

EDITED BY JOHN INMAN AND ROBERT A. WEST.
 Prospectus for the Second Year.

At the close of his second volume, the magazine having been commenced on the first of January, 1844, the publisher finds himself irresistibly called on to express the satisfaction and gratitude with which he has been filled by the brilliant and unexampled success that has attended his endeavors to win the public favor. Notwithstanding the difficulties, disappointments and vexations that almost invariably follow the establishment of a new periodical, in the production of which there must be the harmonious co-operation of many heads and many hands—nowwithstanding occasional short-comings, especially in the pictorial department, which no care or diligence could avert and no expenditure prevent, the *Columbian Magazine* has gone on steadily increasing in support and popularity from the opening number, and if the unbought unsolicited testimony of the press may be received as unswayed by partiality and unbiased by friendship, the efforts of contributors and editors have been satisfactory to the public and accepted as fulfilling the promises made for them at the commencement of the enterprise.

The publisher undertook the work with a firm conviction that the great city of New York was the best and the true home for a magazine of general literature; that notwithstanding the failure of many previous attempts to establish such a work, there could be no impossibility of success with sufficient capital, perseverance and the right system of management both by publisher and editor; stimulated by this conviction he embarked in the enterprise and the result of the first year has proved that his judgment was correct.

It has long ceased to be necessary, or reasonable, that we should speak of the *Columbian* as an experiment. At all events, it is now an experiment substantially tried. We feel ourselves upon a firm basis as any similar journal in the world. Our principal cares now regard not so much the securing what ground we have gained (for we consider this sufficiently secure) as the extension of our sphere of action and utility—not so much, even, the mere enlargement of our subscription-list, as the most suitable modes of catering for the amusement (and shall we say occasionally for the profit!) of our subscribers in the present and in the future—the many whom we have, and the many more we shall undoubtedly have as time rolls on.

We have made arrangements which will enable us to present our friends with embellishments of very superior taste, style and finish. In this respect it is our firm purpose, if possible, to outvie all competition. Our music and engravings, we confidently believe, will not be equalled—very certainly they shall not be surpassed in real merit, by those of any other magazine. We propose to give, each month, two or more superb engravings, independently of two pages of music by the most eminent composers, and plate of authentic fashions.

Regarding the literary and editorial conduct of the *Columbian*, the publisher does not feel called upon to say more than a very few words. The general management of this department is confided to the gentleman who has hitherto given abundant evidence, not only of the highest ability to put forth a meritorious magazine and one exactly adapted to the tastes of all readers, with whom is associated another gentleman of ability and experience. The publisher, therefore, has every confidence that what has already been done for the literary value of this journal, will be done again. We are perfectly willing that our future in this respect should be estimated by our past. The subjoined list of those who have furnished articles for the *Columbian* during the by gone year, will satisfy, we feel assured, the most fastidious, that we are resolute to spare, in no particular, either exertion or expense.

With the aid of these contributors (of whom it is needless to say one word in the way of commendation) and of numerous others, perhaps equally meritorious if less celebrated, who have promised us their support, we flatter ourselves that, as a literary work, the *Columbian* need be under no apprehension of being excelled.

But what we have done is already before the public, who will not fail to judge of us with impartiality; and in respect to what we intend to do, it will be both wiser and more becoming (although less fashionable not to boast.) We may be permitted to assure our friends in brief, however, that we have matured numerous plans (for the Third Volume) with which we feel confident they will be pleased. It is our purpose to put forth every energy, and it will be no fault of our own if the *Columbian* shall not be found at least equal to any magazine, of any class or price, in America.

Dealers in periodicals throughout the United States and the Canadas, who wish to become agents for the *Columbian Magazine*, will please apply to the publisher immediately. The usual discount will be made to them.

