

Destruction of the Town of Point Petre, Guadalupe--Ten Thousand Lives Lost.

Captain Thompson, of the brig Frances Jane, arrived at Baltimore on Thursday, from St. John's, Porto Rico, reports the occurrence at that place of a severe shock of an earthquake on the 8th February, which lasted about two minutes, but did no especial damage.

We had a severe shock of an earthquake on the 8th inst., but it was not so severe as the one last year, though it lasted a longer time. In St. Thomas it was very severe, and is said to have lasted over two minutes.

No accounts have yet been received from any other Island, but we fear we shall hear of great destruction of property and loss of life in all the Windward Islands.

St. Johns, P. R., Feb. 15, 1843. We have just received advices from the Windward. The effects of the earthquake of the 8th inst, have been awful, indeed.

Here, and at St. Thomas, the shock was also severe, and lasted at this place two minutes, but there was no material damage done at either place. The earthquake, whose effects have been so fearfully experienced in the West India Islands on the 8th February, was indicated by the slight shocks which were felt on the same day at Washington City, Newbern, Raleigh, Charleston, and other points along the southern Atlantic coast as far as Savannah, inclusive.

There was a distinct shock of an earthquake felt on the 4th of January in the valley of the Mississippi; and another on the 16th February. It remains to be seen whether these were connected with more violent convulsions at distant points.

At the late celebration of the landing of the Pilgrims, by the New England Society of New-Orleans, Judge Alexander Porter gave the following sentiment:

The Rock of Plymouth: The prophet of old struck the rock, and living water gushed forth. The pilgrim fathers touched New England, and virtue, learning, civilization, and freedom sprang up beneath their feet.

A female trader has applied for the benefit of the bankrupt law, in Worcester, Mass. A gentleman of Pittsburg is selling pieces of the famous tree under which Wm. Penn and the Indians made their treaty.

Mere Millerism.

Mr. Nathaniel Brown, of Kingstown, N. H. formerly travelling agent of the Exeter Mutual Fire Insurance office, cut his wife's throat, a few days since, in such a shocking manner that her life was despaired of.

Printing and Binding.

The amount paid for printing and binding, by the State of Pennsylvania, for the last ten years, is stated at \$390,997. In 1842, the printing expenses of the Legislature amounted to \$38,869. The binding to \$4,450.

Greece.

Although this once powerful nation is now utterly bankrupt, its King must live in splendid luxury, whilst the nation is in rags. A French paper states that the cost of King Otho's palace is estimated at about nine millions of francs, and its furniture at not less than two millions.

It is said that 150,000,000 of cigars, valued at £350,000 sterling, are made annually at Hamburg, and that 10,000 persons are engaged in the manufacture.

The widow of the late Gen. Findlay, has presented a large farm near Dayton, Ohio, for supporting a free school.

A Boston paper estimates that there is now in the United States, over \$50,000,000 in specie.

It is said, by wise calculators, that six millions of dollars is the total annual amount of the cost of all the newspapers published in the U. States.

VIRGINIA.—The total tax on lots, land, property and licenses, in Virginia, in 1842, is \$634,416 17.

One of our exchange papers, is edited by an old maid. The way she complains of the non-arrival of the males is almost heart-rending.

The Reverend Seducer in Pennsylvania.

A correspondent of the Providence Chronicle asks—"Can any of your readers inform us whether the Lefevre charged with the crime of seduction in Pennsylvania, was ever a citizen of this State, a Congregational clergyman, subsequently a Baptist, then again a Congregationalist minister at Slatersville—afterwards in the State of New York, where he ruined a young lady of his flock—abandoned his wife, and fled into the State where justice has overtaken him at last? Is this the same man, or another villain of the same name in clerical robes?"

The subscribers have at their Mill situate three miles from John Fleet's Tavern, which is on the Drinker Pike, and only half a mile from Henry W. Drinker, Esq., a large and general assortment of seasoned White Pine Lumber of the best quality, which they offer at very low prices. Purchasers would do well to call and examine their assortment, it being from 5 to 10 miles nearer, and a much better road, than to any other Mill in this section of country, where a general assortment can be had.

