Glorious Victory.

THE PEOPLE TRIUMPHANT!

By the returns, which we publish in another column, it will be seen that the regular ticket for the Legislature has been completely used up in this District. The clique of diciniors has been routed, horse, foot and dragoons. Mevers, the candidate of Jimmy & Co., has but the paliry majority of 223, in this county, over Col. Snyder, the peoples candidate, whose majority in Northampton is 562 over Meyers. Snyder's majority over Sammy (" who was cut out for the Legislature" but spoiled in the making up) 1s, in the two counties, 339. The whole velunteer Legislative ticket is elected by from .250 to 350 majority. Glory enough for a lifetime!! The people have arisen in their majesty and have pronounced the doom of those who have been boasting that they had ruled and would rule this county. The sceptre has departed from them, and they poor fellows look as if they had swallowed an apothecary's shop, bottles and all. Poor Sammy! we really pity him. What will the temperance folks now do to get some one to present their petitions at the mext session? But the poor used up clique! what have they to comfort them. They have Isot their darling Sammy, their Prothonotary, their Register and Recorder, and their Commissioner. Not a drop of comfort left-too bad! too bad! Why would not the people suffer few years. A London paper informs us that Junmy to rule them a little longer? Wonder eight years ago, there were only 40 people en what has become of those pictures! Ha! ha!

Dr. Swayze, Dentist,

Is now at the Stroudsburg House, where he will remain next week only. Those wishing his services should call before the last of the week. From personal knowledge and experience we know Dr. S. to be a careful and skillful operator.

PHILADELPHIA CITY.

A Glorious Whig Victory!!!

The Pennsylvania Inquirer of the 15th says: The Whigs of Philadelphia yesterday achieved a glorious victory. The result is most gratifying. We have carried our whole City Ticket ty majorities ranging from FOUR HUNDRED TO FIFTEEN HUNDRED. Colonel Swift leads Mr. Keyser 438 voies, while he leads Col. Page 1034. The whole vote polled in the city was 13,728, or nearly a thousand less than last year. The majority on our Council Ticket will not vary much from a thousand, while some of our candidates on the City and Counsy Ticket have received a still larger majority -probably 15 in the city. These latter calculations, however, are formed on partial returns, as at 3 o'clock this morning, no vote had been fully reported, except for the Mayor. It is bevond all question, however, that we have swept the board in the City of Philadelphia, and have realized the warmest expectations of our friends.

AN UNEXPECTED VICTORY. Georgia--The Whigs Ttiumphant.

The Augusta Chronicle of Saturday has returns, official and reported, from sixty seven conglies, which show a gain of about 2,800 votes in favor of Governor Crawford over the er. Anie for President last year. There are twen-1y-six counties to hear from, which will probably increase the gain. There can, therefore, he no doubt of the success of Governor Crawford by a handsome majority-say from 1,000

li is supposed that the Legislature, on joint ballot, will likewise be Whig. The Chroniele says that the Senate will probably stand 22 Whigs to 25 Locofocos, which will give the latter a majority of three in that body. In the House, the prospect now is that there will be a Whig majority of six to eight.

The Trade in Lucifer Matches.

It is wonderful to notice the immense progress that has been made in this trade within gaged in the manufacture in that country, who made 120 gross per week. Now there are 25 masters in London who make, on an average 2,000 gross each week, on 50,000 gross in al They employ 350 men and 600 boys. In th making of the boxes alone, there are nearly 6,000 women and girls constantly employed they consume 45,000 square feet of timber to make this quantity. This is only the number made by 25 makers. There are a great number of other makers in London, and likewise in the provinces, as Bristol, Manchester, Liverpool, Norwich, Leeds, Newcastle, Plymouth, and Weymouth, who likewise manufacture great quantities, but the exact quantity we have not been able to ascertain; but it may be safely said that there are now employed in England, in this branch 500 men, 1,200 boys, 11,-000 women and girls, using 90,000 square feet &c. \$133. Total, \$4,973. of timber per week, and making weekly 100,-000 gross, or 14,400,000 boxes, or the enormous quantity of 720,000,000 matches. The first thing which starkes the inquiring mind is, where and how is this immense quantity consumed? though the consumption is rapidly inregular orders.

A Good Joke.

It is said that the day on which Mr. Clay New styles of clouded Alpacca, for ladies' riarrived at the White Sulphur, Col. Singleton of South Carolina had invited Mr. Andrew Stevenson, Judge Peter V. Daniel, and John Tyler, to take tea at his cabin. Mr. Clay being unaware of the fact, determined about twilight to visit the Colonel. The three worthies above mentioned, had already arrived, before the candles were lighted. Col. S. was standing in the door as Mr. Clay approached. "How do you do, Mr. CLAY?" said the Colonel, in a loud voice. Tyler sprang out of the window, ditto Peter V., Stevenson following suit. When the lights were brought, the Colonel was surprised to find his visitors had sloped.
