Just So.---Mr. Cecil riding one day with a friend---a very windy day---the dust being very troublesome, his companion wished they could ride in the fields, where they could be free from dust; and this wish he repeated more than once while on the road. At length they reached the fields, where the flies so teased his friend's horse that he could hardly keep his seat on the saddle. On his bitterly complaining, "Ah! sir," said Mr. Cecil, "when you were in the road the dust was your only trouble, and all your anxiety was to get into the fields; you forgot the fly was there. Now this is a true picture of human life, and you will find it so in all the changes you make in future. We know the trials of our present situation, but the next will have trials, and perhaps worse ones, though they may be of different kinds."

Keeping Cows.

The point at which farmers are much at fault, and that for which hundreds of other's blame them, and with reason, too, is, that they overstock their farms—only half feed their animals—let skeleton cow-frames draw themselves over the premises, and complain because these dry bones do not give milk abundantly. Wherever cows are kept for the dairy it is possible and proper---yes, it is a duty---to keep them well. This can be done. If you cannot keep four well, try two; the two well kept, will give more income than four half-starved ones. The goodness of the cow is determined partly by her native properties--but the food also has much, and very much to do, in making her good or otherwise. Keep no more than you can feed well---very well.

Day of Appeal, on Saturday the 3d day of July next, at 10 o'clock, A. M., at the Court House in the Borough of Stroudsburg.

M. H. DREHER,
Appraiser of Mercantile Taxes.

Stroudsburg, June 10, 1847.

Notice to Collectors.

The Collectors of County and State Taxes are hereby notified to pay to the Treasurer all arrearages of Taxes, due on their Duplicates, on or before the 21st of June next. The Commissioners will meet at their office on that day, to grant necessary exonerations. The increased expenses of the county, in consequence of building the public offices, and a reduction of the county tax for the present year, is warranted only by their determination to require a speedy and full settlement of the Duplicates now in arrears. We trust this appeal will not be in vain; and that the prompitude of the taxpayer will enable you to make a full payment of all arrears on that day.

A Cure and No Mistake.—Let it speak for itself:

Dr. Wright:—I have often wished to inform you of the benefits derived from the use of your Indian Vegetable Pills, not for the purpose of *gratifying* you, who are a stranger to me, but with the hope that *other* fellow beings, who might be similarly afflicted, may be induced to fly to the same resort.

In the Fall of 1841, I was persuaded to use your Pills; *before I had used one box I felt encouraged to continue*, and did continue, until I had used 12 boxes, having stopped at intervals and commenced again. The result was, that in the Spring following *I left the sick bed, and room to which I had been entirely confined for* EIGHT YEARS, during which long period I had recourse to the skill of the best physicians that could be obtained, and who did all in their power; but all their efforts were in vain. Indeed, I never derived the least benefit.

My complaint was originally Rheumatic, which was afterwards aggravated by a cold. The two combined became seated in my whole system. I became helpless; my legs and arms were of no use to me, during that long time, in which I have suffered beyond my power to describe, and if I were to attempt description, it might appear to others an exaggeration. Nor will I attempt to tell you how much money I paid the doctors.

I may mention that in these eight years I did not take more food than a healthy man would use in four months. The eating of victuals had much the effect the swallowing of a burning coal might have

I will not be too lengthy, but conclude by saying that old age is the only hindrance to performing labor. My appetite has been ever since uninterruptedly good, and I enjoy my night rest fully.

I live in Moore township, Northampton county, Pa.; am a farmer; am 74 years of age; and though you are unknown to me, I conceive you the greatest benefactor the earth ever afforded me.

(Signed,) John Track

Petersville, Pa. May 4, 1847

It is Written

In the Book of Nature and Common Sense, that the natural vegetable productions of every country are, if properly applied, are amply sufficient for the cure of every malady incident to each peculiar climate.

Wright's Indian Vegetable Pills,

of the North American College of Health, are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines concocted from *foreign Drugs*, however well they may be compounded; and as they are founded upon the principle that the human body is in truth

Subject to but One Disease,

viz: corrupt humors, and that said medicine cures this disease on

Natural Principles

by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity.

Wright's Indian Vegetable Pills

will be found one of the best, if not *the very best medicine in the world for carrying out this*

Grand Purifying Principle,

because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and *natural manner*; and while they every day

Give Ease and Pleasure,

disease of every name is rapidly driven from the body.

The following Agencies have been established for the sale of Wright's Indian Vegetable Pills, in