WORMS! WORMS!!

If parents knew the value and efficacy of Dr. Leidy's Patent Vegetable Worm Tea, they never would be without it in their families, as children are subject at all times to Worms. Dr. Leidy's Worm Tea is composed of vegetables altogether, and may be given to children of all ages. Directions accompany each paper or package. Children suffer much, of times, from so many things being given them for worms, without any effect. Much medicine, given to children, has a tendency to destroy their general health, and they are more or less delicate ever after.

To avoid the necessity of giving medicine unnecessarily when you are certain your children have worms give them at first Dr. Leidy's Worm Tea. It is all that is necessary. Reference might be made to several hundred parents in Philadelphia city and county, of the efficacy of Dr. Leidy's Worm Tea. Try it and you will be convinced.

Price 12 1-2 cents a small, and 25 cents a large package. Prepared only, and for sale, wholesale and retail, at Dr. Leidy's Health Emporium, No. 191 North Second street, below Vine, (sign of the Golden Eagle and Serpents,) Philadelphia. Also, sold at Wm. Eastburn's store, Stroudsburg. Jan. 4, 1843.

TAILORING.

Mrs. Smith & Miss Stites, Respectfully inform the citizens of Stroudsburg and vicinity, that they have commenced the above business in Elizabeth street, at the shop formerly occupied by Charles Smith, dec'd, where they will be happy to receive orders for all kinds of work in the Tailoring Line; and where they will devote their best efforts to the accommodation of their patrons. With an experience in the business of no inconsiderable length—a determination to adhere strictly to their promises—and a resolution never to make unreasonable charges, they flatter themselves that they will receive a fair proportion of the custom of the neighborhood. Country produce of all kinds, taken in payment for work. Stroudsburg, April 20, 1842.

NEW ESTABLISHMENT. Wholesale and Retail TIN AND SHEET IRON WARE MANUFACTORY,

At Stroudsburg, Monroe county, Pa. The subscriber respectfully informs the citizens of Stroudsburg and the public generally, that he has opened a shop on Elizabeth street, nearly opposite William Eastburn's store, where he intends keeping constantly on hand, and will manufacture to order, all articles in his line of business, such as TIN-WARE in all its variety, Stove Pips and Drums of all sizes, Spouts for Dwelling Houses and other Buildings. Also,—very superior Russian and American Sheet Iron.

Which he will manufacture into every shape to suit purchasers, &c. &c. As the subscriber is a mechanic himself, and employs none but first-rate workmen, the public may rest assured that his work is done in the best and most workmanlike manner; and he respectfully solicits a share of public patronage.

Come and see for yourselves, before you purchase elsewhere. IF PEWTER and LEAD, taken in exchange for work, and all kinds of REPAIRING in the Copper, Tin, and sheet Iron Business done at the shortest notice. WANDEL BREIMER. May 4, 1842.—tf.

NOTICE TO SAW-MILL OWNERS,

Or those who are about to build or repair.

The undersigned respectfully informs the public that he is duly authorized to sell the Right of the Johnson Re-acting Water wheel, to the counties of Monroe and Pike, patented the 22d day of June, A. D. 1840.

The Johnson re-acting wheel is the best now in use to propel a saw mill; it excels any other wheel in the United States under a low water head;—under a head from 5 to 7 feet is sufficient to cut from 2 to 3000 feet in twelve hours of inch or any other boards with ease. The wheels require, under a 7 foot head, 140 inches of water and so in proportion to any other head.

Under a 7 foot head, the Saw will make from 200 to 250 strokes per minute. The advantage which those wheels have over any other wheels is, that it requires but four posts to make the floor or bulk head; the wheels are hung on the crank shaft. Two wheels are what is required for a Saw mill, and the posts planked inside the same as a pen stock. I have built one of those mills this season, on the Roaring Brook, in Luzerne county, for Mr. S. P. Templin, under about a 7 foot head, which will cut from 3 to 4000 in twelve hours of inch boards;—therefore, I can recommend them as the best wheels now in operation. There are several more mills in that part, all under low heads, which answers the same purpose as that of Mr. Templin's. For further information, please call on the subscriber.
