The New York Tribune says: " An extraordinary surgical operation in a liver complaint was lately performed by Dr. J. P TARBELL, of New York city, by opening the side of the patient and removing the diseased portion of the liver. The patient was a middle aged man, who had suffered severely for many years, and latterly had given up all hopes of recovery. Truly an extraordinary case."

PENNSYLVANIA, ss.

In the name and by the authority of the Common wealth of Pennsylvania.

By Francis R. Shunk.

GOVERNOR OF THE COMMONWEALTH. A PROCLAMATION.

WHEREAS, The inestimable blessings which the abundant goodness of the Supreme Ruler of the Universe, has bestowed upon our heloved Commonwealth, demand our sincerest gratitude and most devout thanks.

I do, therefore, in accordance with my own feelings, and in compliance with the wishes of many of my fellow-citizens, appoint

Thursday, the 27th Day of November next as a day of Thanksgiving, Praise and Prayer to Almighty God. Our dependence on him as individuals and as a community, is so entire, that oraritude, thanksgiving and praise are duties as delightful as they are obligatory. To unite as one people on a given day, for the performance of these duties, and, while our own affections are purified and our hearts expanded with piety, to know that at the same instant our brethten throughout the whole Commonwealth, with like feelings, and with like affections, are pouring forth their devout aspirations, will give solemnity and beauty to the exercises, which we may humbly hope will be acceptable to Heaven, while peace and good will on Earth will be promoted.

Hence, I invite all the people of this Commonwealth to appropriate the day designated, as a day of thanksgiving-and recommend to all pastors and religious teachers, with their people, to assemble at their usual places of worship, and unite in expressions of gratitude to Great Giver of all Good for the numerous hands- in preserving to us our great civil and tions of our beloved country—in preserving to us the blessings of His revealed will-and in continuing to us the offers of mercy through the Redeemer: and as our dependence on God is half a dollar. so entire that we have all to ask, and our innocence so lost that we have much to fear, to supheate Him for the continuance of these rich dessing to ourselves and posterity, and for that meekness, boundity and gratitude which becomes the recipients of His bountiful Goodness.

Given under my hand and the Great Seal of Commonwealth the seventieth.

By the Governor. J. MILLER,

Sec of the Commonwealth.

The publishers announce that Dr. Lardner having brought to a close his public Lectures in this country, they have availed themselves of the opportunity thus presented to induce him to prepare for publication a complete and authentic edition of these Discourses. The general interest which for the last four years they have excited in every part of this country is universally felt and acknowledged. Probably no public lecturer ever continued for the same length of time to collect around him so numerous audiences. Nor has there been any exception to this favorable impression. Visit after visit has been made to all the chief cities, and on every succeeding occasion audiences aagain and again these lessons of useful knowledge. The same simplicity of language, perspicuity of reasoning, and felicity of illustration, which rendered the oral discourses so universally acceptable will be preserved in the published report, which will indeed be, as nearly as possible, identical with the Lectures as they were delivered.

The publishers feel that in the volume now proposed they will present to the American public a most agreeable offering, and an interesting and useful miscellany of general information, which will also afford that large class of persons who have attended the Lectures, an agreeable means

The subjects which will be included will embrace a variety of topics in the Astronomical and Physical Sciences, and in their application to the arts of life. Among these the following may be
