

What the People Remember.

The People remember that the Federal party of the present day oppose the WAR WITH MEXICO, gives AID AND COMFORT to the enemy, and is emphatically the MEXICAN PARTY in these United States.---Dem. Union.

Exactly! The People remember the repeated attempts of the present Federal administration to tear the laurels from the brow of the noble old Hero of Buena Vista.

The People remember that the Federal President gave the villainous SANTA ANNA a PASSPORT to return to Mexico to unite, reinvigorate, concentrate the Mexican forces, and lead them to battle against a handful of men under Gen. Taylor.

The People remember the VOTE OF CENSURE passed upon Gen. Taylor by the Federalists in the House of Representatives.

The People remember that the Federalists DENOUNCED Gen. Taylor as a 'Whig General,' incompetent to command the army of occupation.

The People remember the repeated attempts of the Federalists to SUPERCEDE GENERAL TAYLOR IN COMMAND by the appointment of a paltry paper-General, and then insult the gallant old Chief who had conducted the campaign so gloriously, and acquired imperishable laurels, and in whose eulogy the Nation spoke in thunder tones!

The People remember that the Federal President in his Message announcing the victories in Mexico purposely and pointedly omitted to mention the name of Gen. TAYLOR.

The People remember that the Federalists have extended AID AND COMFORT to the enemy, by doing all they could to prevent the brilliant achievements of old ROUGH AND READY, and bring disgrace upon the National flag.

The People remember that while old ROUGH AND READY has been saving the Administration from disgrace, with the certain knowledge that it was straining every nerve to BREAK HIM DOWN, and while he has been winning brilliant victories for his country, the Federal President and the Federalists who follow in his train, have been rendering 'AID AND COMFORT TO THE ENEMY,' not only in sending Santa Anna, Almonte and a score of other Mexican Generals back from banishment into Mexico, but in WITHDRAWING THE BEST OF TAYLOR'S COMMAND from him, whereby Santa Anna, Mr. Polk's ally, could meet and did meet old 'Rough and Ready' with four times his number of troops!

The People remember that the Federalists are opposed to the Protection of American Industry, and in favor of FREE TRADE and DIRECT TAXATION.

The People remember that the Federalists in 1844 wickedly and willfully DECEIVED them by pretending friendship for the Protective system, and shouting for 'Polk, Dallas, Shunk and the Tariff of 1842,' and no sooner were they in power than they violated their solemn promises to the People, and forced the present obnoxious BRITISH TARIFF upon the country.

The People remember that during the last war the Federalists were the BRITISH PARTY and that JAMES BUCHANAN, one of the leaders of the Federal party OPPOSED AND DENOUNCED THE DEMOCRATIC WAR ADMINISTRATION OF MR. JEFFERSON.

The People remember that the Federal President who has furnished AID AND COMFORT to the enemy, by passing Santa Anna back to Mexico, is the descendant of one of the TORIERS OF THE REVOLUTION.

The People remember that the Federalists are the enemies of the industrial class, and are in favor of REDUCING THE WAGES OF AMERICAN WORKINGMEN, and placing them upon a level with the paupers of Europe.

The People remember that the doctrine of the Federalists is to TAKE CARE OF THE RICH, and let the poor take care of themselves.

The People remember that the Federal President is responsible for the gallant spirits who fell upon the battle field of Buena Vista, Cerro Gordo and Vera Cruz, and they will not permit him to wiggle out of the responsibility. He it was who gave the miserable intriguing wretch Santa Anna, a FREE PASS into Mexico to rally the Mexican army, and give it vitality and strength. But for the PASSPORT, these battles would not have taken place.

The People remember that the Federal candidate for Governor, 'old Shunk' was a prominent participant in the GRAND TARIFF SWINDLE of 1844---that he aided in the DECEPTION that was practised upon the people by pretending to be in favor of the Tariff of '42---and the fact of his now being the candidate of the party that passed the present odious BRITISH TARIFF, and advocates that obnoxious Locofoco measure, a TAX UPON TEA AND COFFEE; in a striking acknowledgement of the deception, and renders him unworthy the confidence and support of the friends of Protection in Pennsylvania.

The People remember that the Federal candidate has been in office for THIRTY-FIVE YEARS, and received from the public treasury more than SEVENTY THOUSAND DOLLARS for his services, and they do not feel disposed to give the old paper-sucker an opportunity of pocketing NINE THOUSAND DOLLARS MORE of the public money.

