

**General Taylor no Locofoco.**  
The Pennsylvanian of Monday, alluding to certain manifestations of regard for Gen. Taylor, says, "Suppose the gallant General should turn out to be a Democrat, after all?" In reply to the above the U. S. Gazette says: "Well, we think it will be after all, when Gen. Taylor turns out to be a Democrat of the Polk school; he has had a little too much of that pseudo Democracy already. He felt it in the correspondence with the Secretary of War; he felt it keenly in the movements of the Polk Democrats in the Senate, who opposed the vote of thanks for the victory of Monterey; he has felt it in one or two other modes, to which we shall refer hereafter. But the gallant General will not turn Locofoco—there is no danger of that. If we thought he would ever adopt the political principles of the party now in power, Monterey, Resaca de la Palma, Palo Alto, and Buena Vista, would present no argument in favor of his election to the Presidency. There must be sound political principles, and statesmanlike adherence to them to qualify a man for the Presidency.

Gen. Taylor is a thorough-going Whig; he was the friend, advocate and effective partizan of Harrison; he is the warm personal friend, the zealous partizan of Henry Clay; the open professor of the principles of national policy connected with the life of that great man. Such he has professed himself, such he has shown himself. These are the principles upon which he has placed his fame and his character—he will not give them up.

**"GENERAL TAYLOR NEVER SURRENDERS."**

**Terms of Capitulation.**

The Washington Union, of a late date, publishes the following as being the terms of capitulation made at Vera Cruz:  
"The principal terms of capitulation were: That the garrisons should lay down their arms as prisoners of war—officers retaining their swords; that they should march out with the honors of war—saluting the flags of city and castle from their own batteries, on striking them, at the moment the troops were surrendering their arms; that the troops, regulars and irregulars, should be discharged and disbursed to their homes under parole given upon their own rolls and by their own officers, not to serve against the United States until duly exchanged—officers giving, at the same time, their own parole for themselves individually: That all public property of every description should become the property of the United States; that such portions of the armament as may not have been destroyed during the continuance of the war, may be liable to be restored by stipulations in the treaty of peace; that private property is to be inviolate, and not liable to be taken without arrangement with the owner; that the religion of the inhabitants, its institutions and ceremonies are solemnly guaranteed; that officers and men under parole may remain in the city to settle private affairs, not to exceed five days."

A tremendous explosion occurred at Dupont's Powder Mills, near Wilmington, Del., on the 14th inst., by which 18 persons were killed, and 1 wounded. The killed were literally blown to atoms. Two buildings and six thousand pounds of powder were destroyed.

**DYSPEPSIA.** This distressing complaint is a weakness of the digestive organs, and like every other disease, is caused by impurity of the blood. The gastric juice, a fluid peculiar to the stomach, when secreted from bad blood, is deficient in those wonderful solvent properties which are of such vital importance to digestion. Consequently, the food, instead of being speedily dissolved, often becomes absolutely spoiled or putrefied in the stomach; hence bad breath, sour belching, costiveness, pains in the stomach, colic, dysentery, cholera morbus, and other dreadful complaints.  
Wright's Indian Vegetable Pills are a certain cure for Dyspepsia, because they cleanse the stomach and bowels from all bilious humors, and purify the blood. Four or five of said Pills, taken at night on going to bed, will in all cases give some relief, and if continued for a short time, will not only make a perfect cure of Dyspepsia, but will assuredly drive pain or distress of every description from the body.  
Beware of Counterfeits.—The public are cautioned against the many spurious medicines, which in order to deceive are called by names similar to Wright's Indian Vegetable Pills.  
For sale by George H. Miller, Stroudsburg, who is the only authorized agent for that place; see advertisement for other agencies in another column. Office and general depot, 169 Race st. Phil'a.

**Wright's Indian Vegetable Pills,**
