#### 12 Copies to Clubs for \$20. THE COLUMBIAN MAGAZINE, FOR 1845. EDITED BY JOHN INMAN AND ROBERT A. WEST.

Prospectus for the Second Year.

At the close of his second volume, the magazine having been commenced on the first of January. 1844, the publisher finds himself irresistably called on to express the satisfaction and gratitude with which he has been filled by the brilliant and unexampled success that has attended his endeavers to win the public favor. Notwithstanding in difficulties, disappointments and vexations that most invariably follow the establishment of a new periodical, in the production of which there must be the harmonious co-operation of many heads and many hands-notwithstanding occasional short-comings, especially in the pictorial department, which no care or diligence could avert and no expenditure prevent, the Columbian Magazine has gone on steadily increasing in support and popularity from the opening number, and if the unbought unsolicited testimony of the press may be received as unswayed by partiality and unbiassed by friendship, the efforts of contributors | Milford, Dec. 14, 1843. and editors have been satisfactory to the public and accepted as fulfilling the promises made for them at the commencement of the enterprise.

The publisher undertook the work with a firm conviction that the great city of New York was the best and the true home for a magazine of gen- by the subscriber, among which may be found eral literature ; that notwithstanding the failure of say many previous attempts to establish such a work, there could be no impossibility of success with sufficient capital, perseverance and the right system of management both by publisher and editor; stimulated by this conviction he embarked in the enterprize and the result of the first year has proved that his judgment was correct.

It has long ceased to be necessary, or reasonable, that we should speak of the Columbian as an experiment. At all events, it is now an experiment substantially tried. We feel ourse'ves upon as firm a basis as any similar journal in the world. Our principal cares now regard not so much the securing what ground we have gained (for we consider this sufficiently secure) as the extension of our sphere of action and utility-not so much, even, the mere enlargement of our subscription-list, as the most suitable modes of catering for the amusement (and shall we say occasionally for the profit 1) of our subscribers in the present and in the future-the many whom we have, and the many more we shall undoubtedly have as time rolls on.

We have made arrangements which will enable ainly they shall not be surpassed in real merit, by those of any other magazine. We propose to shops in New York and a number of other Ciindependently of two pages of music by the most various styles and changes of fashion. eminent composers, and plate of authentic fashions. Regarding the literary and editorial conduct of the Columbian, the publisher does not feel called upon to say more than a very few words. The forth a meritorious magazine and one exactly adapted to the tastes of all readers, with whom is associated another gentleman of ability and experience. The publisher, therefore, has every confidence that what has already been done for the literary value of this journal, will be done again. We are perfectly willing that our future in this respect should be estimated by our past. The subjoined list of those who have furnished articles for the Columbian during the by gone year, will satisfy, we feel assured, the most fastidious, that we are resolute to spare, in no particular, either exertion or expense. With the aid of these contributors (of whom it is needless to say one word in the way of commendation) and of numerous others, perhaps equally meritorious if less celebrated, who have promised us their support, we flatter ourselves that, as a lit-erary work, the Columbian need be under no apprehension of being excelled.

But what we have done is already before the public, who will not fail to judge of us with impartiality; and in respect to what we intend to do, it will be both wiser and more becoming (although less fashionable not to boast.) We may be per-mitted to assure our friends in brief, however, that we have matured numerous plans (for the Third Volume) with which we feel confident they will be pleased. It is our purpose to put forth every energy, and it will be no fault of our own if the Columbian shall not be found at least equal to any magazine, of any class or price, in America.

#### Worms Kill Thousands.

CHILDREN are most subject to them, but persons of all ages are liable to be afflicted with them. Bad breath, paleness about the lips, flushed cheeks, picking at the nose, wasting away, leanness, pain in the bowels, joints or limbs, disturbed sleep, frightful dreams, moaning and sometimes a voracious appetite, are among the symp-toms of worms. Many are doctored for months for some other imaginary disease, when one box of Sherman's Worm Lozenges would effect a cure. Dr. Ryan, corner of Prince street and the Bowery, cured a man of worms that was reduced to a skeleton, and by only one box of Sherman's Lozenges: he is now as fat as an alderman. The Hon B. B. Beardsley has saved the life of one of his children by them. The sale of over 2,000,000 of boxes has fully tested them. They are the only infallible worm destroying medicine known. What family will be without them ?

Consumption, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges .-They saved the Rev. Richard De Forrest, the Rev. Mr. Streeter, Jonathan Howarth, Esq., and done in a workmanlike manner, or no charge that worthy old hero, Leonard Rogers, from the consumptive's grave. They cured in one day, the Rev. Mr. Dunbar, the Rev. Mr. Handcock, Wm. H. Attree, Esq., of distressing coughs. They are the pleasantest cough medicine and cure the soonest of any known remedy.

Headache, Sea-sickness and Palpitation, relieved in from five to ten minutes by Sherman's Camphor Lozenges. Persons attending crowded rooms or travelling will find them to impart buoyancy of spirits and renew their energies. Those suffering from too free living will find a few of the lozenges to dispel the horrors and lowness of lives, and restored them to nealth. Every obsetspirits. Mr. Krauth, of the Sunday Mercury, has vant mother cannot but see and admit the truth repeatedly cured himself of severe headache by but still many physicians shut their eyes to that them. Captain Chadwick, of the packet ship all-important cause of disease. Wellington, has witnessed their efficacy in a great many cases of sea-sickness. They operate like a charm upon the agitated or shattered nerves, as Sherman's Poor Man's Plaster does upon rheu- his whole life from them, and never suspected matism, lumbago, pain or weakness in the side, back, breast, or any part of the body. Spitting of Blood,

NIGHT SWEATS AND PAIN IN THE SIDE. Jonathan Haworth, Esq. the well known Temperance Lecturer, was attacked with a cold from sleeping in damp sheets, in the winter of 1811. He neglected it at first, but soon found it assuming a other, until he had exhausted his patience and t whole catalogue of remedies. His cough was a most incessant, so that he could get little or sleep-attended with pain in his side, spitting blood, night sweats, and all the usual symptoms Consumption. While at Rome, (N Y) he felt that his end was nigh-that in that place he must seen end his journey of life. Providentially, a lad who visited him advised a trial of Dr Sherman's Cough Lozenges. He accordingly sent and geta box, and the first dose gave him more relief that all the other medicines he used before. By the time he had taken one small box, he was able b start for the city of New York, and in three weeks time he was perfectly restored to his usual health. He often announces the fact to his hearers, when lecturing on Temperance, and says he owes his life to Dr Sherman's Lozenges.

From the Cincinnati Daily Times, of Jan. 4th 1841.

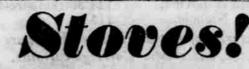

Coughs-The variableness of the weather the winter has caused an unusual number of persons to be afflicted by colds and coughs-scarcely a family has escaped; and with many, carelessness in attending to a cough, has laid the foundation lot consumption. Our family has not escaped the general affliction, but owing to a remedy, used for the first time, they were speedily cured.
