

**A Wonderful Phenomenon.**

A singular phenomenon was brought to light a week ago yesterday, in the township of Greenfield, about eight miles from this city. The facts are very nearly as follows:—The Messrs. Grangers, in boring to find water to supply their steam saw mill, sunk a four inch hole to the depth of 70 feet, when they struck a vein of cavity. As they withdrew the auger from the hole, to their great surprise, it was followed by a violent current of air that threw up stones as large as hen eggs, ten or fifteen feet high. For a few moments, when the hole was first opened, the air was accompanied by a stream of water, which was thrown ten or twelve feet high. The water, however, soon ceased coming, and the air gushed out with such force that the roar could be distinctly heard fifty or sixty rods distant. On touching fire to the air it caught, and the flames flashed twenty feet high, and came near burning the building, covering the machinery in which it is located. They finally succeeded, with considerable difficulty, in stopping it, by forcing down blankets, and driving a spile into the hole, which was their only means of stopping the air or gas, and extinguished the flames. For several moments after the hole was stopped, the earth trembled and shook for some distance around, as though an eruption was about to take place. The people, who, by this time had gathered to the number of about a hundred, were greatly alarmed at these symptoms, and scattered with all possible rapidity, supposing that Millerism was about coming to a focus, or that they were about to be blown up sky high by an earthquake. From the time it was opened till it was thus closed, was about six hours, and the air gushed out all of the time with unabated force.

It has been opened several times since with the same effect. The power and force of the air does not appear to diminish in the least.—The Messrs. Grangers are proposing to secure it with apparatus so as to shut it off and let it out at leisure, and test its real qualities. The people in that vicinity are all confident now, that it can be conveyed here in pipes, and successfully used in lighting the city with gas, from this great natural underground Gasometer. We learn that scientific gentlemen of this city intend visiting it soon.—[Detroit Advertiser.]

**INDIGESTION, WEAK NERVES, LOWNESS OF SPIRITS, &c.**—Wright's Indian Vegetable Pills are a natural, and therefore a certain cure for all kinds of nervous diseases; because they completely cleanse the stomach and bowels of those bilious and corrupt humors which not only paralyze and weaken the digestive organs, but are the cause of weak nerves, low spirits, &c. Wright's Indian Vegetable Pills are also a direct purifier of the blood, and therefore not only impart health and cheerfulness to the mind, but also give new life and vigor to the body.

**Beware of Sugar Coated Counterfeits.**—Remember, that the original and only genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box.

For sale by George H. Miller, who is the only authorized agent for Stroudsburg; see advertisement for other agencies in another column. Office and general depot, 169 Race st. Phil'a.

**WORMS CANNOT EXIST IN THE SYSTEM.** If a liberal use be made of the Clickener Sugar-coated Vegetable Purgative Pills.—They not only destroy the worms, but thoroughly cleanse the stomach and bowels of the mucus or slimy substance which supports them. Their operation is so gentle, that they may be administered to children of the most tender age without producing those injurious effects upon the general health, which have always constituted the most serious objection to Vermifuges. Their metallic base is generally so violent in its operation, that the system seldom recovers from the shock until the patient has arrived at years of maturity or actually outgrown it. We know several at this moment whose constitutional vigor has been so completely paralyzed by the injudicious administration of metallic Vermifuges while young, that they are almost totally unfitted for the transaction of ordinary business. The Clickener Sugar-coated Vegetable Pills, on the contrary, have never been known to leave any injurious effects behind them. They rather serve to invigorate the system, and render it proof against the most inveterate ailments.

For sale at the Republican Office, by T. Schoch, the only authorized agent for Stroudsburg.
