EDITED BY JOHN INMAN,

And filled with Contributions from the most emment and accomplished writers of the country.

The motives which have led to the commencement of this undertaking may be briefly stated. It is believed by the proprietor that there is in the couragement, or field of display; that besides the numbers of clever and successful writers, whose productions are weekly, and monthly, and annualy read with delight by thousands, there are yet greater numbers constantly arriving at maturity of power, who have only to appear on the stage of publication to receive a brilliant award of fame; and that the powers of those whose names are already pronounced with respect by lips of wisest censure, are capable of more and still higher exertion than has yet been called forth. It through Divine blessing, I owe my life is believed, too, that the demand for literary production in this country, especially-in the periodical channel, exceeds the supply in a very large proportion, and that new supplies have only to be presented of the right quality, and in the right NIGHT SWEATS AND PAIN IN THE SIDE. way, to ensure a hearty welcome and profitable reception. CONFIRMED CONSUMPTION.

Onondaga, May 18, 1843. Dr Sherman: Dear Sir-As I most ardently desire to benefit my fellow men, especially those who are the unhappy victims of that dreadful disease. Consumption, I will relate, for their consideration, the astonishing effect of your Cough Lozenges. On the night of July 5, 1840, I was attacked with a dollars, he was cured by only one 25 cent box of violent cough, which threatened my speedy death. Under the advice of two very excellent physicians, Drs Parkes and Rose, I was so far relieved as to prices to suit the times. Call and be able to ride out, and once I attempted to preach. I rode 20 miles, to Cazenovia, to attend the session of our Conference, which continued about ten days. I was able to attend the session every day for a few hours by contining myself the rest of my time to my bed. The Fathers in the Gospel told me I ought to arrange my wordly affairs and prepare for a speedy death, and consequently put me on the superanuated list. Very fortunately, and I may say providently, I heard of your Lozenges, and was prevailed upon to try them, and to my utter astonishment, after taking three one day, they allayed the violent attacks of coughing, and enabled me to sleep for hours together, which I could not do before. I continued to improveunder their use for several weeks, when I considered myself excellency John Tyler, Joseph B Nones, Esqual well, and able to resume my duties as a minister | hundreds and thousands of others, who have exof the Gospel of our Saviour. How many will soon enter the gloomy vale of death, that might | their great value long be a blessing to the world and a comfort to their friends, if they could obtain your medicines! May Providence favor your efforts until every family in the civilized world can procure your medicine, which I consider the most valuable ever discovered by the medical faculty. In conclusion,