Spitting of Blood,
NIGHT SWEATS AND PAIN IN THE SIDE.
 Jonathan Haworth, Esq. the well known Temperance Lecturer, was attacked with a cold from sleeping in damp sheets, in the winter of 1841. He neglected it at first, but soon found it assuming a somewhat alarming aspect, and then resorted to the various remedies usually recommended for lung complaints. When one thing failed he tried another, until he had exhausted his patience and the whole catalogue of remedies. His cough was almost incessant, so that he could get little or no sleep—attended with pain in his side, spitting of blood, night sweats, and all the usual symptoms of Consumption. While at Rome, (N. Y.) he felt that his end was nigh—that in that place he must soon end his journey of life. Provisionally, a lady who visited him advised a trial of Dr. Sherman's Cough Lozenges. He accordingly sent and got a box, and the first dose gave him more relief than all the other medicines he used before. By the time he had taken one small box, he was able to start for the city of New York, and in three weeks' time he was perfectly restored to his usual health. He often announces the fact to his hearers, when lecturing on Temperance, and says he owes his life to Dr. Sherman's Lozenges.

From the Cincinnati Daily Times, of Jan. 4th 1844.
Coughs—The variability of the weather this winter has caused an unusual number of persons to be afflicted by colds and coughs—scarcely a family has escaped; and with many, carelessness in attending to a cough, has laid the foundation for consumption. Our family has not escaped the general affliction, but owing to a remedy, used for the first time, they were speedily cured. Sherman's Cough Lozenges, which we were induced to try, proved what they are represented to be, and affected a cure in a few days of a troublesome cough, which appeared so deeply seated that seemed doubtful if it could be removed at all—We have not written the above as a puff, but as facts which the community should know. G. F. Thomas, No 147 Main street, is the sole agent in this city.

WORMS CAUSE DEATH.
 Thousands upon thousands have gone down to graves from Matasms, or a wasting away of the body, Epilepsy, Fits, St. Vitis' Dance, Locked Jaw, Apoplexy, Mania, Dropsy in the Head, Palsy, Consumption, Pleurisy, Dysentery, Convulsions, and many other supposed apparent diseases, and many have suffered for years and years, and have been doctored for some imaginary complaint without the least relief; and others are still suffering, when all the trouble arises from worms, and worms alone, which are entirely overlooked, and when the proper treatment would have saved their lives, and restored them to health. Every observant mother cannot but see and admit the truth, but still many physicians shut their eyes to that all-important cause of disease.

Persons of all ages and sexes, from the tender infant at the breast to old age, are all liable to be afflicted with worms. Many a person has suffered his whole life from them, and never suspected it. Different kinds of worms inhabit different parts of the body; but a long dissertation on their particular locality, origin, &c. is superfluous and unnecessary, so long as a proper, safe and certain remedy is at hand. That is all the public wants or cares for. The sale of over two millions of boxes of Sherman's Worm Lozenges, in less than five years places their reputation far above all other worm medicines.

Consumption, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges.—They saved the Rev. Richard De Forrest, the Rev. Mr. Streeter, Jonathan Howarth, Esq., and that worthy old hero, Leonard Rogers, from the consumptive's grave. They cured in one day the Rev. Mr. Dunbar, the Rev. Mr. Hancock, Wm. H. Atree, Esq., of distressing coughs. They are the pleasantest cough medicine and cure the soonest of any known remedy.

Headache, Sea-sickness and Palpitation, relieved in from five to ten minutes by Sherman's Camphor Lozenges. Persons attending crowded rooms or travelling will find them to impart buoyancy of spirits and renew their energies. Those suffering from too free living will find a few of the lozenges to dispel the horrors and lowness of spirits. Mr. Krauth, of the Sunday Mercury, has repeatedly cured himself of severe headache by them. Captain Chadwick, of the packet ship Wellington, has witnessed their efficacy in a great many cases of sea-sickness. They operate like a charm upon the agitated or shattered nerves, as Sherman's Poor Man's Plaster does upon rheumatism, lumbago, pain or weakness in the side, back, breast, or any part of the body. Mr. H. G. Daggars, 30 Ann street, Henry R. Goulding, 354 Clatham street, Moses J. Henriques, Esq., and a multitude of others have experienced the wonderful effects of these Plasters. Price only 12 1-2 cents. Caution is necessary to see that you get the genuine Sherman's Lozenges and Plasters, as there are many worthless articles attempted to be palmed off in place of them, by those who would traffic with your life for a shilling.

A fresh supply of these valuable medicines just received and for sale at the Republican office.
