**DR. LE ROY'S**

**VEGETABLE UNIVERSAL PILLS.**

The only known medicine that at the same time purges, purifies, and strengthens the system.

**DR. LE ROY'S PILLS** are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medicinal men, but never before discovered. In other words they do the work of the two Medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no re-action. Dr. Le Roy's Pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus makes impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of Medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

**A CARD.**

**DR. J. V. MATTISON** respectfully announces to the people of Stroudsburg and vicinity, that he has permanently located at Stroudsburg, for the purpose of practicing medicine, where he hopes by strict attention and great care to merit the patronage of those who may employ him. Dr. M. also takes this method of informing those who are afflicted with diseases of long standing, that he has, for a few years past, devoted much time and attention, and has had ample opportunity, such as only a hospital affords, of investigating diseases of a chronic character, and he flatters himself that those calling upon him laboring under this class of disease will meet with prompt and immediate relief.

He will be found at his room at the Mansion House, ready to consult with those who may favor him with a call at all hours when not absent on professional business.

**SIX YEARS AGO**

the children began to cry for Sherman's Lozenges. The noise was not so loud at that time, but it has kept increasing ever since, and now has become so great that the mouths of the little ones can scarce be stopped. Dr. Sherman sympathizes with the little sufferers, and very much regrets that any of them should be disappointed. Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible

**Worm Lozenges,**

he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same pains and care will be taken, that these celebrated Lozenges be made as they have always been, in order that those who depend upon them may not be disappointed in their hopes. He knew when he commenced the manufacture of the Worm Lozenges, that they would supersede the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects, as well as certain, and the quantity required to effect a perfect cure, is very small. These properties in connection with the fact that they are sold for 25 cents per Box, thus placing them in the reach of the poorest man in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

**Dr. Sherman's Cough Lozenges,**

continue to cure Coughs, Colds, Consumption, Asthma, shortness and difficulty of Breathing, and other diseases of the Lungs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a slight Cold, they have only to step to either the Dr.'s office, or one of his Agents, and obtain a box of his Cough Lozenges, which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his business. So great is the celebrity of the Lozenges, that thousands of persons who have used them, and become acquainted with their effects, will never be without them.

**Sherman's Poor Man's Plaster**

has cured more cases of Rheumatism, Pain in the Back, Side and Chest, Lumbago and Weakness, than any application that has ever been made.—As the celebrity of the Plaster has increased, hundreds of unprincipled rascals have attempted to counterfeit it, and palm it off upon the community as the genuine. Beware of Deception. Remember that the true and genuine Plaster is spread upon reddish paper made expressly for the purpose, and in every case the signature of Dr. Sherman is printed upon the back of the Plaster, and the whole secured by Copy Right. None others are genuine. Therefore when you want a real good Sherman's Poor Man's Plaster, call at the office, 106 Nassau street and you will not be disappointed.

Remember the number, 106 Nassau st., where all Dr. Sherman's Lozenges are sold.

**READ! BE GUARDED!**  
**To the Public.**

In 1843, I commenced the manufacture of what are now extensively known as "Improved Indian Vegetable Pills, Sugar Coated," after expending a great deal in means and experiments. The pills are said to be superior to any others on various accounts. They are, every box, made of superior materials, are extremely pleasant, and always efficacious. The "Sugar Coating," which renders them still more pleasant, is also an original invention of my own, as is well known.

Having brought these pills into market, where their virtues might be more extensively appreciated, I did a work of actual benevolence; and where I seek to make an honest livelihood after years of labor, I am, through these pills, improving the health and strength of thousands.

Now these pills are made to sell upon their reputation as a good medicine, and should they not be distinguished from every imitation that is sought to be palmed off on their reputation! As you value your life and health do not touch those pills which are offered simply from being "coated with sugar!" Have not several unprincipled persons put forth a "Sugar Coated" pill as such since Dr. Smith's have become popular! Now, all I ask is the candid attention of the public to the following:

**UNITED STATES OF AMERICA.**

Oath before the Mayor in 1841.  
 State of New York:  
 City and County of New York, } ss

[ s ] G. BENJAMIN SMITH, within named, being duly sworn, deposes and says, that he is a citizen of the United States, and resides in the city of New York; and that he is the original inventor of "Sugar Coated Pills," and that to his knowledge or belief "Sugar Coated" Pills had never before manufactured or sold by any person before, and that the statements contained in the within are true.

