

JEFFERSONIAN REPUBLICAN

Stroudsburg, August 31, 1842.

Terms, \$2.00 in advance. \$2.25, half yearly; and \$2.50 if not paid before the end of the year.

To our Patrons.

Our creditors, (some of whom have been waiting for a long time) are becoming impatient for their demands, and say they must be paid. We have no alternative left, therefore, but to extend the same compliment to our subscribers and advertisers, and request them to call and settle up their arrearsages.

Congress.

The proceedings of Congress, during the past week, have possessed more than uncommon interest. On Monday a week, the House of Representatives, passed the Vetted Tariff Bill, with the exception of the land distribution clause, and the duty of 20 per cent. on Tea and Coffee, by a vote of 105 yeas, to 100 nays.

Legislative Resignations.

We neglected mentioning last week, that the entire Whig delegation in the Ohio Legislature, with the exception of one in each House, had resigned their seats, and left both bodies without a quorum to transact business.

Indiana.

By the latest accounts from Indiana, we learn that the Whigs have elected a majority of ten members to the Senate, and the Locos a majority of eight to the House, leaving a majority of two on joint ballot to the Whigs.

Missouri.

This State, which for years has been given over to Tom Benton and humbugery, has given strong signs of returning symptoms of sanity. At the late election, many of the strongest loco foco counties went for the Whigs, and the result has come near giving them a majority in the Legislature.

portations, and Mr. Tom Benton was one of his strongest supporters. Things appear to be shaping themselves so that Missouri will cast her vote in 1844 as she did in 1824.

Camp Meeting.

Some of the brethren of the Methodist Episcopal Church, of this and the adjoining Counties, held a Camp Meeting, in Hamilton township, about eight miles from Stroudsburg, last week.

The Lady's Book.

We have already received the September number of Godey's Lady's Book. The embellishments consist of "Redeeming Pawns," the "Preble Medal" and a coloured plate of fashions, are beautiful, and reflect great credit upon the skilful artists who executed them.

The Treaty.

The Treaty recently conducted between the United States and Great Britain, by Daniel Webster and Lord Ashburton, has been ratified by the Senate, and a copy sent to the Queen of England for her approbation.

New Counterfeit.

Exchange Bank, Pittsburg, Pa.—\$2's relief issue, letter A., pay bearer, May 15, 1841. The word "bearer" in the counterfeit commences the 3d line—in the true bills it ends the 2d line. This is sufficient to detect them.

A Religious Encampment was held in a grove near Easton, Pa., week before last, by the Evangelical Society, commonly known as the "Albrights." Four rows of tents, forming a large square, were pitched in a charming grove.

The Canal Commissioners have directed the office of Collector of Tolls at Wilkesbarre, to be abolished after the first of September next, and the papers, books, &c., to be transferred to the Collector at Berwick.

At Cincinnati, on the 18th inst., flour was selling at from \$2 68 to \$2 72 per barrel, and wheat at 50 cents per bushel.

The Prophet in Trouble.

The Governor of Illinois has attempted to comply with the requisition of the Gov. of Mo. by delivering up Joe Smith and A. P. Rockwell, they were arrested at Nauvoo, but were taken out of the Sheriff's custody on a habeas corpus issued by some of the authorities of that place, and released.

Colt's Battery.

Mr. Colt's Submarine Battery, which was exploded with such perfect success on Saturday last in the Potomac, is designed to protect rivers and narrow channels from the entrance of hostile fleets or ships, by placing in such channels large quantities of gunpowder contained in tight metallic cases, which may lay on the bottom an indefinite time, ready for use when wanted—thus is formed the battery.

The town of West Cambridge, Mass., contains 1500 inhabitants, nearly all farmers and mechanics. Within three or four years they have built three school houses at a cost of \$8,500; have expended in building two new churches and repairing a third; \$15,000; and purchased two new engines at a cost of \$1800; yet neither the town nor the religious societies are in debt.

A Hopeful Concern.

The various claims against the Morris Canal Company, are about \$9,000,000, viz: Due to the Dutch \$850,000 State of Indiana, about 2,000,000 State of Michigan, about 800,000 British bondholders, about 1,300,000 Stockholders 4,000,000 Total \$8,950,000

It is said that the Duke of Orleans had a presentiment that he would die an early death. His will contains an exhortation to his brothers and family to remain closely united, and to defy every attempt of political intrigue to separate them. His wife and children are alluded to in the most affecting terms.

New and Destructive Gun.

We have just examined a gun, the invention of Dr. Thompson, of Smith county, Tennessee, which may be fired fifty times in less than fifty seconds, and with much precision. There are but four barrels, but fifty breech pieces, all loaded, and successively applied to the barrels by the revolutions of a cylinder turned by the hand.

"Walk up and Settle."

A Western editor says he is a believer in Miller, and thinks the world will come to an end in 1843. He therefore wishes delinquent subscribers to "walk up to the Captain's office and settle."

In Monroe county, Georgia, the gold business is said to be very successful. The particles of gold found are generally from the size of a bird's shot to that of a common rifle ball, and larger.

Accident at the Pottsville Mines.

We learn by a letter to the Philadelphia Ledger that three persons were seriously injured at one of the Pottsville mines on the 19th inst. by the falling in of a quantity of slate. One named William Lindall lived but a few hours; another named Peter Weaver was expected soon to die—and the third, named Davis, was likely to recover.

Relief at Last.

In the U. S. Senate on Monday, the bill from the House for the relief of James Tongue, John Scrivener, and the legal representatives of William Hodgson, deceased, was finally passed by a vote of 28 to 6. The bill provides for the payment of the value of a tobacco warehouse and sundry dwellings, which were destroyed by the British during the last war.

Important from Florida.

The following is an extract of a letter from General Worth, dated Cedar Keys, Aug. 12:—"I have now to report the thorough pacification of this Territory. Holacta Ematlachee (Bowlegs) accompanied by two noted sub-chiefs, representing the Southern Indians, met at Tampa on the 5th inst., and, in their behalf, gladly accepted the concession reported in my despatch on the 24th ultimo.

Late from Texas—The News from Matamoros Confirmed.

The schooner Henrietta, Capt. Hurd, arrived yesterday morning, in 8 days from Galveston. We received no papers by her, but a gentleman who came passenger informs us that news had been received at Galveston of the movement of 4,000 Mexicans, under Gen. Reis toward the borders of Texas.

All the volunteers from the United States had been disbanded! Col. Clements of the Huntsville volunteers came passenger in the H. Two Mexicans had been taken prisoners on the borders, who stated that the Mexicans were preparing for another invasion, and that the orders from Santa Ana were to take no prisoners.

This information, though not official, comes through sources which may be depended upon; but we still incline to the belief that Santa Ana's invasion of Texas is all "gas." No man knows better than the "Napoleon of the South," the total impracticability of such an enterprise, and experience has taught him the quality of Anglo Saxon blood. His policy, however, is to keep the eye of the nation of menials he rules fixed on the darling subject of invasion, and in this respect his course of conduct is precisely similar to that of Napoleon, if we may be permitted to write the names of the two individuals on the same sheet of paper.

DIED.

In Hamilton township, Monroe county, on Monday 22d inst. Samuel, infant son of Andrew Storm, aged two months and five days. In Stroud township, Monroe co., of scarlet fever, on Sunday the 21st inst. Eleanor, daughter of Philip and Elizabeth Fetherman, aged 1 year 6 months and 8 days.