The People remember that the Federal candidate for Governor charged the enormous sum of ONE HUNDRED AND FIFTY DOLLARS for FIVE DAYS services as Clerk of the House of Representatives---being just THIRTY DOLLARS A DAY---or ten times as much as the law entitled him.

The People WILL REMEMBER all these things, and WILL NEVER AGAIN CONFER POWER ON THE FEDERALISTS. Harrisburg Intelligencer.

The Price of a Ride.

Yesterday a sailor, mate of a vessel at East Boston, perhaps a little disguised with liquor, came across a cow, quietly feeding in the streets of that place, and jumped upon her back. The frightened animal started down the street with its unusual burden, much to the amusement of the spectators. Having reached the end of the street, the sailor jumped off, and with a loud cry of "starboard your helm!" jerked the cow round by the tail, jumped on again, and rode back to his original starting-place. The owner of the cow upon hearing the facts, was disposed to sue the sailor for damage done to the cow; but the matter was settled by his paying ten dollars for his ride. [Boston Traveller.

Charcoal.

The preservative qualities of charcoal are not so generally known as they should be, and I hope you will tell your readers that if they will imbue their smoked beef and pork in pulverized charcoal, they may keep it as long as they please without regard to weather.

Tell them, also, that if they will take about a pint of charcoal, also pulverized, and put it into a bag, then put it into a barrel of new cider, it can never ferment, will never contain any intoxicating quality, and will become more palatable the longer it is kept. Further, take a piece of charcoal of a surface equal to a cubic inch, wrap it in a clean cotton cloth two thicknesses, and made moist, and work about one pound of butter which has become rancid, and it will restore it perfectly.---[Mich. Farmer.

Sale of the late Residence of Joseph Bonaparte.

The beautiful grounds and mansion belonging to the estate of the late Joseph Napoleon Bonaparte, ex-king of Spain were sold at auction a few days since, for the sum of \$30,500. Mr. Thomas Richards, of Philadelphia, was the purchaser. It is said that the buildings alone cost over \$60,000. The paintings, sculpture, furniture, &c., sold at much lower rates than had been anticipated; some articles being sold for half their value. The paintings brought from \$10 to \$1050. Two lions and a fawn, by Rubens, sold for the largest sum. "Nativity of our Saviour," by Raphael Moengs, brought \$1000; the portrait of a dog by Hackerts, brought \$210. The picture of Napoleon crossing the Alps, by David, the proprietors refused to put up unless the sum of \$6000 was bid for it. As no person present was willing to bid that sum it was passed, and will be sent to Europe.

Ruling Passion.

The Cleveland Herald tells a story of an honest old patriarch from Faderland, who the other day followed the remains of his wife to the cemetery. The little party of mourners were gathered around the grave, and an expression of much sadness was visible on their countenances. The coffin was slowly lowered to its resting place, and the ho'low sound of the falling dirt commenced, when the husband nudged the parson, and remarked, "dish is not werry good land for wheat."

WHAT'S IN A NAME?---The Mobile Herald, speaking of Professor Longfellow, thinks his name is too vulgar for a poet, and says the ladies are beginning to call him "Pro. Lengthy-individual."

Out of twenty-eight Whig papers in Maryland, sixteen support General Taylor for the Presidency.

Singular Freak of Lightning.

Three weeks ago yesterday, during a thunder storm, a boy in Vermillion township, of this county, son of Mr. Sylvester A. Pelton some 12 or 14 years of age, was milking a cow, when the lightning struck the cow killing her instantly. The lightning, passed from the teats of the cow to the pail, in which it made holes in the side near the top, and thence into the ground. The boy received no other injury than having his feet severely burned and being stunned for fifteen minutes. The rain probably r-r-rived the lad from the stunning.---Sandy Mirror.

It is Written

In the Book of Nature and Common Sense, that the natural vegetable productions of every country are, if properly applied, are amply sufficient for the cure of every malady incident to each peculiar climate.

Wright's Indian Vegetable Pills, of the North American College of Health, are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines collected from foreign Druggs, however well they may be compounded; and as they are founded upon the principle that the human body is in truth

Subject to but One Disease, viz: corrupt humors, and that said medicine cures this disease on

Natural Principles by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted---a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity.

Wright's Indian Vegetable Pills will be found one of the best, if not the very best medicine in the world for carrying out this

Grand Purifying Principle, because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and natural manner; and while they every day

Give Ease and Pleasure, disease of every name is rapidly driven from the body.
