press,
together with a few extracts from letters of Agents,
merely to show, that the fame of the Indian Vege-
table Pills, is not confined to any one section, but
is rapidly extending itself to every part of the Union.

From the Philadelphia Saturday Evening Post.

THE INDIAN VEGETABLE PILLS.
Wright's Indian Vegetable Pills are attaining
great celebrity in New England as well as other
parts of the United States. The attempt of per-
sons to defraud the public by the sale of spurious
articles, meets with general reprobation. Mr.
Wright is an indefatigable business man, and
shows an array of cures by the medicine which
warrant confidence in the virtues of his Indian
Vegetable Pills.

From the Philadelphia Spirit of the Times.

THE INDIAN VEGETABLE PILLS.
People are pretty well satisfied by this time,
that Calomel, and the other thousand and one mi-
neral preparations of the shops, are better adapted,
as a general rule, to kill rather than cure the pa-
tient; as a matter of course, vegetable medicines
are therefore in great request. There are very
many humbugs, however, among the latter, and
we would advise all those who have the least re-
gard for their health, to try the INDIAN VEGE-
TABLE PILLS OF THE NORTH AMERICAN
COLLEGE OF HEALTH, sold at 169 Race
street, Philadelphia; as they are the preparation of
one intimately acquainted with the healing art.

From the Boston Daily Times.

INDIAN VEGETABLE PILLS.
Of all the public advertised medicines of the
day, we know of none that we can more safely re-
commend for the "ills that flesh is heir to" than
the Pills that are sold at the depot of the North
American College of Health, No. 198 Tremont
street, Boston. Several instances we know of
where they are used in families with the highest
satisfaction; and no longer ago than yesterday, we
heard an eminent Physician of the city recommend
them in high terms. There used to be in the
community, a great repugnance to the use of
QUACK medicines, as they are all indiscriminately
termed, but it was mainly owing to the regular
M. D.'s constantly denouncing them. They are
however, becoming more liberal in this respect, and
the consequence is that good vegetable medicines
are now more extensively used than formerly.

Extract of a letter from Peter Christ, Uniontown,
Carroll County, Md., Nov. 17th, 1838.

Dear Sir:—About two months ago, I had busi-
ness in Baltimore, and called at your office, and
bought a few boxes of the Indian Vegetable Pills;
and upon trying them I found them to be far supe-
rior to — Pills, or any other medicine I had
ever used. I had been subject to a cough for five
years past, and during the time have taken a vari-
ety of medicines without any relief, until I got the
Indian Vegetable Pills, and by taking four doses,
the cough began to leave me; and I now enjoy bet-
ter health than I have done for years past. After
I found them to be a valuable medicine, I imme-
diately sent to Baltimore for a large supply. I
have received so much benefit in using the IN-
DIAN VEGETABLE PILLS that I cannot

help but recommend them to every invalid I
meet and think so well of the medicine that I have
two dozen boxes to my invalid friends, in the
State of Indiana. Signed,

PETER CHRIST,
From G. C. Black, New York.

Mr. Wm. Wright—Dear Sir—you will please
forward as soon as possible, some of your Indian
Vegetable Pills; as we are almost out of the stock,
and they appear to be getting into general use
here. We have a great call for the medicine at
present, and those that have used them, speak in
high of them. One gentleman attributes his being
cured of Dropsy to the use of them; and another
has been cured of Dyspepsia, solely by the use of
your INDIAN VEGETABLE PILLS, and is willing he
should publish his case if you think proper.

G. C. BLACK,
No. 1 Chatham Square, New York.

Extract of a letter from Mr. A. Larrimore, Indiana.

Doctor Wright—Dear Sir—Having some knowl-
edge of your most excellent compound INDIAN
VEGETABLE PILLS, and not knowing how to
get a fresh supply, my stock being nearly ex-
hausted, and wishing to always have them in my fam-
ily, I take this method to open a correspondence with
you. The pills alluded to are well thought of here
and very much wanted. I wish to make arrange-
ments with you for a constant supply, as I think
a very great quantity could be sold in this section
of the country.

Extract of a letter from Samuel Griffith, Steventown,
York County, Pa.

Mr. W. Wright—Dear Sir—I am selling the In-
dian Vegetable Pills by the dollar's worth, and at
that rate the stock of Pills, left by your travelling
agent, will soon be out.

I am pleased to find they are such ready sale.
Those who have used them, speak in the highest
terms of them. Many have already found great
relief from their use, and when the cures are final-
ly effected, I shall do you the justice to inform you
of the same.

Extract of a letter from Washington City.

Mr. Wm. Wright—Dear Sir—You will have the
kindness to forward me as soon as possible, two or
three gross of the Indian Vegetable Pills. The
sales have, for the last two months, increased rap-
idly; those who buy, generally remarking, "that
they are the best pills they have ever used;" and
my opinion is that they will in a short time super-
cede all others in this city.

ROBERT FARNHAM,
Washington City, D. C.

Extract of a letter from Lycoming County, Pa.

Mr. Wm. Wright—Dear Sir—On being appoint-
ed Agents for the sale of the INDIAN VEGE-
TABLE PILLS in this place, we only took one
gross on trial; but it would have been better if we
had taken a half dozen gross; for on a fair trial
they have far exceeded our most sanguine expecta-
tions. In fact so much so that we have been oblig-
ed to send to Mr. Zimmerman, at Lancaster, more
than a hundred miles from here, for ten dozen; but
these will last but a very short time, the way we
are selling them since they have been fairly tested.

In the first place, I gave some to our Physicians
to make trial of since which they have purchased
a number of boxes, and highly approve of them. A
few days ago, there was a lady sent 30 miles to get
a box of the Pills, she at the time was very low,
and unable to turn herself in bed; but in two days,
my informant says she was able to help herself.

We could mention many other cases, but deem
it unnecessary at this time; but would merely say
that as the season is fast approaching when there
will be a great demand for the INDIAN VEGETABLE
PILLS; and if we only could get a supply of the medi-
cine, we could establish other agents, which would
be of immense advantage not only to the NORTH
AMERICAN COLLEGE OF HEALTH; but to
the public generally. Please let us know your
views on the subject, and any directions relative
to the same, will be promptly attended to by
