**THE UNION MAGAZINE,**

LITERATURE AND ART.  
EDITED BY  
**MRS. KIRKLAND,**

AUTHOR OF "AN EVEN HOME," "FOREST LIFE," ETC.  
AND FILLED WITH  
Contributions from the most eminent Writers of the Country.

It requires some experience in catering for the public taste, to enter upon the conduct of a new Magazine with sanguine hope of success. To a mere observer, the field seems fully occupied—every advantageous position secured, and all available force enlisted. It would appear, upon a casual view, as if nothing could be added to the fluttering host of many-colored competitors for public favor, which swarm just before the opening of each calendar month.

Spread their light wings of saffron or of blue, and fly to the utmost parts of the earth, delighting the ladies of the torrid zone with our comfortable winter fashions, and enlightening the dandies of St. Petersburg with our opinions on politics. The American travelling in Sweden, or in Italy, is already sure of a monthly standard by which to regulate his notions of foreign countries; the gentlemen of the ward-room touching at Honolulu for supplies in the course of a three years' cruise, look for the New York and Philadelphia Magazines as confidently as for the replenishment of the water-butts. Why, then, attempt the establishment of another? Because it is the veritable belief of the publisher of the Union Magazine that much may yet be done for the advancement of this popular class of publications. Every day witnesses the progress of our country in every thing connected with Literature and Art; and every day shows an increase in the number of those who take an interest in this progress; a taste for refined culture will always more than keep pace with the efforts which may be made to meet its requirements; and where there was one reader able to judge correctly of our periodical literature twenty years ago, an hundred may now be found, not one of whom will be satisfied with a tame mediocrity, whether in literary matter or illustrations.

Our plan for the Union Magazine embraces all that enterprise, industry, skill and cost can accomplish for a publication of this description. We say our plan, for we are shy of promising very great things before hand. Our literary contributors will be nearly the same as those whose writings already give value to the other monthly magazines; although we hope to add to those well-known and highly-esteemed names some which are destined to grow upon public favor hereafter. But in the matter of pictorial illustrations we have a little more to say.

Our engravings are to be exclusively from original designs by T. H. Mutton, and of these we shall offer in each number, one in mezzotint by H. S. Sudd or T. Doney, and one line engraving by M. Osborne or John C. McRae; besides illustrative wood-cuts by B. F. Childs and P. Loomis, dispersed through the body of the work, and a coloured fashion plate, engraved by W. S. Barnard, which may be relied on as the true mode of the month. If there be any reality in the warm interest lately expressed in the advance of American art, this new feature of exclusively original pictures will afford opportunity for the expression of such interest; since those who know any thing of the subject will not need be reminded of the labor and risk to be incurred in the course of such an undertaking, we are confident that the mere mention of the plan will secure attention.

The names of a few of those from whom we are encouraged to expect assistance will be found in the following list:

**SIX YEARS AGO**

The children began to cry for Sherman's Lozenges. The noise was not so loud at that time, but it has kept increasing ever since, and now has become so great that the mouths of the little ones can scarce be stopped. Dr. Sherman sympathizes with the little sufferers, and very much regrets that any of them should be disappointed. Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible

**Worm Lozenges,**

he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same pains and care will be taken, that these celebrated Lozenges be made as they have always been, in order that those who depend upon them may not be disappointed in their hopes. He knew when he commenced the manufacture of the *Worm Lozenges*, that they would supersede the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects, as well as certain, and the quantity required to effect a perfect cure, is very small. These properties in connection with the fact that they are sold for 25 cents per Box, thus placing them in the reach of the poorest man in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

**Dr. Sherman's Cough Lozenges,**

continue to cure Coughs, Colds, Consumption, Asthma, shortness and difficulty of Breathing, and other diseases of the Lungs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a slight Cold, they have only to step to either the Dr.'s office, or one of his Agents, and obtain a box of his Cough Lozenges, which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his business. So great is the celebrity of the Lozenges, that thousands of persons who have used them, and become acquainted with their effects, will never be without them.

**Sherman's Poor Man's Plaster**

has cured more cases of Rheumatism, Pain in the Back, Side and Chest, Lumbago and Weakness, than any application that has ever been made.—As the celebrity of the Plaster has increased, hundreds of unprincipled rascals have attempted to counterfeit it, and palm it off upon the community as the genuine. Beware of Deception.—Remember that the true and genuine Plaster is spread upon reddish paper made expressly for the purpose, and in every case the signature of Dr. Sherman is printed upon the back of the Plaster, and the whole secured by Copy Right. None others are genuine. Therefore when you want a real good Sherman's Poor Man's Plaster, call at the office, 106 Nassau street and you will not be disappointed.

Remember the number, 106 Nassau st., where all Dr. Sherman's Lozenges are sold.

**READ! BE GUARDED!**

**To the Public.**

In 1843, I commenced the manufacture of what are now extensively known as "Improved Indian Vegetable Pills, Sugar Coated," after expending a great deal in means and experiments. The pills are said to be superior to any others on various accounts. They are every way made of superior materials, are extremely pleasant, and always efficacious. The "Sugar Coating," which renders them still more pleasant, is also an original invention of my own, as is well known.

Having brought these pills into market, where their virtues might be more extensively appreciated, I did a work of actual benevolence; and where I seek to make an honest livelihood after years of labor, I am, through these pills, improving the health and strength of thousands.

