The unbounded approbation bestowed on the plan and execution of the **YOUNG PEOPLE'S BOOK**, by the conductors of the public press throughout the U. States, and by numerous persons of the highest distinction, in the various walks of Literature, Science and Art, as well as the substantial patronage it has received, have induced the publisher not only to increase its claims to regard by

ADDING TO ITS LITERARY MERITS, but also to make it more accessible to all classes of the community, by

Reducing the Price of Subscription.

For the former purpose, besides continuing the services of

PROFESSOR FROST, whose ample scholarship, enlarged information, correct taste, and acknowledged ability as an elegant and instructive writer, peculiarly qualify him for the management of a periodical devoted to young people, the publisher has engaged the

EDITORIAL AID OF T. S. ARTHUR,

a gentleman so favorably known to the American public, through the medium of his unsurpassed productions, that it would be idle to pronounce any eulogy on his merits. Perhaps no living author is more eminently fitted to impart instruction in an attractive and impressive form than Mr. Arthur. Endowed with an extraordinary acuteness of perception, and the most vivid power of delineation, he has applied these rare gifts to the development of practical truths, and while every thing which falls from his pen is calculated to attract and fix the highest degree of interest, it impresses at the same time the most useful moral. Thousands, it may confidently be asserted, have already been awakened to a sense of duties unperformed, or evil habits unrestrained, by the simple and unobtrusive but searching lessons he has taught, and in the new field which his connection with the editorial department of the Young People's Book will open to him, no doubt can be entertained that he will reap fresh honors for himself, and confer fresh benefits on the community.

In addition to the labours of the editors, whose energies will be constantly directed to maintain and improve the high character which the Young People's Book has acquired, the various literary and scientific persons, whose contributions have given dignity and force to the work, will continue to be regular correspondents, and to these will be united almost every native writer, male or female, whose aid may be made instrumental in promoting the great object of the work—namely, to convey useful knowledge in such a form as will gratify the tastes while it will improve the minds and hearts of those classes to whom it will be especially addressed.

Without intending the slightest disparagement to either of the many admirable periodicals now issued from the American press, the publisher of the Young People's Book feels justified in saying that his work possesses advantages, in some respects, which no other can fairly claim. Avoiding on the one hand whatever is frivolous in itself or false in its teachings, and on the other, whatever is tedious or unentertaining, it occupies a middle ground between the magazines exclusively devoted to light literature and those of a purely scientific character, and by making the graces of composition subservient to the inculcation of practical knowledge, it is calculated alike for pleasure and profit.

In point of embellishment the Young People's Book will not suffer by comparison with the choicest productions of the times.

The Mezzotint and Steel Plates

It has furnished have all been prepared by artists of the greatest celebrity, and some of the former are universally admitted to surpass in appropriateness of design and elegance of execution, any others which have been published in this country. Those intended for the forthcoming volume are not less distinguished by fitness and beauty; and adding to these the

NUMEROUS ENGRAVINGS ON WOOD which will also be given, it may be predicted with safety that the pictorial department will be such, as of itself will merit the most extended patronage.

The Young People's Book, though, as its name implies, principally designed for youth of both sexes, is adapted to all classes. Persons of every age who are competent to read understandingly may derive both information and amusement from its pages, and in every well ordered family circle it cannot fail to prove an acceptable and agreeable companion, through whose agency both mental recreation and mental discipline will be promoted. To enable every family, no matter how limited its pecuniary circumstances may be, to subscribe, the publisher has determined to reduce the price of the work, notwithstanding the new arrangements he has entered into will considerably augment the outlay he is compelled to make. For his compensation he relies on an enlarged subscription list, which he cannot permit himself to doubt he will immediately obtain.

The Young People's Book is published Monthly. Each number will contain an ample variety of original Reading Matter, a Mezzotint or Steel

plate, and other Engravings. The price to single subscribers will be only \$1.50 per annum, or four copies for \$5, and ten copies for \$10, payments to be made invariably in advance. The plates alone, if purchased separately, would cost treble the price of subscription.

