

The Odious Revenue Bill.

To the Editor of the Pennsylvania Inquirer: In one of your late papers you noticed the Revenue Bill which recently passed both houses, and was signed by the Governor. You stated some of its obnoxious features, but if you again examine it, it will be found infinitely more odious than you at first imagined it to be. I have concluded, as a friend, particularly to direct your attention to the law, which I trust you will freely advert upon as soon as your leisure will allow.

It will prove, I predict, more odious to the people than any law that has ever passed in this state, and it will be the means of hurling from power those at whose instance it was enacted. Let it only once be enforced, and an opposition will arise which will prove irresistible. In the first section, all real and personal property, not taxed under existing laws, is to be taxed three mills upon each and every dollar thereof, which, as a matter of course, will embrace every species of personal property, such as poultry, eggs, hops, potatoes, wheat, rye, corn, barley, oats, flour, &c.; also furniture valued under \$300 (that above is now taxed,) fuel, such as wood or coal, rents, &c. The very apparel you and your family wear is now subject to be taxed.

When the first Revenue Bill was reported, it embraced a moderate tax on coal. This met with serious opposition, and it was stricken out before the bill was defeated in the Senate on third reading. The present revenue law embraces it, as coal is certainly personal property. After the defeat of the first revenue bill, the present one was introduced by the friends of the administration, and hurried through by the previous question, so as to prevent all debate, and the whigs very properly voted in the negative. It may therefore be called an administration measure, and the responsibility will fortunately rest on the Governor and his friends. Depend upon it, it will prove a mighty and a woful one. When the last census was taken, the farmers were required to return their poultry, &c., wheat, rye, corn, oats, &c., and a wonderful feeling it created in some parts of the interior of the State. Let those articles now be assessed by the assessor, and an opposition will arise to which there will be no bounds.—The people will not submit to such an inquisitorial and aristocratic law. Another section gives malicious persons the power to harass at pleasure their neighbors, by informing on them as to the aggregate amount of personal property, and should they succeed in showing one dollar more than returned, the person informed on must pay one hundred dollars together with costs of prosecution.

Where, in all conscience, will this end? and will the people submit to such high handed and inquisitorial measures? We do not believe it.

Bread From Heaven.

A very singular event is said to have occurred in the Pachaic of Anatolia, in Asia Minor. They were starving at that place for want of food, and an extraordinary interposition of Providence had been manifested in their behalf. A glutinous substance, or manna, of which they make bread, has fallen in immense quantities in a district of that country. This food is selling publicly at 17s per quarter. This is stated in a letter from Smyrna, dated March 7, 1846, received in papers by the steamer, which, if true will create a great sensation in the religious world, being an event very similar to the raining of manna to the starving Israelites in the desert.

TO THE LADIES.

HEADACHE AND NERVOUS COMPLAINTS are a source of much suffering; and the nervous are singularly prone to have their functions disordered by an oppressed condition of the stomach. To relieve a state of so much distress, (in which mind and body participate) Dr. Smith's Sugar Coated Indian Vegetable Pills are highly recommended, as, by combining aromatic, tonic, and aperient properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system. They also cure dyspepsia, coughs and colds, and bilious complaints.

Office 179 Greenwich st., (Large Brick Block.) Always ask for the Improved Indian Vegetable Pills.

Country Produce.

Butter, Eggs, &c. taken in exchange for any goods in my line of business. JOHN H. MELICK. Stroudsburg, Feb. 12, 1846.

SIX YEARS AGO

The children began to cry for Sherman's Lozenges. The noise was not so loud at that time, but it has kept increasing ever since, and now has become so great that the mouths of the little ones can scarce be stopped. Dr. Sherman sympathizes with the little sufferers, and very much regrets that any of them should be disappointed. Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible

Worm Lozenges.

he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same pains and care will be taken, that these celebrated Lozenges he made as they have always been, in order that those who depend upon them may not be disappointed in their hopes. He knew when he commenced the manufacture of the Worm Lozenges, that they would supercede the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects, as well as certain, and the quantity required to effect a perfect cure, is very small. These properties in connection with the fact that they are sold for 25 cents per box, thus placing them in the reach of the poorest man in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

Dr. Sherman's Cough Lozenges, continue to cure Coughs, Colds, Consumption, Asthma, shortness and difficulty of Breathing, and other diseases of the Lungs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a slight Cold, they have only to step to either the Dr.'s office, or one of his Agents, and obtain a box of his Cough Lozenges, which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his business. So great is the celebrity of the Lozenges, that thousands of persons who have used them, and become acquainted with their effects, will never be without them.

Sherman's Poor Man's Plaster has cured more cases of Rheumatism, Pain in the Back, Side and Chest, Lumbago and Weakness, than any application that has ever been made.—As the celebrity of the Plaster has increased, hundreds of unprincipled rascals have attempted to counterfeit it, and palm it off upon the community as the genuine. Beware of Deception. Remember that the true and genuine Plaster is spread upon reddish paper made expressly for the purpose, and in every case the signature of Dr. Sherman is printed upon the back of the Plaster, and the whole secured by Copy Right. None others are genuine. Therefore when you want a real good Sherman's Poor Man's Plaster, call at the office, 106 Nassau street and you will not be disappointed.

Remember the number, 106 Nassau st., where all Dr. Sherman's Lozenges are sold.
