

**"TELL YOUR NEIGHBORS"** that Sherman's Cough Lozenges will cure a severe cough or cold sooner than anything that they can take that they allay all irritation, promote expectoration, and give quiet rest to the sufferer when it cannot be otherwise obtained. Tell them that Sherman's Worm Lozenges are a specific for worms, and have been tried with perfect success in more than 4,000,000 cases, and have never been known to fail—and being prepared by a regular physician, are perfectly safe, as they have never been known to do injury in any case in which they have been used. Say to them that Sherman's Cough Lozenges are a remedy for the headache, curing in from three to five minutes, and relieving from palpitation, nervous diseases and depression of spirits. And last, not least, tell them that if they have rheumatism, pain or weakness in the back, chest, side, loins, or any part of the body, that Sherman's Poor Man's Plaster is decidedly the best strengthening plaster in the world, and will cure them quicker than anything of the kind they ever saw. And tell them, also, that Dr. Sherman prepares Lozenges for fever and ague, heartburn, dyspepsia, and all the ills the body is liable to; and being a regular physician, all his remedies are prepared under his own inspection, and can be relied upon for which they are recommended.

A fresh supply of the above valuable medicines just received, and for sale at the Republican Office.

**PROSPECTUS OF THE SEMI-WEEKLY TRIBUNE.**

The publishers of The Tribune have been frequently solicited to issue a Semi-Weekly edition of their paper for the benefit of those who require the news of the day oftener than once a week, and yet are without daily mails or do not choose to incur the expense and heavy postage of a Daily. Circumstances have hitherto rendered such publication impossible, without trenching upon the due issue of our Daily and Weekly editions. We are preparing to obviate this difficulty in the new building now being erected for us on the site of our burnt establishment, where we hope to be again located by or soon after the 1st of May.

The **NEW-YORK TRIBUNE SEMI-WEEKLY**, will therefore be issued from our office, 160 Nassau-st., on or before the 17th of May, and will be published thenceforward on Wednesday and Saturday of each week. It will be printed on good paper of the size of the Daily Tribune, and will contain nearly or quite all the matter of the Daily, including Money Market, daily report of Commercial Transactions, Sales of Stocks, City Intelligence, &c. An Assistant Editor devotes his whole time to the collection of this kind of intelligence, reporting it twice a day for the Morning and Evening editions of our Daily. Two reporters are constantly watching the proceedings of the various Courts of our City and noting every thing deemed interesting to our readers. We hope to make the Semi-Weekly Tribune a most acceptable paper for Business men out of this City, and for all who wish a more prompt and detailed "map of busy life" than a Weekly paper can possibly be made.

Correspondents at Washington during the Session and at every point of general or transitory interest will at all times be employed; the liberal patronage bestowed on The Tribune demanding and justifying a corresponding liberality of outlay on our part. In the department of General Literature and Criticism, we have secured assistance of the highest order, while we hope soon to announce a department of Agricultural and General Science, under the immediate conduct of one of the most experienced and popular writers on Agriculture in the Country. In fine, we shall spare no expense or effort to make "The Tribune, whether in its Daily, Semi-Weekly or Weekly edition, eminently worthy the patronage of the Business and Reading Public, but especially of Whigs.

The Semi-Weekly Tribune will be issued every Wednesday and Saturday on a sheet of good paper the size of the Daily Tribune. **TERMS, Three Dollars a year; Five Dollars for Two Copies;** payable always in advance. Orders, enclosing cash are respectfully solicited by

**A subject for Congratulation.**

The Postage on *Godey's Magazine and Lady's Book*, to any distance is reduced to 4 1-2 cents on each number. To commence on the first day of July next.

It will then be cheaper than the large class of weekly papers—the postage on the former being only 4 1-2 cents, and that on the newspapers six cents per month.

In the **LADY'S BOOK** you will find the best articles of Poetry and Prose by the best authors of the day—*new Music*—and, in addition, from three to five monthly plates including the *authentic Ladies Fashions*. The heavy postage tax on periodicals has been very detrimental to a great mail distribution. That tax has now been removed, and our subscribers, and those about to subscribe, will have to pay only 4 1-2 cents per month postage on one of the most beautiful and useful works of the day.

