SHERMAN'S LOZENGES.

MORE THAN SIX MILLION OF BOXES OF Dr. Sherman's Lozenges

HAVE BEEN SOLD in the United States, Mexico, West Indies, Great Britain and throughout the WORLD, in the Year 1843.

Hundreds and Thousands bless the day they were induced by the persuasion of a friend, to try Sherman's Lozenges.

CONFIRMED CONSUMPTION.

Onondaga, May 18, 1843.

Dr Sherman: Dear Sir—As I most ardently desire to benefit my fellow men, especially those who are the unhappy victims of that dreadful disease, Consumption, I will relate, for their consideration, the astonishing effect of your Cough Lozenges. On the night of July 5, 1840, I was attacked with a violent cough, which threatened my speedy death.

Yours, &c DARIUS ANTHONY, Minister of the Gospel

Spitting of Blood, NIGHT SWEATS AND PAIN IN THE SIDE.

Jonathan Haworth, Esq. the well known Temperance Lecturer, was attacked with a cold from sleeping in damp sheets, in the winter of 1841. He neglected it at first, but soon found it assuming a somewhat alarming aspect, and then resorted to the various remedies usually recommended for lung complaints.

From the Cincinnati Daily Times, of Jan. 4th 1844.

Coughs—The variability of the weather this winter has caused an unusual number of persons to be afflicted by colds and coughs—scarcely a family has escaped; and with many, carelessness in attending to a cough, has laid the foundation for consumption.

WORMS CAUSE DEATH.

Thousands upon thousands have gone down to graves from Marasmus, or a wasting away of the body, Epilepsy, Fits, St Vitus' Dance, Locked Jaw, Apoplexy, Mania, Dropsy in the Head, Palsy, Consumption, Pleurisy, Dysentery, Convulsions, and many other supposed apparent diseases; and many have suffered for years and years, and have been doctored for some imaginary complaint without the least relief; and others are still suffering, when all the trouble arises from worms, and worms alone, which are entirely overlooked, and when the proper treatment would have saved their lives, and restored them to health.

WORM LOZENGES

Dr Ryan, Druggist, corner Bowery and Prince st. was applied to for advice, by a man who looked like a living skeleton: he said that in early life he had been remarkably hearty and robust, but for the last four years he had been gradually wasting away, till his coat would wrap twice around him.

He said that his appetite was so good that he could hardly eat enough; he suffered from palpitation of the heart, pain and occasional numbness of his limbs, and always felt fatigued; shooting pains in and a constant desire to pass something from his bowels, and darting pains in different parts of

his body; gnawing sensation at the stomach, slight chills and flashes of heat, drowsiness and dizziness, frightful dreams, and so miserable was he that he had rather die than live. Dr R. told him that he had worms, and he could cure him. The man shook his head, and said it was impossible, but he would try;—so the Dr gave him a box of Sherman's Worm Lozenges, and told him to take them according to the printed directions accompanying them. He returned in three days, and said he felt like a new being—that the first dose bro't away a tapeworm 70 or 80 feet long, and the second dose brought away 24 feet more.

Headache and Sickness.

Palpitation of the heart, lowness of spirits, and despondency, are immediately relieved by Sherman's Camphor Lozenges. Persons travelling or attending crowded parties will find them to relieve all fatigue and give buoyancy to the spirits. After a night's dissipation they dispel all those unpleasant sensations so usually following the too free liver. Temperance people will find them soothing to the disturbed nerves of their new converts. The most distressing headache yields to these lozenges in less than ten minutes.

Sherman's Poor Man's Plaster.

The best strengthening plaster in the world, and a sovereign remedy for pains, or weakness in the back, loins, sides, breast, neck, limbs, joints, rheumatism, lumbago, &c, &c.

Mr. Geo. W. Spencer, Street Inspector was cured of the Piles by wearing one of these plasters on the lower part of the spine.

Caution—The great reputation these Plasters have attained, has induced many unprincipled persons to get up worthless imitations. Ask for Sherman's Poor Man's Plaster, and see that full directions for use, and a fac simile of his name, thus, A SHERMAN, M D is on the back of each. Trust none others, or you will be deceived.

A fresh supply of the above valuable medicines just received, and for sale at the Republican Office, Stroudsburg, Monroe county, Pa. March 21, 1844.—6m.

PETERS PILLS

We have tried Doctor Jos. Priestley Peters' Vegetable Pills, and have no hesitation in pronouncing them the best Antibilious Medicine that we have ever used in our families. We are acquainted with several families in this city who give them the preference to all other kinds, on account of their mildness, and at the same time, certainty of action.—New-York Examiner.

More than ten millions of boxes of these truly valuable Antibilious Pills have been sold in the United States, Canada, West Indies, Mexico, and Texas, since the first of January, eighteen hundred and thirty-five.

Hundreds and thousands bless the day they were induced by the persuasion of a friend, to try a Box of Doctor Peters' Pills.

They are in use as a Family Medicine, and all who have used them give them the preference to all other kinds, on account of their being a safe, pleasant, and easy aperient—being mild in their action at the same time; though, in their operation, producing neither sickness, griping, nor debility.

