DAVID JAMES, Presiding Elder, September 2, 1847.

**THE UNION MAGAZINE, OF LITERATURE AND ART.**  
EDITED BY MRS. KIRKLAND, AUTHOR OF "A NEW HOME," "FOREST LIFE," ETC.  
AND FILLED WITH Contributions from the most eminent Writers of the Country.

It requires some experience in catering for the public taste, to enter upon the conduct of a new Magazine with sanguine hope of success. To a mere observer, the field seems fully occupied—every advantageous position secured, and all available force enlisted. It would appear, upon a casual view, as if nothing could be added to the glittering host of many-colored competitors for public favor, which swarmed just before the opening of each calendar month.

Spread their light wings of saffron or of blue, and fly to the utmost parts of the earth, delighting the ladies of the torrid zone with our comfortable winter fashions, and enlightening the dandies of St. Petersburg with our opinions on politics. The American travelling in Sweden, or in Italy, is already sure of a monthly standard by which to regulate his notions of foreign countries; the gentleman of the ward-room touching at Honolulu for supplies in the course of a three years' cruise, look for the New York and Philadelphia Magazines as confidently as for the replenishment of the water-butts. Why, then, attempt the establishment of another? Because it is the veritable belief of the publisher of the Union Magazine that much may yet be done for the advancement of this popular class of publications.

Every day witnesses the progress of our country in every thing connected with Literature and Art; and every day shows an increase in the number of those who take an interest in this progress; a taste for refined culture will always more than keep pace with the efforts which may be made to meet its requirements; and where there was one reader able to judge correctly of our periodical literature twenty years ago, an hundred may now be found, not one of whom will be satisfied with a tame mediocrity, whether in literary matter or illustrations.

Our plan for the Union Magazine embraces all that enterprise, industry, skill and cost can accomplish for a publication of this description. We say our plan, for we are shy of promising very great things before hand. Our literary contributors will be nearly the same as those whose writings already give value to the other monthly magazines; although we hope to add to those well-known and highly-esteemed names some which are destined to grow upon public favor hereafter. But in the matter of pictorial illustrations we have a little more to say.

Our engravings are to be exclusively from original designs by T. H. Matteson, and of these we shall offer in each number, one in mezzotint by H. S. Sadt or T. Doney, and one line engraving by M. Osborne or John C. McRae; besides illustrative wood-cuts by B. F. Childs and P. Lounis, dispersed through the body of the work; and a coloured fashion plate, engraved by W. S. Barnard, which may be relied on as the true mode of the month. If there be any reality in the war interest lately expressed in the advance of American art, this new feature of *exclusively original pictures* will afford opportunity for the expression of such interest; since those who know any thing of the subject will not need to be reminded of the labor and risk to be incurred in the course of such an undertaking, we are confident that the mere mention of the plan will secure attention.

The names of a few of those from whom we are encouraged to expect assistance will be found in the following list:  
Mrs. L. Maria Child, W. C. Bryant,  
" L. B. Sigourney, H. W. Longfellow,  
" Anna S. Stephens, Fitz Greene Halleck,  
" E. C. Bulsey, C. F. Hoffman,  
" P. S. Osgood, T. S. Arthur,  
" Mary E. Hewitt, H. H. Weld,

" Louise Hunter, H. P. Grattan,  
" Annie Middleton, Edward S. Gould,  
" Grace Greenwood, George P. Morris,  
" Martha Russell, Francis C. Woodworth.

The first number of the Union Magazine will be published about the first of July, 1847, and afterwards regularly on the first of each month.  
Dealers in Periodicals throughout the United States and the Canadas, who wish to become agents for the Union Magazine, will please apply to the publisher immediately. All Post Masters are desired to act as agents for it—the usual discount will be made to them. When published, specimen numbers will be sent to any one wishing to see it, on application to the publisher, post-paid.

### DR. LE ROY'S VEGETABLE UNIVERSAL PILLS.

The only known medicine that at the same time purges, purifies, and strengthens the system.

DR. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus these pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medicinal men, but never before discovered. In other words they do the work of the two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's Pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus makes impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

MATTISON respectfully announces to the people of Stroudsburg and vicinity, that he has permanently located at Stroudsburg, for the purpose of practicing medicine, where he hopes by strict attention and great care to merit the patronage of those who may employ him. Dr. M. also takes this method of informing those who are afflicted with diseases of long standing, that he has, for a few years past, devoted much time and attention, and has had ample opportunity, such as only a hospital affords, of investigating diseases of a chronic character, and he flatters himself that those calling upon him laboring under this class of disease will meet with prompt and immediate relief.  
He will be found at his room at the Mansion House, ready to consult with those who may favor him with a call at all hours when not absent on professional business.

### THE GREAT PREVENTIVE MEDICINE!

Though Wright's Indian Vegetable Pills have achieved triumph upon triumph, in the cure of obstinate cases of disease, even after they had been entirely given up, and after all other remedies had failed, yet their power of prevention may be justly esteemed their  
CROWNING GLORY!  
'Storms,' it is said, 'purify the air,' but storms do mischief also, and are so far an evil. Were it within human power to maintain the ELECTRICAL EQUILIBRIUM between the earth and air, there would be no occasion for storms, for the air would always be pure. So of the human body. If kept free from morbid humors, the action is regular and healthy. But if those humors are allowed to accumulate, a crisis, or, in other words, a storm, will arise, which is always more or less dangerous.  
WRIGHT'S INDIAN VEGETABLE PILLS are equally well calculated to prevent the storm, or to allay it when it comes. But PREVENTION IS BETTER THAN CURE. The delay of a day in the commencement of sickness has often proved fatal, and always renders the case more difficult to manage.  
Let the sickness be caused by CHANGES OF WEATHER, high living, want of exercise, close confinement, functional derangement, or anything else, the effect upon the body is much the same—*is* equally dangerous, and is removable by the same means.  
HAVE YOU A COLD? Let it not ripen into Consumption! Are you Dyspeptic! Beware of the hypochondria. Two Pills taken every other night on an empty stomach, for a short time, will in nine cases out of ten, cure the Dyspepsia, and thereby drive away the legion of "devils blue." For Headach, no medicine is superior to  
WRIGHT'S INDIAN VEGETABLE PILLS.  
Costiveness, that prolific mother of disease, is caused by a torpid state of the liver, which these Pills effectually cures. By striking at the root of disease, Wright's Indian Vegetable Pills prevent all and cure all. They can hardly ever be taken amiss, if used with common discretion; and we commend them to the use of those who have not yet tried them.

The following Agencies have been established for the sale of Wright's Indian Vegetable Pills, in MONROE COUNTY.
