The unbounded approbation bestowed on the plan and execution of the **YOUNG PEOPLE'S BOOK**, by the conductors of the public press throughout the U. States, and by numerous persons of the highest distinction, in the various walks of Literature, Science and Art, as well as the substantial patronage it has received, have induced the publisher not only to increase its claims to regard by

ADDING TO ITS LITERARY MERITS,
but also to make it more accessible to all classes of the community, by

Reducing the Price of Subscription.
For the former purpose, besides continuing the services of

PROFESSOR FROST,
whose ample scholarship, enlarged information, correct taste, and acknowledged ability as an elegant and instructive writer, peculiarly qualify him for the management of a periodical devoted to young people, the publisher has engaged the

EDITORIAL AID OF T. S. ARTHUR,
a gentleman so favorably known to the American public, through the medium of his unsurpassed productions, that it would be idle to pronounce any eulogy on his merits. Perhaps no living author is more eminently fitted to impart instruction in an attractive and impressive form than Mr. Arthur. Endowed with an extraordinary acuteness of perception, and the most vivid power of delineation, he has applied these rare gifts to the development of practical truths, and while every thing which falls from his pen is calculated to attract and fix the highest degree of interest, it impresses at the same time the most useful moral. Thousands, it may confidently be asserted, have already been awakened to a sense of duties unperformed, or evil habits unrestrained, by the simple and unobtrusive but searching lessons he has taught, and in the new field which his connection with the editorial department of the Young People's Book will open to him, no doubt can be entertained that he will reap fresh honors for himself, and confer fresh benefits on the community.

In addition to the labours of the editors, whose energies will be constantly directed to maintain and improve the high character which the Young People's Book has acquired, the various literary and scientific persons, whose contributions have given dignity and force to the work, will continue to be regular correspondents, and to these will be united almost every native writer, male or female, whose aid may be made instrumental in promoting the great object of the work—namely, to convey useful knowledge in such a form as will gratify the tastes while it will improve the minds and hearts of those classes to whom it will be especially addressed.

Without intending the slightest disparagement to either of the many admirable periodicals now issued from the American press, the publisher of the Young People's Book feels justified in saying that his work possesses advantages, in some respects, which no other can fairly claim. Avoiding on the one hand whatever is frivolous in itself or false in its teachings, and on the other, whatever is tedious or unentertaining, it occupies a middle ground between the magazines exclusively devoted to light literature and those of a purely scientific character, and by making the graces of composition subservient to the inculcation of practical knowledge, it is calculated alike for pleasure and profit.

In point of embellishment the Young People's Book will not suffer by comparison with the costliest productions of the times.

The Mezzotint and Steel Plates
it has furnished have all been prepared by artists of the greatest celebrity, and some of the former are universally admitted to surpass in appropriateness of design and elegance of execution, any others which have been published in this country. Those intended for the forthcoming volume are not less distinguished by fitness and beauty; and adding to these the

NUMEROUS ENGRAVINGS ON WOOD
which will also be given, it may be predicted with safety that the pictorial department will be such, as of itself will merit the most extended patronage.

The Young People's Book, though, as its name implies, principally designed for youth of both sexes, is adapted to all classes. Persons of every age who are competent to read understandingly may derive both information and amusement from its pages, and in every well ordered family circle it cannot fail to prove an acceptable and agreeable companion, through whose agency both mental recreation and mental discipline will be promoted. To enable every family, no matter how limited its pecuniary circumstances may be, to subscribe, the publisher has determined to reduce the price of the work, notwithstanding the new arrangements he has entered into will considerably augment the outlay he is compelled to make. For his compensation he relies on an enlarged subscription list, which he cannot permit himself to doubt he will immediately obtain.

The Young People's Book is published Monthly. Each number will contain an ample variety of original Reading Matter, a Mezzotint or Steel

plate, and other Engravings. The price to single subscribers will be only \$1 50 per annum, or four copies for \$5, and ten copies for \$10, payments to be made invariably in advance. The plates alone, if purchased separately, would cost treble the price of subscription.

SHERMAN'S
WORM LOZENGES

Proved in more than 400,000 cases to be infallible; the only certain worm-destroying medicine ever discovered. Many diseases arise from worms and occasion long and intense suffering and even death, without their ever being suspected; grown persons are very often afflicted with them and are doctored for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them.

Mr. J. Murphy, 90 North st. Philadelphia, was applied to by a poor woman whose daughter, 7 years old, had been sick for nearly 3 years; her stomach was as large as a grown person's, her arms and legs so swollen that she could not walk or help herself, although she could eat as much as two laboring men. Two celebrated doctors had exhausted their skill without any benefit; the father had spent all he could raise and was discouraged, he abandoned all idea of doing anything more for her, and looked to death alone, to take her out of her misery. Mr. Murphy believing it a case of worms, gave her a box of Sherman's Lozenges, and in two days she returned with joy beaming in her eyes, and said the Lozenges had saved her child's life. The first dose brought away nearly a pint of worms in one living mass, she afterwards counted over 800 that were discharged, besides the mass—which she could not count. The child was literally eaten up with them—another living witness of the almost miraculous efficacy of Sherman's Lozenges.

A fresh supply of the above valuable Lozenges, just received and for sale by T. SCHOCH, Republican Office, Stroudsburg, sole agent for Monroe county.
Price—25 cents per box.

PETERS PILLS

We have tried Doctor Jos. Priestley Peters' Vegetable Pills, and have no hesitation in pronouncing them the best *Antibilious Medicine* that we have ever used in our families. We are acquainted with several families in this city who give them the preference to all other kinds, on account of their mildness, and at the same time, certainty of action.—*New-York Examiner.*

More than ten millions of boxes of these truly valuable Antibilious Pills have been sold in the United States, Canada, West Indies, Mexico, and Texas, since the first of January, eighteen hundred and thirty-five.

