THOMAS L. KOLLOCK P. S. The Jeffersonian Republican will continue to be published by Theodore Schoch and F. E. Spering, who respectfully solicit a continuance of public patronage.

THEODORE SCHOCH, F. E. SPERING.

Spitting of Blood, NIGHT SWEATS AND PAIN IN THE SIDE.

Jonathan Haworth, Esq. the well known Temperance Lecturer, was attacked with a cold from sleeping in damp sheets, in the winter of 1841. He neglected it at first, but soon found it assuming a somewhat alarming aspect, and then resorted to the various remedies usually recommended for lung complaints. When one thing failed he tried an-Prices Current, is issued from this office every other, until ne had exhausted his patience and the Tuesday. It is devoted chiefly to the condition of whole catalogue of remedies. His cough was althe currency, the Markets. Banking institutions, most incessant, so that he could get little or no sleep-attended with pain in his side, spitting of blood, night sweats, and all the usual symptoms of Consumption. While at Rome, (N Y) he felt that his end was nigh-that in that place he must soon end his journey of life. Providentially, a lady who visited him advised a trial of Dr Sherman's Cough Lozenges. He accordingly sent and got a box, and the first dose gave him more relief than all the other medicines he used before. By the time he had taken one small box, he was able tostart for the city of New York, and in three weeks' time he was perfectly restored to his usual health. He often announces the fact to his hearers, when lecturing on Temperance, and says he owes his

life to Dr Sherman's Lozenges From the Cincinnati Daily Times, of Jan. 4th 1844.

Coughs-The variableness of the weather this winter has caused an unusual number of persons to be afflicted by colds and coughs-scarcely a family has escaped; and with many, carelessness in attending to a cough, has laid the foundation for consumption. Our family has not escaped the general affliction, but owing to a remedy, used for the first time, they were speedily cured. Sherman's Cough Lozenges, which we were induced to try, proved what they are represented to be, and affected a cure in a few days of a troublesome cough, which appeared so deeply seated that seemed doubtful if it could be removed at all .-We have not written the above as a puff, but as facts which the community should know. GF. Thomas, No 147 Main street, is the sole agent in
