

Resignation of Governor Shunk.
Gov. Shunk resigned his office on Sunday, at 5 o'clock, p. m., in order that a successor may be chosen at the October election. William F. Johnston, the Speaker of the Senate, will act as Governor until the third Tuesday of January next.

To the People of Pennsylvania.
It having pleased Divine Providence to deprive me of the strength necessary to the further discharge of the duties of your Chief Magistrate, and to lay me on a bed of sickness from which I am admonished by my physician of my own increasing debility, I may, in all human probability, never rise. I have resolved upon mature reflection, under a conviction of duty, on this day, to restore to you the trust with which your suffrages have clothed me, in order that you may avail yourselves of the provision of the constitution to choose a successor at the next general election.

I therefore hereby resign the office of Governor of the Commonwealth of Pennsylvania, and direct this my resignation to be filed in the office of the Secretary of the Commonwealth. In taking leave of you under circumstances so solemn, accept my gratitude for the confidence you have reposed in me. My prayer is, that peace, virtue, intelligence and religion may pervade all your borders; that the free institutions you have inherited from your ancestors may remain unimpaired till the latest posterity; that the same kind providence which has already blessed you may conduct you to a still higher state of individual and social happiness, and when the world shall close upon you, as I feel it is soon about to close upon me, that you may enjoy the consolations of the christian faith, and be gathered, without a wanderer lost, into the fold of the great shepherd above.

FRANCIS R. SHUNK.
The undersigned were present at the execution of the above instrument of writing.

Important News from Europe.
ARRIVAL OF THE CALEDONIA--ANOTHER CRISIS IN FRANCE.

The advices by the steamer "Caledonia" are to the 25th of June. The intelligence possesses unusual interest. France was still deeply agitated, and according to a despatch which we copy below, a conflict commenced in Paris on the 23d, between the troops, the National Guards, and the people; and the sacrifice of life was already terrific. We trust, however, that this may prove unfounded. A similar report was promulgated in Boston, New York, and Philadelphia, immediately after the arrival of the last steamer; but fortunately it proved untrue. Certain it is, however, that the masterminds of France have their hands full. Six candidates for the Presidency had already been announced, viz: M. de Lamartine, Thiers, Prince Louis Bonaparte, M. Marrast, Gen. Cavaignac, and M. Causidere, ex-prefect of police. The Orleans party will support M. Thiers, and Berryer has declared in his favor. The legitimists are divided between Thiers and Lamartine.

Louis Napoleon has been elected a Colonel in the fourth Legion of the National Guards. A new pretender is spoken of in the person of the Prince of Leuchtenberg, the son of Prince Eugene, and a relation of the Emperor of Russia.

On the 14th at Berlin, a collision took place with the bugler guard, and five men were wounded. The Arsenal was plundered of 2000 stand of arms. At Prague scenes of a truly fearful character had taken place. During a popular disturbance, some villain fired a rifle at the Princess Windschgratz, who was shot in the head. The victim was the daughter of the celebrated Prince Schwarzenbourg. One of the princess's sons was also mortally wounded. In these exciting circumstances, Prince Windschgratz, with great calmness and dignity, entreated the mob to disperse, but to no effect. They endeavored to hang him up to a lamp by a rope which they procured, when he was rescued by his grenadiers. At five o'clock, the people not having taken down the barricades as he had required, he ordered heavy guns to be brought into play, and he continued firing until 10 o'clock at night. The conflict lasted almost without intermission, during the next day, and by the latest accounts, we hear that Prague was a heap of ruins. In consequence of this bombardment, Prince Windschgratz had retreated from the city with the garrison, and occupied the heights commanding the town. The latest intelligence from Paris is given as follows in the N. Y. Herald:

Liverpool, June 24--1 o'clock, P. M.
I open my letter to inform you, that news has this moment reached us by electric telegraph, that the crisis has really commenced in France. Yesterday (Friday) the troops and the National Guards were fighting desperately with the people. The sacrifice of life is terrific!

It is also reported that the mediation of England will be accepted by Austria as regards the Italian quarrel.

M. Azago has announced to his friends his intention to withdraw speedily from the Executive Government.

In the Provinces, the excitement was tremendous. At Amiens, a determination was announced to march on Paris, while in the South, four departments had organized and drilled 72,000 men for a similar purpose. The object is said to be to "put an end to the tyranny of the capital."

M. Cormenin has resigned the Presidency of the Council of State, in consequence of its incompatibility with his duties as a representative.

A document has been found which has been supposed to have been prepared by the conspirators of the 15th of May, in which M. de Lamartine is referred to in a manner seriously to compromise him; unless satisfactory explanations are given. It is a petition, addressed from some of the clubs to the Executive Commission, in which it is stated that M. Lamartine had promised to create the Ministry of Labour demanded by M. Louis Blanc, and to obtain from the Assembly a vote of 600 millions for agricultural institutions in which socialism should be brought into operation. The document is published in the *Constitutionnel*.

Abd-el Kader has demanded of the Government to be allowed to proceed to Vichy, with his family for the benefit of the baths. Gen. Thomas has resigned the command of the National Guard. Berlin was quiet on the 19th. The accounts of the crops are highly satisfactory.

ANOTHER EFFECTUAL PREVENTIVE FOR HYDROPHOBIA.--In the event of a bite from an animal in a rabid state or otherwise, sponge and wash the part, as soon as possible, with clear water, and then take good leaf tobacco, and make a bandage of it on the place bitten or lacerated. Change the bandage three or four times a day for a week; this will effectually absorb and extract any poison that may have lodged in the part bitten. If leaf tobacco cannot be obtained, take strong manufactured cut tobacco and use it in the same manner. In America, the Indians carry the leaf tobacco with them, and when they are bitten by serpents, or other venomous reptiles, they use the leaf tobacco in the way described, and it is an invariable antidote to hydrophobia and other fatal effects. CLICKENER'S SUGAR-COATED VEGETABLE PILLS.
All diseases have their origin in impurity of blood. However excellent the general health, there is no security against fever, where the blood is impure, as indicated by eruptions of the skin, vertigo, headache, lassitude, &c. The best purifier of the blood is Clickener's Sugar-coated Pill, which is so skillfully compounded, that it does not cause griping, the great objection to all pills. The envelop of sugar prevents all nausea, so that, save from the powerful, yet easy operation, the patient would hardly be aware that he had taken any medicine at all. So well convinced is Dr. Clickener of the efficacy of his pills in all specified cases, that he is pledged to return the money, when the promised effect is not produced. For sale at the Republican Office, by T. Schock, the only authorized agent for Stroudsburg.

BOWEL COMPLAINTS occur more frequently during the summer months than at any other period, because at this season the system being debilitated, digestion is not sufficiently active to dispose of the food before it becomes putrid; hence a peculiar acid is generated in the stomach, which is the cause of those horrid diseases called dysentery, cholera morbus, inflammation of the bowels, &c. Wright's Indian Vegetable Pills are a natural remedy, and therefore a certain cure for bowel complaints; because they cleanse the stomach and bowels from those putrid humors which are the cause of the above distressing complaints. Consequently, as they remove the cause of every form of disease, it is impossible for them to fail in making a perfect cure.

Beware of Sugar Coated Counterfeits.--Remember, that the original and only genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box. For sale by George H. Miller, who is the only authorized agent for Stroudsburg; see advertisement for other agencies in another column. Office and general depot, 169 Race st. Phil'a.