This agreeable alteration of what was a very unjust law towards periodicals, now places us in a better position to mail subscribers. We give four times more original matter than any of the weekly papers, *Three Engravings a month gratis—Original Music, and at Less Postage.*

**NOTICE.**

The subscriber having discontinued the Mercantile business, is desirous of having his accounts settled as speedily as possible, and respectfully solicits all those indebted to attend to the same without delay.

**WILLIAM EASTBURN.**

N. B.—The business will be continued by **Stoddell Stokes & Son**, who have just returned from the city, and are receiving

**NEW GOODS**

purchased for cash, which they will sell at a very small advance on the same terms, and would call the particular attention of their friends to the same.

**IN PRESS POPULAR LECTURES ON SCIENCE AND ART; DELIVERED IN THE Chief Cities and Towns in the U. S. BY DIONYSIUS LARDNER.**

Doctor of Civil Law, Fellow of the Royal Societies of London and Edinburgh, Member of the Universities of Cambridge and Dublin, and formerly Professor of Natural Philosophy and Astronomy in the University of London, &c. &c.

The publishers announce that Dr. Lardner having brought to a close his public Lectures in this country, they have availed themselves of the opportunity thus presented to induce him to prepare for publication a complete and authentic edition of these Discourses. The general interest which for the last four years they have excited in every part of this country is universally felt and acknowledged. Probably no public lecturer ever continued for the same length of time to collect around him so numerous audiences. Nor has there been any exception to this favorable impression. Visit after visit has been made to all the chief cities, and on every succeeding occasion audiences amounting to thousands have assembled to hear again and again these lessons of useful knowledge. The same simplicity of language, perspicuity of reasoning, and felicity of illustration, which rendered the oral discourses so universally acceptable will be preserved in the published report, which will indeed be, as nearly as possible, identical with the Lectures as they were delivered.

The publishers feel that in the volume now proposed they will present to the American public a most agreeable offering, and an interesting and useful miscellany of general information, which will also afford that large class of persons who have attended the Lectures, an agreeable means of reviving the impressions from which they have already derived so much profit and pleasure.

The subjects which will be included will embrace a variety of topics in the Astronomical and Physical Sciences, and in their application to the arts of life. Among these the following may be mentioned:

The Plurality of Worlds; The Sun; The Moon; The Planets; The Comets; The Solar System; The Atmosphere; Popular Fallacies; Artificial Illumination; Light; Sound; Electricity; Galvanism; The Bridge Water Lecture; Lunar Influences; Weather Almanacs; Babbage's Calculating Machinery; Electric and Magnetic Telegraphs; The Telescope and Microscope; Galileo; Copernicus; Lavoisier; Newton; The Stellar Universe; The Power of Steam; Stearn Navigation; Aurora Borealis; Water Spouts; Thunder and Lightning; Theory of Dew; Heat; The Barometer; The Thermometer; &c. &c.

The work will appear in numbers, or parts, will be well printed on good type, and copiously illustrated with engravings on wood. It will be completed in ten or twelve numbers, and the entire volume will be published within six months. The price will be 25 cents for each number.

Any person wishing to procure this valuable work may apply to our agents, or to any of the Booksellers or Country Merchants in any part of the United States. Postmasters remitting one dollar will be entitled to five numbers. Orders are respectfully solicited.

**LOOK HERE.**

We have just received for sale, at the Jeffersonian Office, a supply of "Fenner's Odeiferous Compound for strengthening, softening and beautifying the Hair," also of "Fenner's Dentrifrice for Preserving and Beautifying the Teeth, preventing Tooth Ache, &c." and also "Fenner's Pomade Dicine," a preparation for curing chapped hands, bruises, &c. The articles are all of the first quality, and the high reputation which they have acquired in the cities, and wherever else they have been used, cannot fail to recommend them to the general notice and patronage of the people of this place and vicinity. A number of our citizens have already tried them, and pronounce them excellent. We invite all, who are in want of any such articles, to give us a call, and we are sure they will not go away unsatisfied.
