VEGETABLE UNIVERSAL PILLS. The only known medicine that at the same time purges, purifies, and strengthens the system.

R. LE ROY'S Pills are a new medicine Coffee, Tea, which has just appeared, and is fast taking Loaf Sugar, the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the sys tem. Thus those pills are at the same time tonic | Mouse Traps, and opening; a desideratum long and eagerly Marches, sought for by medicinal men, but never before dis- Pepper, covered. In other words they do the work of the two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no re-action. Dr. Le Roy's Pills have a wonderful irfluence on the blood; they not only purify without weakening it. but they remove all noxious particles from the chyle before it is converted into fluid, and thus makes impure blood an atter impossibility. As there is no debilitation, so there is no nausea or sickness attending the opperations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherunited operations.

READ! BE GUARDED! To the Public.

In 1843, I commenced the manufacture of what are now extensively known as "Improved Indian Vegetable Pills, Sugar Coated," after expending a beautifying the Hair," also of " Fenner's Dengreat deal in means and experiments. The pills trifice for Preserving and Beautifying the Teeth. are said to be superior to any others on various accounts. They are, every box, made of superior materials, are extremely pleasant, and always efficacious. 'The "Sugar Coating," which renders them still more pleasant, is also an original invention of my own, as is well known

Having brought these pills into market; where their virtues might be more extensively appreciated, I did a work of actual benevolence; and where of the people of this place and vicinity.
