

**DYSPEPSIA.**—This distressing complaint is a weakness of the digestive organs, caused by impurity of the blood. The gastric juice, a fluid peculiar to the stomach, when secreted from bad blood, is deficient in those solvent properties which are of such importance to digestion. Consequently the food, instead of being dissolved, often becomes spoiled or putrified in the stomach; hence bad breath, sour belching, costiveness, pains in the stomach, colic, dysentery, and other dreadful complaints.

Wright's Indian Vegetable Pills are a certain cure for Dyspepsia, because they cleanse the stomach and bowels from all bilious humors, and purify the blood. Four or five of said Pills, taken at night on going to bed, will in all cases give relief, and if continued for a short time, will make a perfect cure of Dyspepsia.

**Beware of Sugar Coated Counterfeits.**—Remember, that the original and only genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box.

### CAUTION.

All persons are hereby cautioned against purchasing a Note given by me to Joseph Kemmerer, for *Thirty Dollars*, dated April 10th 1848. This is the reason why I object to paying the note. David Edinger is security for the payment of the same.

### Look at this, no Humbug but Reality. PIANO FORTES FOR SALE.

A copy of the report of the Judges of Musical Instruments at the late exhibition of the Franklin Institute, Philadelphia:

"The Committee have awarded C. Meyer with a premium for the best seven octave Piano... The ground of this decision was the general excellence of the piano, and especially its power, brilliancy, and delicacy of touch. The judges did not give premiums for the best finished instruments, conceiving the best palpable tests of a piano to be its musical capabilities, and not its originality, its mechanical genuity, or that elegance of finish, which effects neither the action nor the tone, and is only designed to please the eye and not to satisfy the ear."

Another copy of the report of the judges of musical instruments at the last exhibition at Boston:—"The committee have selected No. 591 a seven octave piano made by C. Meyer, worthy of special commendation."

No. 591, is a very fine instrument, particularly commendable for its elastic and ready touch, in repeated trials by different hands... The keys never failed of certain repetitions in the shake. The tone throughout was even of great beauty and power from the lowest note to highest, and the damping was perfect in all cases."

The North American of Philadelphia, January 4, 1848, contains the following notice:

"A Compliment to a Philadelphia Piano Manufacturer.—Our Boston neighbors know how as well as we do to appreciate a good thing. The Massachusetts Charitable Mechanical Association, at their last Annual Fair,—that of the autumn of 1847—awarded to CONRAD MEYER, the celebrated Piano Manufacturer of this city, a diploma and silver medal, for the best seven octave piano—a compliment no other piano manufacturer of our city has received."

The subscriber keeps always on hand a supply of C. Meyer's Pianos, which he will dispose of, either for cash or in exchange for second hand instruments, at manufacturers prices. A. ZULICH, Agent for C. M. Easton, March 2, 1848—6m
