CONFIRMED CONSUMPTION.

Onondaga, May 13, 1843. Dr Sherman: Dear Sir-As I most ardently desire to benefit my fellow men, especially those who are the unhappy victims of that dreadful disease. Consumption, I will relate, for their consideration, the astonishing effect of your Cough Lozenges. On the night of July 5, 1840, I was attacked with a violent cough, which threatened my speedy death. these celebrated Lozenges. Under the advice of two very excellent physicians, Drs Parkes and Rose, I was so far relieved as to be able to ride out, and once I attempted to preach. Spitting of Blood, NIGHT SWEATS AND PAIN IN THE SIDE.

Jonathan Haworth, Esq. the well known Temperance Lecturer, was attacked with a cold from sleeping in damp sheets, in the winter of 1841. He neglected it at first, but soon found it assuming a Institution for Aged Indigent Females in the city somewhat alarming aspect, and then resorted to the various remedies usually recommended for lung complaints. There will time he had taken one small box, he was able to start for the city of New York, and in three weeks' time he was perfectly restored to his usual health. He often announces the fact to his hearers, when lecturing on Temperance, and says he owes his life to Dr Sherman's Lozenges From the Cincinnati Daily Times, of Jan. 4th 1844. Coughs-The variableness of the weather this winter has caused an unusual number of persons to be afflicted by colds and coughs-scarcely a family has escaped; and with many, carelessness in attending to a cough, has laid the foundation for consumption. Our family has not escaped the general affliction, but owing to a remedy, used for the first time, they were speedily cured. Sherman's Cough Lozenges, which we were induced to try, proved what they are represented to be, and affected a cure in a few days of a troublesome cough, which appeared so deeply seated that by doing good work and strict attention to busseemed doubtful if it could be removed at all .--We have not written the above as a puff, but as facts which the community should know. his body; gnawing sensation at the stomach, slight chills and flashes of heat, drowsiness and dizziness, frightful dreams, and so miserable was he that he had rather die than live. Dr R. told him that he had worms, and he could cure him. The man shook his head, and said it was impossible, but he would try;-so the Dr gave him a box of Sherman's Worm Lozenges, and told him to take them according to the printed directions accompanying them. He returned in three days, and said he felt like a new being-that the first dose broit away a tapeworm 70 or 80 feet long, and the sec. ond dose brought away 28 feet more. Thus two doses of Slierman's Worm Lozenges effected a cure; and although but a few months have elapsed he is now as fat and hearty as he ever was in his life. After years of misery, swallowing enormous quantities of medicine, and spending hundreds of dollars, he was cured by only one 25 cent box of
