

...agree in expressing the belief that General Scott can take the city without difficulty, and that the foreign residents are anxious for his arrival.

Lieut. Whipple had arrived there; he was treated well and expected to be exchanged shortly.

Com. Perry has withdrawn his forces from Tobacco, in consequence of the sickness prevailing here; he expects to return when the sickly season is passed.

The Sun of Anahuac attributes his withdrawal to an overwhelming force of the enemy being in the vicinity, and the fear of an attack.

Gen. Almonte was in confinement at Tulancingo. Gen. Alvarez was at the capital in the middle of July, and had several long interviews with Santa Anna.

Mr. Trist had been indisposed, but had become convalescent.

The Tariff of '46. The Irish Famine is over, and all Europe is blessed with the promise of a good harvest.

The value of our breadstuffs is stricken down; the torrent of gold and silver so long rolled among us, has suddenly ceased; and at the same moment we are apprised of a flood, a very inundation of foreign goods, which must—

if the demand for our corn ceases, be paid for in specie. How long shall we be able to pay 'in the hard' with the additional drains of the Mexican war still continued?

Excess of imports paid for in specie, cannot but ultimately, cause an appreciation of the currency, as well as a stagnation to a greater or less extent in our manufactures.

And in these threatened times, with all their associated trains of evils and sufferings of every kind, we should find the just and natural operation of the Tariff of '46, that 'law of consummate wisdom and justice,' contrived for the benefit of strangers, and in the wrong of our own fellow citizens, which has not yet been experienced because it has pleased an inscrutable Providence to open to us, even in the midst of our own sins and follies, a temporary well of wealth in the sorrow and desolation of foreign lands.—North American

Think of It. The expenses of Mr. Polk's administration, for the last three months, were \$22,475,505—being at the rate of Ninety millions per annum.

Think of it! A QUARTER MILLION OF DOLLARS SPENT EVERY DAY, because Texas was annexed and Mr. Polk wanted the glory of a war!

Think of it, voters! before you resolve who to support for the next President. Think of it, Pennsylvanians, before you determine to support for re-election a Governor, who approves of all Mr. Polk's official and unconstitutional acts!

Percussion Caps. Mr. R. M. Bouton, of New York, has just put in operation at the Navy Yard, Washington City, a machine for the manufacture of percussion caps, the wonderful powers of which are represented as one of the greatest triumphs of the mechanical genius of the age.

A strip of copper is placed in the feeder, then a single revolution cuts out a portion of the copper in the shape of a star; by a sliding plate the star is then brought under a die, which shapes and pushes the cap, then a slight motion of a spring throws the cap into a tube which conveys it to a drawer below.

Every revolution of the wheel, which is propelled by steam, makes a cap ready to receive the explosive composition. If not supplied by copper, it stops itself. Upwards of sixty caps are made in a minute, and nearly forty thousand could be made with ease in ten hours.

This invention must be productive of great advantages as well as saving an immense expense to government. The War Department has used a similar machine made by Mr. Bouton; and such is the facility afforded by it of making superior caps, possessing all their explosive properties even when they have remained for some time under water, that no recent order has been given for the fabrication of fire-arms with flint locks.

A Dr. Oschaz, it is said, has discovered the art of making paper from wood, without nitric acid, or great mechanical force. Timber is more useful than ever; recently we were told of bread made from saw dust, now comes paper.

Great Crop of Corn. The Alexandria Gazette says that a recent letter from the Hon. H. L. Ellsworth, of Indiana, formerly Commissioner of the Patent Office, states that he has 1,000 acres in corn, from which he expects to make 55 bushels to the acre. Only imagine 55,000 bushels of corn on one farm!

Cure for Cancer. Mr. —, says he has effectually cured himself of an obstinate cancer "by the free use of potash, made from the ashes of red oak, boiled to the consistency of molasses, used as a poultice, covering the whole with a coat of tar. Two or three applications will remove all protuberances, after which it is only necessary to heal the wound with common salve."

Odd Fellowship. The St. Louis Reveille says that the relief afforded by the Odd Fellows within one year was over \$200,000! Think of that—and by one society; and to widow, the poor orphan, the sick and distressed—for oil to pour upon the wounds of the suffering—and this by the benevolence of some say are exerting a baneful influence upon society. They have no sectarian principles.

The editor of the Cincinnati Commercial has just seen a corn-stalk which measured 22 feet from tip to root. It was from a field in the Miami bottom.

A cow from Mercer, Maine, passed through Augusta a few days since on her way to Boston, having been sold for \$125. She is 10 years, and in 14 days in June last, 40 lbs. 10 ozs. of butter were made from her milk.

TEXAS.—General Wood, Hon. Messrs. N. H. Darnell, J. Van Zandt, J. B. Miller and J. J. Robinson, are announced as candidates for Governor of Texas.

COMPLEXION.—Wright's Indian Vegetable Pills are the best cosmetic in the world; because they cleanse and purify the body of those morbid humors which, if lodged in the cuticle, are the cause not only of yellow or swarthy complexion and roughness of the skin, but of all kinds of eruptive diseases. Wright's Indian Vegetable Pills also aid and improve digestion, as well as cleanse and purify the blood, and, therefore, give health and vigor to the whole frame, which, in turn, will be sure to give a clear and healthy complexion.

Beware of Counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine. The original genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine, and to counterfeit this is forgery.

VEGETABLE UNIVERSAL PILLS.

The only known medicine that at the same time purges, purifies, and strengthens the system.

DR. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medicinal men, but never before discovered.

In other words they do the work of the two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's Pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus makes impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

A CARD.

D. J. V. MATTISON respectfully announces to the people of Stroudsburg and vicinity, that he has permanently located at Stroudsburg, for the purpose of practising medicine, where he hopes by strict attention and great care to merit the patronage of those who may employ him. Dr. M. also takes this method of informing those who are afflicted with diseases of long standing, that he has, for a few years past, devoted much time and attention, and has had ample opportunity, such as only a hospital affords, of investigating diseases of a chronic character, and he flatters himself that those calling upon him laboring under this class of disease will meet with prompt and immediate relief.

He will be found at his room at the Mansion House, ready to consult with those who may favor him with a call at all hours when not absent on professional business. June 24, 1847.—1f.

It is Written

In the Book of Nature and Common Sense, that the natural vegetable productions of every country are, if properly applied, are amply sufficient for the cure of every malady incident to each peculiar climate.

Wright's Indian Vegetable Pills, of the North American College of Health, are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines concocted from foreign Drugs, however well they may be compounded; and as they are founded upon the principle that the human body is in truth

Subject to but One Disease, viz: corrupt humors; and that said medicine cures this disease on

Natural Principles by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity.

Wright's Indian Vegetable Pills will be found one of the best, if not the very best medicine in the world for carrying out this

Grand Purifying Principle, because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and natural manner; and while they every day

Give Ease and Pleasure, disease of every name is rapidly driven from the body.

The following Agencies have been established for the sale of Wright's Indian Vegetable Pills, in MONROE COUNTY.
