A copy of the report of the Judges of Musical Instruments at the late exhibition of the Franklin Institute, Philadelphia:

The Committee have awarded C. Meyer with a premium for the best seven octave Piano .---The ground of this decision was the general excellence of the piano, and especially its power, brilliancy, and delicacy of touch. The judges did not give premiums for the best fintehed instruments, conceiving the best palpable tests of a piano to be its musical capabilities, and not its originality, its mechanical igenuity, or that elegance of finish, which effects neither the action nor the tone, and is only designed to please the eye and not to satisfy the ear.

Another copy of the report of the judges of musical instruments at the last exhibition at Boston:-- The committee have selected No. 591 a seven octave piano made by C. Meyer, worthy of special commendation.

No. 591, is a very fine instrument, particu. larly commendable for its elastic and ready touch, in repeated trials by different hands .---The keys never failed of certain repetitions in the shake. The tone throughout was even of great beauty and power from the lowest note to highest, and the damping was perfect in all Cases.

Astonishing Cures.

Wm. Bond, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great rema edy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cuted by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duffes through the day without any annoyance from her distressing malady.

Henry Jackson, 13th street, near the Catholic Cemetry, came to the store for the purpose of obtaining a bottle of the Olosaonian, having been afflicted with the Asthma for more than 30 years. and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

Consumption of the Lungs.

Mr. Comfort, 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olosaonian, and to his surprise it has so far restored him to health that he is now able to walk about the streets.
