

A War Balloon.

Amongst the immense number of patents taken out in France during the last six months, for inventions, not one in a hundred of which will probably repay even the cost of the patent, is one for a war-balloon, which according to the inventor, a Mr. Gire, of Nismes, is to be navigable by means of compressed air acting against the natural atmosphere, by which it is surrounded. The inventor states that a person seated in the car of the balloon would be able, when suspended over an enemy's town, camp, or fortress, at such a height as to be himself inaccessible to attack, to pour balls, shells, and other projectiles, and ensure the destruction of every thing beneath him. This is perhaps one of the wildest schemes in the whole history of inventions.

A Washington letter writer mentions the rumor that President Tyler is about to "annex" unto himself a wife.

CIRCULAR.

The Temperance Associations of PENNSYLVANIA—of every description—are hereby notified, that, in pursuance of the following Resolution, adopted at the State Convention, held at Harrisburg, in January last, a State Temperance Convention will again be held, at Harrisburg, on the Second Wednesday, being the Tenth day of January next, 1844:

Resolved, That we recommend to all the Temperance Associations of this Commonwealth, to appoint Delegates, to meet in Convention, in the Borough of Harrisburg, on the Second Wednesday of January, 1844; and that the said Societies furnish the Chairman of their respective Delegations with a Report, embracing the names of their Officers, and the number of Members belonging to the Association, together with any other information they may think proper to lay before the Convention.

It is also earnestly requested that all Associations which do not send Delegates to the proposed Convention, address a Letter "To the Presidents of the State Temperance Convention, at Harrisburg," containing the information desired by the Resolution above stated; so that satisfactory Temperance Statistics, of the whole Commonwealth, may thus be had.

GREAT EXCITEMENT.

The January Nos. of the Periodicals of Philadelphia, are creating a great excitement; but the following article, from the Daily Chronicle, settles the fact of which is the best periodical of the day.

"We have been favored with an early copy of Godey's Lady's Book, and it is, without any exception, the most wonderful production of the age. We understand that the Mezzotints are by Mr. Warner, the gentleman who took at the last exhibition of the FRANKLIN INSTITUTE, a society composed of the most celebrated artists of the day—

"THE PREMIUM FOR MEZZOTINTING."
CROOME, the celebrated artist, has furnished an embellishment which will be hereafter known as

CROOME'S VASE.

This is conceded, by artists and amateurs, to be the prettiest embellishment ever furnished by a periodical.

FANCY BALL DRESSES

are just in season. These we believe are the first of that kind of embellishment ever published.

We will now mention one embellishment in preparation, that we know will give the greatest satisfaction to our numerous readers—

A FULL LENGTH PORTRAIT OF MISS E. LESLIE; The celebrated contributor to Godey's Lady's Book. The embellishments alone in this number cost near \$7000.

Our Contributors are the best in the country. We annex the names of those who contribute to the January No.

- William Cullen Bryant, N. P. Willis, C. Fenno Hoffman, Joseph C. Neal, Mrs. J. H. Signourney, Prof. John Sanderson, W. H. Burleigh, Alice Hervey, Miss A. D. Woodbridge, Mrs. S. J. Hale, T. S. Arthur, A. Parisian, Robert Morris, Mrs. M. E. Robbins, Mrs. C. Lee Hemz, Mrs. Emma C. Embury, Mrs. E. Oaks Smith, Miss Leslie, Mrs. H. F. Lee, Miss E. S. Norton, H. T. Tuckerman, Theo. Ledyard Cuyler, A. Huntington Clapp, Adrian, George Waterman, Jr., J. A. Swan, Prof. John Frost, Morton M'Chesnel.

In fine Godey's Lady's Book can never be surpassed.