SHERMAN'S WORM LOZENGES

Proved in more than 400,000 cases to be infallible; the only certain worm-destroying medicine ever discovered. Many diseases arise from worms and occasion long and intense suffering and even death, without their ever being suspected; grown persons are very often afflicted with them and are doctored for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them.

Mr. J. Murphy, 90 North st. Philadelphia, was applied to by a poor woman whose daughter, 7 years old, had been sick for nearly 3 years; her stomach was as large as a grown person's, her arms and legs so swollen that she could not walk or help herself, although she could eat as much as two laboring men. Two celebrated doctors had exhausted their skill without any benefit; the father had spent all he could raise and was discouraged, he abandoned all idea of doing anything more for her, and looked to death alone, to take her out of her misery. Mr. Murphy believing it a case of worms, gave her a box of Sherman's Lozenges, and in two days she returned with joy beaming in her eyes, and said the Lozenges had saved her child's life. The first dose brought away nearly a pint of worms in one living mass, she afterwards counted over 800 that were discharged, besides the mass—which she could not count. The child was literally eaten up with them—another living witness of the almost miraculous efficacy of Sherman's Lozenges.

A fresh supply of the above valuable Lozenges, just received and for sale by T. SCHOCH, Republican Office, Stroudsburg, sole agent for Monroe county. Price—25 cents per box.

PETERS PILLS

We have tried Doctor Jos. Priestley Peters' Vegetable Pills, and have no hesitation in pronouncing them the best Antibilious Medicine that we have ever used in our families. We are acquainted with several families in this city who give them the preference to all other kinds, on account of their mildness, and at the same time, certainty of action.—New-York Examiner.

More than ten millions of boxes of these truly valuable Antibilious Pills have been sold in the United States, Canada, West Indies, Mexico, and Texas, since the first of January, eighteen hundred and thirty-five.

Hundreds and thousands bless the day they were induced by the persuasion of a friend, to try a Box of Doctor Peters' Pills.

They are in use as a Family Medicine, and all who have used them give them the preference to all other kinds, on account of their being a safe, pleasant, and easy aperient—being mild in their action at the same time; though, in their operation, producing neither sickness, griping, nor debility. Doct. Jos. Priestley Peters.

DEAR SIR—I have used your valuable Pills these last four years, in cases of Dyspepsia, Liver Complaint, and Sick Head-ache, and have found them, in a majority of cases, the most valuable Pills I have ever used.

JOHN CASE, M. D.
 For Sick or Nervous Head-ache, or Bilious Fever, I would recommend Peters' Pills in preference to all other kinds.

R. H. ARMSTRONG, M. D.
 The following from the EMINENT DOCTOR EMMERSON, is considered sufficient.

I have used in my practice, these last five years, Doctor Jos. Priestley Peters' Vegetable Antibilious Pills, and considered them the Best FAMILY MEDICINE I have ever used.

A fresh supply of these valuable Pills just received and for sale at the office of the REPUBLICAN, Stroudsburg. May 11, 1842.

Weak Backs! Weak Backs!!

1,000,000 SOLD YEARLY.
 Price only 12½ cents a piece.
Sherman's Poor Man's Plaster.
 The best strengthening plaster in the world, and a sovereign remedy for pains, or weakness in the back, loins, sides, breast, neck, limbs, joints, rheumatism, lumbago, &c. &c.

Jos. W. Hoste, Esq., who had been so afflicted with rheumatism, as to be unable to dress himself without assistance, was enabled after wearing one, only one night, to get up alone in the morning, put on his clothes, and call at our office with eyes beaming with joy, and his tongue pouring forth the gladness of his heart, at the sudden and signal relief he had received from this best of all remedies.

Sherman's Cough Lozenges,

Are the safest, most sure and effectual remedy for Coughs, Colds, Consumptions, Whooping Cough, Asthma, Tightness of the Lungs or Chest, &c. &c. The proprietor has never known an instance where they did not give perfect satisfaction.

Over 3,000 persons have given their names within the last year as a reference of the wonderful virtues of these Cough Lozenges. They cure all recent cases in a few hours, seldom requiring more than one day to entirely eradicate the most distressing ones.