Now these pills are made to sell upon their reputation as a good medicine, and should they not be distinguished from every imitation that is sought to be palmed off on their reputation! As you value your life and health do not touch those pills which are offered simply from being "coated with sugar!" Have not several unprincipled persons put forth a "Sugar Coated" pill as such since Dr. Smith's have become popular! Now, all I ask is the candid attention of the public to the following:

Sworn before me, this 14th day of June, 1844.  
G. BENJ. SMITH, M.D.  
JAMES HARPER,  
Mayor of the City of New York.

The above was sent to Washington with our specification and application for a Patent. The following is the reply.

Patent Office  
Received this 17th day of June, 1844, from Dr. G. Benjamin Smith, the fee of \$30, paid on his application for a Patent for a "Pill Coated with sugar."

H. L. ELLSWORTH,  
Commissioner of Patents.  
THE ABOVE CONFIRMED!!!  
The following certificate is from the first Druggists and others in New-York, which shows I invented "Sugar Coating" in 1843, before which time "Sugar Coating" was never heard of.

G. BENJAMIN SMITH, M.D.  
New York, June 26th, 1844.  
We, the undersigned, never saw or heard of "Sugar Coated Pills," until Dr. G Benjamin Smith manufactured and exhibited them to us about a year since.

Rushton & Co 110 Broadway and 10 Astor House  
Israel Ezerell, M.D. 86 Liberty-street  
Horace Reedell, 86 Hudson-street  
John Castree, 97 Hudson-street. And also to Gen C. W. Sanford, 12 Warren-street, N. Y., and also, hundreds of agents.

G. Benjamin Smith, M.D.—Dear sir: I believe you were the first by about a year, to make and introduce "Sugar Coated Pills," and are following your business with honorable and praiseworthy exertions—Yours  
A. SHERMAN, M.D.  
106, NASSAU-STREET, N. Y.

**Important Fact!**—We, the undersigned, wholesale Druggists in Louisville, Kentucky, are satisfied from the information we can obtain, that Dr. G Benjamin Smith is the original inventor of the Sugar Coated Pills. We are prepared to supply dealers at the New York price.

The danger of being deceived is now apparent; as Dr. Smith's Pills have become very popular throughout the country, imitators have sought to palm off worthless stuff with a "coating of sugar" to cover up a most dangerous compound.

Dr. Crumbecker, of Wheeling, Va., says that a person in that place came near losing his life from the effects of the counterfeit "Sugar Coated" Pills. Also, a gentleman in Louisville, Ky, was seized with violent vomiting after their use.

Get the genuine or get none, and see that G Benjamin Smith is written with a pen on the bottom of each box.

**DR. CHILTON'S EVIDENCE.**  
Some of Dr. Smith's opponents have circulated the report, that the astonishing cures these pills have made, are attributable to mercury; but the first Chemist in New York, after a minute chemical examination, gives the following:

I have analyzed a box of Doctor Smith's Sugar Coated Indian Vegetable Pills, and find that they do not contain mercury in any form.  
James R. Chilton, M.D., Chemist  
New York, July 29, 1845.  
State of New-York,  
City and County of New-York, } ss  
Personally appeared before me Dr G Benjamin Smith, and made oath that the statement of Doct. Chilton above is true, and that these Pills do not contain any injurious substance, but they are entirely composed of vegetable properties; and further, that he is the inventor of "Sugar Coated Pills."  
G BENJAMIN SMITH  
Sworn before me this 13th day of Aug. A D 1845  
W F HAVEMEYER, Mayor.

(From Messrs. Post & Willis, of Rochester, N. Y.)  
Your Improved Indian Vegetable Sugar Coated Pills are very popular here, particularly among the higher classes. Clergymen and others have used them, and think them decidedly preferable to any other pills. We sell more of yours than all others put together.

what has relieved him in such a short time from his difficulty of breathing, Cough and suffocation! He will tell you it was "*Olosonian,* or "*All-Healing Balsam*" Ask the Consumptive what has allayed his Cough, removed the Pain in his Side and Chest, checked his night sweats and placed the rose of health upon his cheek! and he will tell you

Sherman's Olosonian,  
**OR ALL-HEALING BALSAM.**  
Ask your friends if they know of any thing that will so speedily cure a long and tedious Cough, Raising of Blood, Bronchitis, Dyspeptic Consumption, Hoarseness, Influenza, and diseases of the Throat, as the Olosonian! and they will tell you—No. There never yet has been a remedy introduced to public notice which has been productive of so much good in so short a space of time. Read the following

**Astonishing Cures**  
Wm. Bond, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duties through the day without any annoyance from her distressing malady.

Henry Jackson, 13th street, near the Catholic Cemetery, came to the store for the purpose of obtaining a bottle of the Olosonian, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

**Consumption of the Lungs.**  
Mr. Comfort, 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olosonian, and to his surprise it has so far restored him to health that he is now able to walk about the streets.

Mrs. Attree, the wife of Wm. H. Attree, James Harman, Esq. and George W. Hays, Esq. can all bear testimony from their own experience of the healing properties of this Great Remedy in Consumption of the Lungs.

**Spitting Blood.**  
Mrs. Thoubourne, 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Olosonian, and declares it the greatest remedy in the world.

Dennis Kelly, 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it, having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

David Henderson, 60 Light street, George W. Burnett, formerly of Newark, N. J., Henry Lisbon, 199 Rivington street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

**The Army of Names**  
which could be produced of persons who have used this great remedy would more than fill a column. Among the number we are permitted to refer to A. M. Bidinger, 102 Barclay street; Mr. Wilson of Hoboken; Mrs. Bell of Morristown, N. J.; James B. Devoc, 101 Reade street; Mrs. McCaffree, 50 Attorney street; F. Smith, 92 Third avenue; Mrs. Wm. H. Attree of this city, and Mrs. Archibald, 35 White street.