DEAR SIR—I have used your valuable Pills these last four years, in cases of Dyspepsia, Liver Complaint, and Sick Head-ache, and have found them, in a majority of cases, the most valuable Pills I have ever used.

JOHN CASE, M. D. For Sick or Nervous Head-ache, or Bilious Fever, I would recommend Peters' Pills in preference to all other kinds.

R. H. ARMSTRONG, M. D. The following from the EMINENT DOCTOR EMERSON, is considered sufficient.

I have used in my practice, these last five years, Doctor Jos. Priestley Peters' Vegetable Antibilious Pills, and considered them the BEST FAMILY MEDICINE I have ever used.

A fresh supply of these valuable Pills just received and for sale at the office of the REPUBLICAN, Stroudsburg.

THE COLUMBIAN

Lady's and Gentleman's Magazine.

EDITED BY JOHN INMAN,

And filled with Contributions from the most eminent and accomplished writers of the country.

The motives which have led to the commencement of this undertaking may be briefly stated. It is believed by the proprietor that there is in the United States an immense provision of literary ability, for which as yet there is no adequate encouragement, or field of display; that besides the numbers of clever and successful writers, whose productions are weekly, and monthly, and annually read with delight by thousands, there are yet greater numbers constantly arriving at maturity of power, who have only to appear on the stage of publication to receive a brilliant award of fame; and that the powers of those whose names are already pronounced with respect by lips of wisest censure, are capable of more and still higher exertion than has yet been called forth. It is believed, too, that the demand for literary production in this country, especially in the periodical channel, exceeds the supply in a very large proportion, and that new supplies have only to be presented of the right quality, and in the right way, to ensure a hearty welcome and profitable reception. No doubt is entertained of the American mind's ability to sustain itself—certainly on its own ground, if not abroad—against all the competition that the intellect of other lands can bring to the encounter; and full assurance is felt that among the millions of American readers there can be, and is, a cordial welcome for all the American writers can produce of excellent and interesting.

From these premises it is undoubtingly inferred, that there is abundant room for another Magazine, notwithstanding the merit and success of those already in being; that there can be no lack of ability to fill its pages acceptably, within the reach of capital and liberal enterprise; and that such a periodical will not fail to be greeted as a welcome visitor by thousands upon thousands, who as yet have done little or nothing toward the support and development of American periodical literature.

Another and strong motive has been the feeling that New York, the first city of the Union, should be the home of a periodical owning no superior either merit or success.

The Columbian Magazine will be published on the first day of every month. Its mechanical arrangements will comprise the best of paper, type, and workmanship, that money can procure.

Its contributors will be sought for amongst the ablest and most popular writers in the country, and no efforts will be spared to secure the names of the most distinguished, such as

John L. Stephens, W. C. Bryant, J. F. Cooper, J. K. Paulding, F. G. Halleck, N. P. Willis, W. H. Herbert, Nathaniel Hawthorne, H. T. Tuckerman, H. W. Longfellow, J. R. Chandler, C. F. Hoffman, T. C. Grattan, T. S. Arthur, J. C. Neal, R. F. Huntington, W. G. Simms, H. H. Weld, Epes Sargent, John Neal, Theodore S. Fay, Park Benjamin, R. Griswold, R. H. Dana, George P. Morris, Rufus Dawes, Seba Smith, R. M. Bird, Mrs. Emma C. Estlin, Mrs. Mary Clavets, Mrs. Ann S. Stephens, Mrs. Francis S. Osgood, Mrs. Seba Smith, Mrs. F. Ellet, M. S. H. Beecher, Stowe, Mrs. Volney B. Howard, Mrs. Lydia H. Sigourney, Mrs. M. S. Lewis, Loul Miss Eliza Leslie, Mrs. A. M. F. Annan, Mrs. C. M. Sedgwick, Miss Hannah F. Gould.

With many of these, arrangements have already been made, as well as with others whose reputation is sure, though yet to be established in the public regard. The proprietor entertains sanguine hopes of accomplishing an object to which he looks forward with pride—the secured cooperation of regular and occasional contributors, forming a list unequalled in this country.

In each number there will be two or more Engravings, after such artists as Chapman, Inman, Inman, Osgood, &c., engraved in mezzotint, line, and stipple, by H. S. Sadd, W. L. Ormsby, &c. besides a plate of Fashions colored, and occasionally other illustrations, so that every subscriber will receive, in the course of the year, at least twenty-four elegant productions of the graphic art, which could not be otherwise procured at three or four times the annual cost of the whole Magazine.

In each number there will also be two pages of Music, original, or judiciously selected by a competent professor of the art. Proper regard will be paid to the current issues from the books press, not so much, however, with a view to notice in the volumes that may appear, as to the expression of matured opinions concerning those which should be deemed worthy of the public attention and confidence. The aim of the Editor will be, rather to furnish judicious criticisms, on which readers and purchasers may rely for guidance, than to present a mere laudatory chronicle of new publications.