Mr. G. T. Matthews, suffered a year with a hard, tight cough, pain in the side, spitting of blood, and all the usual symptoms of consumption. The Lozenges relieved him immediately, and in a few weeks restored him to perfect health. He says they are the greatest cough medicine in the world.

The Rev. Dr. Eastmond, gave a few to a lady, a friend of his, who had been given up by her physician and friends as in the last stage of consumption. The first Lozenge gave her considerable relief, so that she was encouraged to persevere in their use; and through the blessing of God they restored her to perfect health.

Mr. James W. Hale, No. 5 Tontine Buildings, Wall st., gave some to a friend who had not enjoyed a night's sleep for several weeks, being every few minutes attacked with such a distressing cough, as almost to take away his life. The Lozenges made him raise easy, and enabled him to sleep well all night. He had tried every thing he heard of, and nothing else afforded the least relief a—another instance of saving a fellow being from an untimely grave.

The Rev. Darius Anthony, of the Oneida Conference, was given up as incurable, believed to be on the verge of the grave from consumption, without the hope of relief, till he tried these Lozenges. They relieved him immediately, and in a few weeks restored him to health, so that he could resume his duties as a minister of the gospel. He recommends them to all who are consumptive or have any derangement of their lungs, as the greatest medicine in the known world. He has witnessed their effects on several others, and always with the happiest results. He says so great a remedy through the blessing of Divine Providence, should be the common property of all, and in every family on the face of the earth.

For sale at the Republican Office, by T. Schoch, sole agent for Monroe county.

A NATURAL REMEDY,

Suited to our Constitutions, and competent to the cure of every curable disease will be found in the **INDIAN VEGETABLE PILLS,**

OF THE **North American College of Health.**

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore, better adapted to our constitutions, than medicine concocted from foreign drugs, however well they may be compounded; and as THE INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth

SUBJECT TO BUT ONE DISEASE, viz: corrupt humors, and that said medicine cures this disease on

NATURAL PRINCIPLES— by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a Swamp or Morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity.

THE INDIAN VEGETABLE PILLS Will be found one of the best, if not the very best medicine in the world for carrying out this

GRAND PURIFYING PRINCIPLE, because they expel from the body all morbid and corrupt humors, the cause of disease in an easy and NATURAL MANNER; and while they every day

GIVE EASE AND PLEASURE, disease of every name is rapidly driven from the body.

The above named INDIAN VEGETABLE PILLS, have been three years before the American public; and we can now say without fear of contradiction, that of all the various medicines which have heretofore been popular, not one has given such universal satisfaction, or obtained such a permanent hold upon the affections of the people. Not only do all who use it invariably experience relief, and recommend it in the strongest terms: but it has effected some of the most astonishing cures ever performed by medicine.

Hitherto, very few of the numerous testimonials which have been received in favor of this extraordinary medicine have been published, as the medicine obtained its present great celebrity more by its own intrinsic goodness than from extensive advertising. It has been deemed proper however to offer the following opinions of the public press, together with a few extracts from letters of Agents, merely to show, that the fame of the Indian Vegetable Pills, is not confined to any one section, but is rapidly extending itself to every part of the Union.

From the Philadelphia Saturday Evening Post.

THE INDIAN VEGETABLE PILLS. Wright's Indian Vegetable Pills are attaining great celebrity in New England as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles, meets with general reprobation. Mr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times.

THE INDIAN VEGETABLE PILLS. People are pretty well satisfied by this time, that Calomel, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are very many humbugs, however, among the latter, and we would advise all those who have the least regard for their health, to try the INDIAN VEGETABLE PILLS OF THE NORTH AMERICAN COLLEGE OF HEALTH, sold at 169 Race street, Philadelphia; as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times.

INDIAN VEGETABLE PILLS. Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to" than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we heard an eminent Physician of the city recommend them in high terms. There used to be in the community, a great repugnance to the use of QUACK medicines, as they are all indiscriminately termed, but it was mainly owing to the regular M. D.'s constantly denouncing them. They are however, becoming more liberal in this respect, and the consequence is that good vegetable medicines are now more extensively used than formerly.

