

From the Belvidere Apollo, June 11.

The Second Trial

Of JOSEPH CARTER, jr., on an indictment for the murder of John B. Parke, was begun before the Warren Circuit on Tuesday last, Judge WHITEHEAD on the bench. The first day was consumed in selecting a Jury, the following being the list: Dennis Rice, Foreman, Wm. W. Wilson, John Kelley, Peter Chamberlin, David Burge, Peter T. Dewitt, Jacob S. Hoyt, Wesley Flummerfelt, Stewart M. Browne, Charles G. Hoagland, Frederic Sharp, Philip D. Weller.

Mr. MORRIS, the Prosecutor, is assisted by JOHN M. SHERRER, Esq. of this village, and the Hon. WILLIAM HALSTED, of Trenton.

For the defence, Wm. F. CLEMONS, of Belvidere, and A. E. BROWN, Esq. of Easton.

During the week some twenty witnesses have been examined, out of a list considerably larger than that called on the first trial. The time consumed in the present one will probably be as great if not greater than in the former.

Much less interest seems to be felt in the proceedings than was manifested in August of last year, not that less anxiety prevails as to the result, but because much of the testimony has become a twice-told tale. The number in attendance we should think is lessened by at least one half. Towards the close of the trial, however, increased anxiety and a large attendance may be anticipated.

The wide spread reputation for legal acumen and eloquence of Messrs. Halsted and Brown, now for the first time, so far as we know, exerting their energies in a Warren Court, added to the established reputations of the counsel heretofore employed in the case, will doubtless "draw full houses" when the argument commences.

Bishop Andrew's Case.

We learn from the Richmond Compiler, that on Thursday, the members of the Methodist Episcopal Church of that city held a meeting to express their sense of the recent proceedings in the General Conference at New York relative to Bishop Andrew's deposition, &c. They adopted an eloquent preamble and resolutions, earnestly sustaining Bishop A., and firmly defending the rights of the Southern portion of the Church.

RIPE CHERRIES.—There is probably no instance on record of cherries being as early as the present season. The following dates will be interesting for comparison: Cherries ripe at Middletown, Conn., June 21, 1839; June 21, 1840; June 29, 1841; June 25, 1843; June 3, 1844.

CHARLES MUSCH.

The cost of the Hive, compared with his great utility, is but trifling.

Orders will be thankfully received by the undersigned.

The cost of the Hive, compared with his great utility, is but trifling.

Persons can be satisfied of the utility of the Hives, or they can keep to work to make Hives, as they do in the common box or straw Hives, as they will swarm the same in these.

The Hives will swarm the same in these entirely different from, and far superior to any other kind of the kind that has been heretofore in use.

The Hive is constructed on a principle entirely different from, and far superior to any other kind of the kind that has been heretofore in use.

NOTICE

TO SAW-MILL OWNERS, Or those who are about to build or repair.

The undersigned respectfully informs the public that he is duly authorized to sell the Right of the Johnson Re-acting Water wheel, to the counties of Monroe and Pike, patented the 22d day of June, A. D. 1840.

The Johnson re-acting wheel is the best now in use to propel a saw mill; it excels any other wheel in the United States under a low water head;—under a head from 5 to 7 feet is sufficient to cut from 2 to 3000 feet in twelve hours of inch or any other boards with ease. The wheels require, under a 7 foot head, 140 inches of water and so in proportion to any other head.

Under a 7 foot head, the Saw will make from 200 to 250 strokes per minute. The advantage which those wheels have over any other wheels is, that it requires but four posts to make the floor or bulk head; the wheels are hung on the crank shaft. Two wheels are what is required for a Saw mill, and the posts planked inside the same as a pen stock. I have built one of those mills this season, on the Roaring Brook, in Luzerne county, for Mr. S. P. Temple, under about a 7 foot head, which will cut from 3 to 4000 in twelve hours of inch boards;—therefore, I can recommend them as the best wheels now in operation. There are several more mills in that part, all under low heads, which answers the same purpose as that of Mr. Temple's. For further information, please call on the subscriber.

WOOL CARDING, Weaving, Spinning, Fulling and Dressing of CLOTH.

The Subscriber, thankful for past favors, respectfully informs his friends and the public generally that he still continues at the former stand of Mr. John Keller, near Keller'sville, and that he has now commenced and is ready to carry on the above business in all its various branches. As he has new Fulling Stocks, Shearing Machines and additional Cards, and by doing good work and strict attention to business, he hopes to merit a continuance of the public patronage.

Manufacturing, &c.

Spinning will be done from 10 to 15 cents per pound. No wool will be spun unless carded by the subscriber, which must be made known before carding. Carding will be done at the low price of cents per pound. Wool will be received in the fleece and manufactured into Cloth, Sateen, &c. at the following prices, viz:

Cloth at 62 1-2 cents per yard,
Sateens from 40 to 45 " "
Womens wear from 45 to 50 " "
Blanketing at 37 1-2 " "
Linsey in proportion.

Wool will be picked and greased at 1 1-2 cents per pound, if required. Wool and Cloth will be received at the establishment, and will be taken in and returned at the following places, viz:—Richard S. Staples & Co's. Store, Stroudsburg. JOHN P. QUICK.
Hamilton, Monroe co., April 29, 1844.
