READ! BE GUARDED! To the Public.

In 1843, I commenced the manufacture of what are now extensively known as "Improved Indian Vegetable Pills, Sugar Coated," after expending a great deal in means and experiments. The pills are said to be superior to any others on various accounts. They are, every box, made of superior materials, are extremely pleasant, and always efficacious. The "Sugar Coating," which renders them still more pleasant, is also an original invention of my own, as is well known.

Having brought these pills into market, where their virtues might be more extensively appreciated, I did a work of actual benevolence; and where I seek to make an honest livelihood after years of labor, I am, through these pills, improving the health and strength of thousands.

Now these pills are made to sell upon their reputation as a good medicine, and should they not be distinguished from every imitation that is sought to be palmed off on their reputation! As you value your life and health do not touch those pills which are offered simply from being "coated with sugar!" Have not several unprincipled persons put forth a "Sugar Coated" pill as such since Dr. Smith's have become popular! Now, all I ask is the candid attention of the public to the following: UNITED STATES OF AMERICA.

Oath before the Mayor in 1844.

State of New York,
City and County of New York, ss
[I. s.] G. BENJAMIN SMITH, within named, being duly sworn, deposes and says, that he is a citizen of the United States, and resides in the city of New York; and that he is the original inventor of "Sugar Coated Pills," and that to his knowledge or belief "Sugar Coated" Pills had never been manufactured or sold by any person before, and that the statements contained in the within are true.

G. BENJ. SMITH, M D
Sworn before me, this 14th day of June, 1844.

JAMES HARPER,
Mayor of the City of New York.

The above was sent to Washington with our specification and application for a Patent. The following is the reply

Patent Office
Received this 17th day of June, 1844, from Dr. G. Benjamin Smith, the fee of \$30, paid on his application for a Patent for a 'Pill Coated with sugar.'

H L ELLSWORTH,
Commissioner of Patents.

THE ABOVE CONFIRMED!!!

The following certificate is from the first Druggists and others in New-York, which shows I invented "Sugar Coating" in 1843, before which time "Sugar Coating" was never heard of.

G. BENJAMIN SMITH, M D
New York, June 26th, 1844

We, the undersigned, never saw or heard of 'Sugar Coated Pills,' until Dr G Benjamin Smith manufactured and exhibited them to us about a year since.

Horace Everett, 86 Hudson-street
John Castree, 97 Hudson-street. And also to Gen C W Sandford, 12 Warren-street, N Y, and

G Benjamin Smith, M D—Dear sir: I believe you were the first by about a year, to make and introduce 'Sugar Coated Pills,' and are following your business with honorable and praiseworthy exertions Yours A SHERMAN, M D

106, Nassau-street, N Y

Important Fact—We, the undersigned, wholesale Druggists in Louisville, Kentucky, are satisfied from the information we can obtain, that Dr. G Benjamin Smith is the original inventor of the Sugar Coated Pills. We are prepared to supply dealers at the New York price

Robinson, Peter & Carey, 492 Main-street
J S Morris & Co 461 do
Rupert & Lindenberger, 511 do
George Lapping & Co 79 Fourth street
Bull & Alden, 81 do

The danger of being deceived is now apparent; as Dr. Smith's Pills have become very popular throughout the country, imitators have sought to palm off worthless stuff with a 'coating of sugar' to cover up a most dangerous compound

Dr. Crumbecker, of Wheeling, Va., says that a person in that place came near losing his life from the effects of the counterfeit 'Sugar Coated' Pills. Also, a gentleman in Louisville, Ky, was seized with violent vomiting after their use.

Get the genuine or get none, and see that G Benjamin Smith is written with a pen on the bottom of each box

DR. CHILTON'S EVIDENCE.

Some of Dr Smith's opponents have circulated the report, that the astonishing cures these pills have made, are attributable to mercury; but the first Chemist in New York, after a minute chemical examination, gives the following:

I have analyzed a box of Doctor Smith's Sugar Coated Indian Vegetable Pills, and find that they do not contain mercury in any form

James R Chilton, M D, Chemist
New York, July 29, 1845

State of New-York,
City and County of New-York, ss

Personally appeared before me Dr G Benjamin Smith, and made oath that the statement of Doct. Chilton above is true and that these Pills do not contain any injurious substance, but they are entirely composed of vegetable properties; and further, that he is the inventor of 'Sugar Coated Pills.'

G BENJAMIN SMITH

Astonishing Cures.

Wm. Bond, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duties throughout the day without any annoyance from her distressing malady.

Henry Jackson, 13th street, near the Catholic Cemetery, came to the store for the purpose of obtaining a bottle of the Olosonian, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle, and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

Mr. Comfort, 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olosonian, and to his surprise it has so far restored him to health that he is now able to walk about the streets.

Mrs. Attree, the wife of Wm. H. Attree, James Harman, Esq. and George W. Hays, Esq. can all bear testimony from their own experience of the healing properties of this Great Remedy in Consumption of the Lungs.

Spitting Blood.

Mrs. Thoubourne, 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Olosonian, and declares it the greatest remedy in the world.

Dennis Kelly, 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it, having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

David Henderson, 60 Light street, George W. Burnett, formerly of Newark, N. J., Henry Lisbon, 199 Riverston street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

The Array of Names