Extract of a letter from Peter Christ, Uniontown, Carroll County, Md., Nov. 17th, 1838.

Dear Sir—About two months ago, I had business in Baltimore, and called at your office, and bought a few boxes of the Indian Vegetable Pills; and upon trying them I found them to be far superior to Pills, or any other medicine I had ever used. I had been subject to a cough for five years past, and during the time have taken a variety of medicines without any relief, until I got the Indian Vegetable Pills, and by taking four doses, the cough began to leave me; and I now enjoy better health than I have done for years past. After I found them to be a valuable medicine, I immediately sent to Baltimore for a large supply. I have received so much benefit in using the INDIAN VEGETABLE PILLS that I cannot

help but recommend them to every invalid I see, and think so well of the medicine that I have sent two dozen boxes to my invalid friends, in the State of Indiana. Signed, PETER CHR.

From G. C. Black, New York.
 Mr. Wm. Wright—Dear Sir—you will please forward as soon as possible, some of your Indian Vegetable Pills; as we are almost out of the article, and they appear to be getting into general use here. We have a great call for the medicine at present, and those that have used them, speak very high of them. One gentleman attributes his being cured of Dropsy to the use of them; and another has been cured of DYSPEPSIA, solely by the use of your INDIAN VEGETABLE PILLS, and is willing you should publish his case if you think proper. G. C. BLACK,

No. 1 Chatham Square, New York.

Extract of a letter from Mr. A. Jarrimore, Indiana.
 Doctor Wright—Dear Sir—Having some knowledge of your most excellent compound INDIAN VEGETABLE PILLS, and not knowing how to get a fresh supply, my stock being nearly exhausted, and wishing to always have them in my family, I take this method to open a correspondence with you. The pills alluded to are well thought of here and very much wanted. I wish to make arrangements with you for a constant supply, as I think a very great quantity could be sold in this section of the country.

Extract of a letter from Samuel Griffith, Stewartstown, York County, Pa.

Mr. W. Wright—Dear Sir—I am selling the Indian Vegetable Pills by the dollar's worth, and at that rate the stock of Pills, left by your travelling agent, will soon be out.

I am pleased to find they are such ready sale. Those who have used them, speak in the highest terms of them. Many have already found great relief from their use, and when the cures are finally effected, I shall do you the justice to inform you of the same.

Extract of a letter from Washington City.

Mr. Wm. Wright—Dear Sir—You will have the kindness to forward me as soon as possible, two or three gross of the Indian Vegetable Pills. The sales have, for the last two months, increased rapidly; those who buy, generally remark, "that they are the best pills they have ever used;" and my opinion is that they will in a short time supercede all others in this city.

ROBERT FARNHAM, Washington City, D. C.

Extract of a letter from Lycoming County, Pa.

Mr. Wm. Wright—Dear Sir—On being appointed Agents for the sale of the INDIAN VEGETABLE PILLS in this place, we only took one gross on trial; but it would have been better if we had taken a half dozen gross; for on a fair trial they have far exceeded our most sanguine expectations. In fact so much so that we have been obliged to send to Mr. Zimmerman, at Lancaster, more than a hundred miles from here, for ten dozen; but these will last but a very short time, the way we are selling them since they have been fairly tested. In the first place, I gave some to our Physicians, to make trial of since which they have purchased a number of boxes, and highly approve of them. A few days ago, there was a lady sent 30 miles to get a box of the Pills, she at the time was very low, and unable to turn herself in bed; but in two days, my informant says she was able to help herself.

We could mention many other cases, but deem it unnecessary at this time; but would merely say, that as the season is fast approaching when there will be a great demand for the INDIAN VEGETABLE PILLS; and if we only could get a supply of the medicine, we could establish other agents, which would be of immense advantage not only to the NORTH AMERICAN COLLEGE OF HEALTH; but to the public generally. Please let us know your views on the subject, and any directions relative to the same, will be promptly attended to by

Very respectfully, your friends,