Hundreds and thousands bless the day they were induced by the persuasion of a friend, to try a Box of Doctor Peters' Pills.

They are in use as a Family Medicine, and all who have used them give them the preference to all other kinds, on account of their being a safe, pleasant, and easy aperient—being mild in their action at the same time; though, in their operation, producing neither sickness, griping, nor debility.

Doct. Jos. Priestley Peters.
DEAR SIR:—I have used your valuable Pills these last four years, in cases of Dyspepsia, Liver Complaint, and Sick Head-ache, and have found them, in a majority of cases, the most valuable Pills I have ever used.

JOHN CASE, M. D.
For Sick or Nervous Head-ache, or Bilious Fever, I would recommend Peters' Pills in preference to all other kinds.

R. H. ARMSTRONG, M. D.
The following from the *EMMINENT DOCTOR* EMMERSON, is considered sufficient

I have used in my practice, these last five years, Doctor Jos. Priestley Peters' Vegetable Antibilious Pills, and considered them the BEST FAMILY MEDICINE I have ever used.

A fresh supply of these valuable Pills just received and for sale at the office of the REPUBLICAN, Stroudsburg.

Sherman's Poor Man's Plaster.

The best strengthening plaster in the world, and a sovereign remedy for pains, or weakness in the back, loins, sides, breast, neck, limbs, joints, rheumatism, lumbago, &c. &c.

Jos. W. Hoyle, esq., who had been so afflicted with rheumatism, as to be unable to dress himself without assistance, was enabled after wearing one, only one night, to get up alone in the morning, put on his clothes, and call at our office with eyes beaming with joy, and his tongue pouring forth the gladness of his heart, at the sudden and signal relief he had received from this best of all remedies.

Mr. David Williams, of Elizabethtown, N. J. an old Revolutionary Soldier, was so afflicted with Rheumatism, that he could scarcely help himself—these Plasters entirely cured him. Thousands of certificates might be given of their wonderful properties, but the fact of the enormous quantity sold, must be the greatest evidence of their virtue.

Sherman's Cough Lozenges,
Are the safest, most sure and effectual remedy for Coughs, Colds, Consumptions, Whooping Cough, Asthma, Tightness of the Lungs or Chest, &c. &c. The proprietor has never known an instance where they did not give perfect satisfaction.

Over 3,000 persons have given their names within the last year as a reference of the wonderful virtues of these Cough Lozenges. They cure all recent cases in a few hours, seldom requiring more than one day to entirely eradicate the most distressing ones.

Mr. G. T. Matthes, suffered a year with a hard, tight cough, pain in the side, spitting of blood, and all the usual symptoms of consumption. The Lozenges relieved him immediately, and in a few weeks restored him to perfect health. He says they are the greatest cough medicine in the world.

The Rev. Dr. Eastmond, gave a few to a lady, a friend of his, who had been given up by her physician and friends as in the last stage of consumption. The first Lozenge gave her considerable relief, so that she was encouraged to persevere in their use; and through the blessing of God they restored her to perfect health.

Mr. James W. Hale, No. 5 Tontine Buildings, Wall st., gave some to a friend who had not enjoyed a night's sleep for several weeks, being every few minutes attacked with such a distressing cough, as almost to take away his life. The Lozenges made him raise easy, and enabled him to sleep well all night. He had tried every thing he heard of, and nothing else afforded the least relief—a further instance of saving a fellow being from an untimely grave.

The Rev. Darius Anthony, of the Oneida Conference, was given up as incurable, believed to be on the verge of the grave from consumption, without the hope of relief, till he tried these Lozenges. They relieved him immediately, and in a few weeks restored him to health, so that he could resume his duties as a minister of the gospel. He recommends them to all who are consumptive or have any derangement of their lungs, as the greatest medicine in the known world. He has witnessed their effects on several others, and always with the happiest results. He says so great a remedy through the blessing of Divine Providence, should be the common property of all, and in every family on the face of the earth.

For sale at the Republican Office, by T. Schoch, sole agent or Monroe county.

PROTECT EACH OTHER.
WAYNE COUNTY MUTUAL
INSURANCE COMPANY.

ALL Persons insuring in this company are members equally interested in its welfare and in the election of its officers.

In order to become a member of this company and thereby be insured, the applicant gives a premium note, the amount of which is in proportion to the amount to be insured, and its degree of hazard, thus: If \$1000 is to be insured, at 5 per cent., he gives his note for \$50. If at 10 per cent. he gives his note for \$100, and in that proportion for a greater or less sum, according to the rate of hazard, on which note he advances 6 per cent. and an additional sum of \$1 50 for survey and policy. He then becomes a member on the approval of his application and is insured for five years. The aggregate of the premium notes constitutes the cash fund, chargeable first, with the expenses, and second, with the losses of the Company; and should it prove insufficient to pay both losses and expenses the money to meet the losses, (should any occur) is borrowed agreeably to the act of incorporation, and paid. An assessment is then made to repay such loan upon the premium notes, in proportion to their respective amounts, and in no case to be made but once a year, notwithstanding several losses may happen.

At the expiration of five years the note, if any assessments have been made and paid, is given up, and the insured may renew his application. Policies may at any time be assigned or surrendered and cancelled, and the premium notes given up, according to the by-laws of the Company. No more than three fourths of the cash value of any property will be insured, and all great hazards, such as Cotton Factories, Powder Mills, Distilleries, Machine Shops, Manufactories for Printer's Ink, and all establishments of the same class of hazards, are not insured upon any conditions whatever, and that no one risk is taken over \$5000, it is considered much more safe and less expensive than in Stock companies, where they insure large amounts and hazardous property.