G. BENJ. SMITH, M. D.  
 Sworn before me, this 14th day of June, 1844.  
**JAMES HARPER,**  
 Mayor of the City of New York.

The above was sent to Washington with our specification and application for a Patent. The following is the reply

Patent Office  
 Received this 17th day of June, 1844, from Dr. G. Benjamin Smith, the fee of \$30, paid on his application for a Patent for a 'Pill Coated with sugar'  
**H. L. ELLSWORTH,**  
 Commissioner of Patents.

**THE ABOVE CONFIRMED!!!**  
 The following certificate is from the first Druggists and others in New-York, which shows I invented 'Sugar Coating' in 1843, before which time 'Sugar Coating' was never heard of.  
**G. BENJAMIN SMITH, M. D.**  
 New York, June 26th, 1844

We, the undersigned, never saw or heard of 'Sugar Coated Pills,' until Dr G Benjamin Smith manufactured and exhibited them to us about a year since.

**G Benjamin Smith, M. D.**—Dear sir: I believe you were the first by about a year, to make and introduce 'Sugar Coated Pills,' and are following your business with honorable and praiseworthy exertions  
 Yours  
**A SHERMAN, M. D.**  
 106, Nassau-street, N. Y.

**Important Fact**—We, the undersigned, wholesale Druggists in Louisville, Kentucky, are satisfied from the information we can obtain, that Dr. G Benjamin Smith is the original inventor of the Sugar Coated Pills. We are prepared to supply dealers at the New York price

The danger of being deceived is now apparent; as Dr. Smith's Pills have become very popular throughout the country, imitators have sought to palm off worthless stuff with a 'coating of sugar' to cover up a most dangerous compound.

Dr. Crumbecker, of Wheeling, Va., says that a person in that place came near losing his life from the effects of the counterfeit 'Sugar Coated' Pills. Also, a gentleman in Louisville, Ky, was seized with violent vomiting after their use.

Get the genuine or get none, and see that **G Benjamin Smith** is written with a pen on the bottom of each box  
**DR. CHILTON'S EVIDENCE.**

Some of Dr Smith's opponents have circulated the report, that the astonishing cures these pills have made, are attributable to mercury; but the first Chemist in New York, after a minute chemical examination, gives the following:

I have analyzed a box of Doctor Smith's Sugar Coated Indian Vegetable Pills, and find that they do not contain mercury in any form  
**James R Chilton, M. D., Chemist**  
 New York, July 29, 1845  
 State of New-York,  
 City and County of New-York, } ss

Personally appeared before me Dr G Benjamin Smith, and made oath that the statement of Doct. Chilton above is true and that these Pills do not contain any injurious substance, but they are entirely composed of vegetable properties; and further, that he is the inventor of 'Sugar Coated Pills.'

Read the following

**Astonishing Cures.**

**Wm. Bond,** the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duties through the day without any annoyance from her distressing malady.

**Henry Jackson,** 13th street, near the Catholic Cemetery, came to the store for the purpose of obtaining a bottle of the Odeiferous, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

**Consumption of the Lungs.**

**Mr. Comfort,** 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Odeiferous, and to his surprise it has so far restored him to health that he is now able to walk about the streets.

**Mrs. Attree,** the wife of Wm. H. Attree, James Harman, Esq. and George W. Hays, Esq. can all bear testimony from their own experience of the healing properties of this Great Remedy in Consumption of the Lungs.

**Sitting Blood.**

**Mrs. Thoubourne,** 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Odeiferous, and declares it the greatest remedy in the world.

**Dennis Kelly,** 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it, having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

**David Henderson,** 60 Light street, George W. Burnett, formerly of Newark, N. J., Henry Lisbon, 195 Livingston street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

**The Array of Names**

which could be produced of persons who have used this great remedy would more than fill a column. Among the number we are permitted to refer to A. M. Binger, 102 Barclay street; Mr. Wilson of Hoboken; Mrs. Bell of Morristown, N. J.; James B. Devoe, 101 Reade street; Mrs. M. Caffree, 50 Attorney street; F. Smith, 92 Third avenue; Mrs. Wm. H.
