#### A Good Fit.

An Eastern shoe manufacturer, who had end inte a contract for supplying the army skoes at \$1 05 per pair, delivered a lot a or two since to the agent for the Govern nt in Philadelphia, all of which were conmned and rejected. In this position of his fairs he proceded South, and fell in wih an ent from New Orleans, on his way North, for pes for the army, when he struck a bargain, cold the lot for \$1,50 per pair.

#### A Curious Calculation.

What is a billion ! The roply is very simple million times a million. This is quickly writand quicker still pronounced; but no man is e to count it. You may count 160 or 170 in a nate; but let us even suppose that you may go ar as 200; then an hour will produce 12,000; v 180,000; and a year of 356 days 105,120,-Let us suppose now that Adam, at the first inning of his existence, had begun to count, continued to do so and was counting still, he uld not even now, according to the usually supsed age of our globe, have counted near enough. to count a billion, he would require 9512 s, 34 days, 5 hours, and 30 minutes.
