THE ORIGINAL DOLLAR WEEKLY! The Cheapest Neatest, and most popular Family News Journal ever published in Philada.

Alexander's Express Messenger, Is universally known in every section of the United States, as the original and only successful Dollar Newspaper established here or elsewhere. It contains all the advantages and objects of a Literary, Scientific, Moral, Mercantile, & Agricultural Jourmal, and the publisher deems it unnecessary, at this time, to go into a lengthened recital of its numerous peculiar and popular characteristics which have so extensively recommended it to the family circle, in Philadelphia city and county, throughout the State of Pennsylvania, and every other State of the Union. Its course has always been neutral in politics, and free from securianism in religion, and whether considered in reference to the richly varied and valuable contents of its columus, so expressly adapted to the wants of all classes, or its moral influence in advocating the interests of the rising generation, it will be conceded that it is the cheapest and hest, and most deserving popular encouragement and support of any of its City Weekly contemporaries.

# PETERS PILLS

We have tried Doctor Jos. Priesley Peters' Ve getable Pills, and have no hesitation in pronouncing them the best Antibilious Medicine that we have ever used in our families. We are acquainted with several families in this city who give them the preference to all other kinds, on account of their mildness, and at the same time, certainty of action .-- New-York Examiner.

More than ten millions of boxes of these truly valuable Antibilious Pills have been sold in the United States, Canadas, West Indies, Mexico, and Texas, since the first of January, eighteen hunlred and thirty-five.

#### TO SAW-MILL OWNERS. Or those who are about to build or repair.

The undersigned respectfully informs the public that he is duly authorised to sell the-Right of the Johnson Re-acting Water wheel. to the counties of Monroe and Pike, patented the 22d day of June, A. D. 1840.

The Johnson re-acting wheel is the best now in use to propel a saw mill; it excels any other wheel in the United States under a low water head :- under a head from 5 to 7 feet is sufficient to cut from 2 to 3000 feet in twelve hours of inch or any other boards with ease. The wheels require, under a 7 foot head, 140 inches of water and so in proportion to any other head. Under a 7 foot head, the Saw will make from 200 to 250 strokes per minute. The advantage which those wheels have over any other wheels is, that it requires but four posts to make the floom or bulk head; the wheels are hung on the crank shaft. Two wheels are what is required for a Saw mill, and the posts planked inside the same as a pen stock. I have built one of those mills this season, on the Roaring Brook, in Luzerne county, for Mr. S. P. Templin, under about a 7 foot head, which will cut from 3 to 4000 in twelve hours of inch boards; -- therefore, 1 can recommend them as the best wheels now in operation. There are several more mills in that part, all under low head-, which answers the same purpose as that of Mr. Templins. For further information, please call on the subscriber.
